### Some of the reasons why Charles A. Johns should be Nominated.

He is a native born citizen of the United States; forty-eight years old; in the prime of life and a type of the younger and progressive element in the republican party. Is a pioneer of Oregon. Has resided twenty-nine years in the Willamette Valley and eighteen years in Baker City. Graduated from the Willamette University with an A. B. degree in 1878; admitted to the bar in 1881. Has always taken an active interest in public affairs. Was elected mayor of Baker City in 1891, re-elected in 1892, and again in November 1904 by the largest majority any candidate ever received for that office. In June 1905 was elected school director for the fourth consecutive term and received every vote cast. Has always taken an active, personal interest in educational affairs.

Excluding saloons, he has the support and endorsement, without regard to party, of practically every business interest in Baker county. Is qualified by nature, learning and experience to fill that position. Has never been a factional man; is not a factional candidate and would not be a factional Governor. Has always been a republican and a loyal supporter of its ticket and principles. His nomination would harmonize and unite the party and insure the election of a republican Governor. He is the choice of Eastern Oregon, which, in the congressional election of 1904, cast nearly seven thousand more votes than Multnomah county. Baker county is one of the largest in Eastern Oregon, and in its whole history has never received any political recognition by the republican party, either state or federal, by election or appointment.

Charles A. Johns has been a man of affairs in the history of the state and of Eastern Oregon in particular; his integrity has never been questioned; has a clean record and the support and confidence of the people. He is recognized as one of the leading lawyers of the state, and as a campaigner has no superiors and but few equals in the state of Oregon. No man ever had a stronger home endorsement.

The Columbia Woolen Mills Company of Portland whose advertisement appears in this paper, was organized in October, 1905. Grant Phegley President and General manager of the Company, was formerly engaged in the merchant tailoring business in Portland for ten years. The Columbia Woolen Mills Co. is in close contract relations with the largest woolen mills in the world, and is an outgrowth of Mr. Phegley's experience with the Eastern Mills. Every bit of cloth cut at the Columbia Woolen Mills comes directly from the loom. This insures the purchaser new vigorous cloth, the latest style and a saving of from 20 per cent. to 35 per cent. in cost. ### WANTED:—District Managers to post signs, advertise and distribute samples. Salary \$18.00 weekly, \$3.00 per day, for expenses. State age and present employment. IDEAL SHEAR CO., 39 Randolph St., Chicago. —Jan. 25 4 m.

It would seem that a campaign for the nomination of Republicans, waged among Republicans, by Republican candidates, should at least be free to as full an extent as possible from those little ways of the pettifogger, of the demagogue, and the cheap politician. One of the candidates for nomination for the office of state printer, however, publishes a circular letter which is both unjust and untrue, at least in its inference, and which carries with it a reflection on the past administration of that office which is unworthy of any man who asks the suffrage of the people and expects their charitable consideration, and should have it, when his term of office might come to expire.

He says in this letter that the state printing office "is the means of extracting large sums of money from the treasury for which the people of Oregon get an equivalent benefit" and further says that he pledges himself to a great reduction in the enormous cost of the office if elected as state printer. The gentleman making this campaign has had political experience in the past, and has served years at the capital building in a position of more or less trust and honor. He knows, therefore, that the state printer performs simply the work demanded of

him by the various officials of the state, and that he does no work that has not for its warrant authority of law. He knows also that the emoluments of the office came through properly audited channels, and that the amount that he shall receive for his pay is reported to the auditing officers by an expert