LAKEVIEW, OREGON, DEC. 14, 1905.

An appropriation of \$11,000,000 was voted Dec. 7th toward the construction of the Panama Canal. The amount was a compromise between the \$16,500,000 carried in the bill under consideration and an estimate of something over \$6,000,000 recommended by Williams, the Democratic leader, to carry on the work until the middle of January. Hepburn, in charge of the bill, suggested that something over \$11,000,000 would carry on the work until March. There was no intention manifest to delay the work, the only argument for cutting down the original estimate being that closer scrutiny might be had of the estimate.

Secretary Hitchcock is now willing to make a total allotment of \$2,000,000 for irrigation works in Eastern Washington, leaving the Washington delegation to say how much of this money shall go to the Tieton and how much to the Sunnyside project. The delegation, however, is not content to accept this amount and wants the \$2,250,000 recommended by the Reclamation Service which will include the \$500,000 heretofore allotted for the Okanogan project, an even \$1,000,000 for the Tieton and \$750,000 to begin the Sunnyside.

Dispatches a few days ago gave out the information that 8,000 Russians were killed in a pitched battle between the natives of different belief. A new strike was announced, General Sakharoff was shot down in his own house by a woman, where he went to make peace with the people, Count Witte was about to lose his power and two or three riots. Otherwise all was quiet in Russia.

There are three surveying parties between Ontario and Burns selecting a feasible route for some railroad, or railroads. One party is composed of 19 men, one of 17 and the number in the other party is not known by our informant. It is believed by some that the route to be selected will pass through Burns and from there swing south to Lakeview, where it will meet the N.C.O. on its way north from Reno.

In the old days people made money by saving it. Nowadays people make money by spending it. Note, for instance, the large amounts spent for advertising each year, and prosperity of those who spend it. It must pay or people would not keep on doing it. The only question is how to obtain the best results for the money spent.

Two persons were killed and 19 injured, 11 of them railroad employees and eight passengers, by a head-on collision on the Union Pacific Railroad, between a freight train and overland limited passenger train No. 2, eastbound, five miles west of Rock Springs, Wyo., last Wednesday morning.

Watercress, a brown stallion, 16 years old, by Springfield Warble, bred by Lord Falmouth, in England, was sold by auction last Wednesday in New York for \$71,000 to J. H. Haggin, who already owns a horse interest in the horse through the Haggin-Tevis partnership in the famous Rancho del Paso stud.

Harrington the city marshal of Prineville, assaulted a man by the name of Crain, his brother-in-law, it is said without other provocation than the fact that Crain was the star witness in the Williamson-Gesner-Biggs prosecution, and Harrington a friend of the indicted men.

Judge T. G. Halley took the oath of office as supreme judge at Salem on the 5th, by Justice R. S. Bean,

and took the supreme bench at noon, succeeding Justice Wolverton.

Officials of the Harriman system of railroads have announced the location of the system to build a road through Central Oregon, tapping Lakeview, Klamath Falls and Bend.

Judge Charles F. Wolverton was sworn into office on the 5th by U. S. Circuit Judge W. B. Gilbert, and took the bench in the District court at once.

**Chases vs. Chasers.**

The phraseologies of a print shop are "Jargon" to some people, especially some saloon men. The instance we have in mind occurred first of this week. "Cope" West editor of the Silver Lake Oregonian phoned to the editor of The Examiner to borrow a pair of six-column chases that belonged to the Paisley Post, now idle. Of course a brother in distress always finds the hand of a brother printer extended and the favor was granted. Some one at Paisley must be prevailed upon to hunt up the chases and send them to Mr. West. He suggested Geo. Cooley, one of the proprietors of the Pioneer saloon of Paisley, whom all know to be a ready and willing assistant in time of need. Well, we wrote to Mr. Cooley to "send Mr. West the 6-col. chases." Mr. Cooley being a man to whom print-shop terms are foreign, did not remain in ignorance very long. He solved the puzzle at once and packed up six "chasers" on ice and sent them to Mr. West, a man who invariably takes his whiskey straight.

**McKinney-Gowan.**

A quiet wedding took place in this city, at the home of the bride's parents, Receiver and Mrs. A. W. Gowan, the Rev. A. B. Minaker performed the marriage service on Wednesday, November 29. The bride was attired in white organdy crowned with the much admired bridal veil and orange blossoms. She also carried a shower bouquet of white carnations and fern—a gift to the groom from a resident friend of Portland. Both are highly esteemed young people and have numerous friends who wish them well in their new found happiness. Mr. McKinney has served the people of Harney County as deputy county clerk one term, and is now identified with the large furniture firm of Burns, known as G. W. Cleveland & Co. The happy young couple will reside this winter with the groom's parents, Mr. and Mrs. G. P. McKinney.—Burns News.

"For seven years," writes Geo. W. Hoffman, of Harper, Wash., "I had a bitter battle, with chronic stomach and liver trouble, but at last I won, and cured my diseases, by the use of Electric Bitters. I unhesitatingly recommend them to all, and don't intend in the future to be without them in the house. They are certainly a wonderful medicine, to have cured such a bad case as mine."
