Mitchell Bros. passed through town last week with about 500 head of fine beef cattle bound for Gazelle.
Louis Gerber received over 200 head of beef Monday from Mrs. Henley, E. W. Smith, Frank Adams and Ed Terwilliger.
Fred Stukel will start a lot of beef cattle tomorrow for Gazelle for Mr. Swanson.
Mr. Horace Dunlap, Ex Sheriff of Lakeview arrived at the Miller ranch a few days ago. Mr. Dunlap reports that Phillip Lynch one of Lake county's largest wool growers had come in from the desert north of Warner valley and said that the snow was over two feet deep and crusted and that sheep were dying by the thousands.
The editor will get in communication with Lakeview and will give in the next issue the facts in this deplorable condition.—Merrill Record.

(On the qt., Bro. Barnes, you will have to look out for Horace Dunlap. He's a regular "Foxy Grandpa," when it comes to "filling the editor." No doubt Horace is laughing yet over the fill he gave you.
The true conditions on the desert were published last week in The Examiner, obtained by an interview with Dan Malloy, who had just returned from the desert. Mr. Malloy says the loss on the desert will be from 10 to 20 per cent, which any sheep man will acknowledge is only a little over average. If Mr. Dunlap saw Phil Lynch while in Lakeview he did it through a telescope from here to the desert. After this when you are interviewing Mr. Dunlap, look him straight in the face, and if his left eye twitches a little and you notice a little green spot in it, look out for him; he is going to have some fun with you.

Plush News.
Plush, Oregon.
EDITOR EXAMINER:—As I have been silent for several days I will drop you a few lines.
We have been snow-bound for a long time. When we get out I will let you know. There is no snow in this section of Warner at present; very little mud and stock are doing nicely.
The T. T. Co. put up about 300 cows and calves this week to feed.
The J. J. people are feeding a large bunch at Deep Creek. J. N. Givan is feeding his cattle in North Warner this winter.
Well, Mr. Editor. In my last letter I told you about Joe Jones selling out to Jeff Parrish, but Joe could not stay out of the business so he bought in again. Joe told me he wanted his name kept out of the paper, but how could we overlook mentioning Joe occasionally. The leading man in Plush society, leading man at all dances on a very pleasant gentleman at all times.

A pleasant dance took place in Plush last Friday night; a large crowd attended and every one reported having had a good time.
Ed. Pratt, formerly a ZX buccaroo has accepted a position on the T. T. ranch. Ed. attended the dance Friday night. He tripped the "light fantastic" in very graceful manner, until the floor flew up and bumped his anatomy. Who knows whether it was an accident, or whether he visited The Elephant before going to the ball?
By the looks of your last paper the political pot has begun to boil. You are right Bro. Metzker; they ought to show their colors in the columns of the home paper, when they step out for the people's votes. If any one in Warner puts themselves up for office, they will have to put their cards in the "Plush Screamer," or be disqualified. We have our new Simplex type-setter installed, and ready for business. You and Bro. Sloss are not the only hair-crippers that ever went into golden locks. See?
Messrs. Wyatt & Short, who have been conducting the saloon in Plush have dissolved partnership. Mr. Short retiring. A Mr. H. L. Marchbanks has purchased Mr. Short's interest. Mr. Marchbanks is a bright, energetic and industrious gentleman, just coming to the front to try his fortune as a business man in this great world. Good luck to you Patsy. He was formerly Chief Buccaroo and Bronchobuster on the T. T. ranch.
Mr. John R. Roberts, an old soldier who fought in the English Navy with Batling Nelson at Transfigar, and at Waterloo and also with John Paul Jones and finally winding up in the Civil War at Plush, has got the tonsillitis in both feet, but is able to get around.
The last letter from "McCarthy Come Down" looks as though he was having a hard time with his big barn. It was very indiscreet in you, Mc., to disturb the religious meeting. Why didn't you call on Plush for help?
The geese and ducks are coming in

in large flocks. We will have to get up steam on the Betty Berry and throw the counterfeit coins over board from the Dutch Miller and go cruising after geese.
I had a brief interview with Dan Malloy a few days ago. He tells of an Irishman who bought into the sheep business last October, and took his flock to the desert for winter. The snow fell about 2 feet deep, and the Irishman seen that he was going to lose his savings so he ascended to the top of a snow drift and preached the "Sermon on the Mount" in a fluent manner. The next day he went out of business by selling out to Phil Lynch at cost.
Everybody is making preparations for a big dance the 14th, inst. Jeff Parrish and Jake Kueckles each sent for a package of shoe blacking to Montgomery Ward & Co., for the occasion, and are looking daily for the arrival of the packages.
Two young men who are working for the T. T. company say Harry Roberts is awfully slow in sending the cattle to the desert; some attraction out that way, I guess.
"You owe four bits" I do not," "You vas von liar." "Begorra, don't call me that again you?"; "—"; "Germany and Ireland came to blows. Germany throws her whole fleet of wooden shoes against Ireland's Crown. Ireland comes back with a full fleet of shalalabs. August Bogner follows Roosevelt's policy and makes peace between the two combatants.—Good friends.
We see Bro. Sloss is writing up a history of Modoc county, which should be appreciated by the readers of the New Era. He ought to tell them about the time when he was a boy, and in swimming and punching the hornet's nest with a stick and ran for the water.
We get our mail regular, if the snow is deep. Some of it is a little stale, but it digests just the same.
Last night at 12 o'clock, M., my bed-fellow Bob Farmer aroused me from my peaceful slumbers and had the gall to ask me if a fellow could get a license without going to town after it. But Bob is not the only one in North Warner that has the matrimonial fever. Take the fellow with the long nasal that drives the mule team and hauls hay for the T. T. for instance. Gosh, I wish I were a preacher or Justice of the Peace, how I would accumulate the small change.
Jim Handley came up from South Warner to attend the dance last Friday night. Jim stepped around and looked like a French dancing master. A young lady asked how old Jim was, and he told her he was 24 and a half. Just what I thought, she said.
Jim McKee is feeding his stock in the swamp this winter.
Clay Rambo has a man hauling hay from the swamp to feed.
Maje Fine is feeding a few head of cattle and going to dances and building telephone line.
John Morris, the enterprising merchant of Plush, is waiting on customers and playing with his new boy odd spells.
Joe Fine bought 40 head of cattle in Surprise valley last month, but he did not learn the price paid.
Too much praise cannot be given the promoters of the Dent Telephone line. Everyone should patronize the line and help keep it in order.
Mr. W. E. Scammon started last Saturday morning for Minnesota on a three months' visit to his brother, E. G. Scammon, formerly recorder of Modoc County.

PLUSH SCREAMER.
Over-Burdened Women.
Many a man sees his wife bend and tug at burdens that strain the back and the heart alike, without any idea of the outrage. Children follow in too quick succession to allow the mother time to recuperate. The womanly organs become displaced, there are debilitating, disagreeable drains, with the added pain of inflamed or ulcerated parts. In this condition the woman bravely tries to carry her household load, afraid to take the rest she needs lest a meal will be late. No wonder she is pale, weak, wretched, surly of temper and snappish of tongue. She would be false to nature if she were anything else. No persons need help so much as the class of whom this woman is the type. And for such women no help is so sure, so wonderful, as that given by Dr. Pierce's Favorite Prescription. It restores all the womanly organs to perfect health. It establishes regularity in their functions. It restores the strained and shattered nervous system. It clears up the complexion, rounds out the form and makes life a daily happiness. "Favorite Prescription" contains no alcohol or whisky. It is the best medicine for women. Nothing can be "just as good" as the best. Tell the dealer so if he offers a substitute.
"I wrote to you in 1902, about my case," writes Mrs. Ella W. Robinson, of Nuttree, Va. "I was then in a bad condition, and your reply was that I probably inherited the trouble from my mother, and you prescribed Dr. Pierce's Favorite Prescription. About that time I had an attack of fever and was sick for quite a while, so failed to get your Prescription. In December following I was married and then my husband brought me two bottles of Dr. Pierce's Favorite Prescription. Before I began to take it I had bearing-down pains at monthly periods, also dizzy spells. After I had taken one bottle I felt better and had no more pains. After taking the second bottle I felt better than ever in my life, and in September gave birth to a twelve-pound baby girl. I am very thankful for your good medicine, and shall recommend it to all who are afflicted. We think it the best medicine in the world."
Not only the Original but the best Little Liver Pills, first put up over 40 years ago, by old Dr. E. V. Pierce, have been much imitated but never equaled, as thousands attest. They're purely vegetable, being made up from a great number of medicinal principles, extracted from the roots of American plants. Do not gripe. One or two for stomach corrective, three or four for cathartic.

Bristol May go Out.
The appointment of W. C. Bristol as United States District Attorney for Oregon has caused no little comment. The following from the Oregonian's Washington correspondent dated Feb. 6, appears conclusive.
President Roosevelt today withdrew from the Senate the nomination of W. C. Bristol as United States Attorney for Oregon, and then forwarded to Mr. Bristol a copy of his letter to the Coos Bay Land & Improvement Company, together with that company's letter testifying to the authenticity of the original.
Mr. Bristol will be expected to make a prompt explanation of this transaction, showing what excuse, if any, there was for attempting to derive fees from both parties to a contract when he was employed as attorney for one party.
If Mr. Bristol fails to make a satisfactory explanation, the president will probably call for his resignation and ask Senator Fulton to recommend some one to take his place. If, however, Mr. Bristol has some valid excuse for writing this letter, an excuse which he can back with evidence, it is barely possible his name may be sent back to the Senate.

Contest Notice.
United States Land Office, Lakeview, Oregon, February 6, 1906.
A sufficient contest affidavit having been filed in this office by John H. Noble, contestant against homestead entry No. 2294, made January 6, 1900, for Lot 1, Sec. 34, Lots 9, 10 12 and 13 and NW 1/4 NE 1/4, Section 33, Township 40 S., Range 13 E., WM., by Otto Anderson, Contestee, in which it is alleged that said Otto Anderson wholly abandoned said tract of land more than four years prior hereto and thence hitherto has continuously abandoned and remained away therefrom, and that said alleged absence from the said land was not due to his employment in the Army, Navy, or Marine Corps of the United States as a private soldier, office seaman, or marine, during the war with Spain, or during any other war in which the United States may be engaged. Said parties are hereby notified to appear, respond and offer evidence touching said allegation at 10 o'clock a. m. on March 21, 1906, before the Register and Receiver at the United States Land Office in Lakeview, Oregon. The said contestant having, in a proper affidavit, filed February 5, 1906, set forth facts which show that after due diligence personal service of this notice cannot be made, it is hereby ordered and directed that such notice be given by due and proper publication.

Too Old to Learn.
Two farmers and fruit raisers were discussing the weather proposition on the street one day this week and one of them expressed the belief that even if fruit did bud early and was damaged later by frost the fruit grower would be saved the necessity of thinning in order to have good-sized fruit. "That may be all right," said the other, "but the frost takes too much off in bunches. I'd rather do it myself, at more expense and labor. Of course Jack Frost has been in the fruit thinning business a great deal longer than I have, but he doesn't use good judgment and doesn't ever seem to learn anything."—Medford Mail.
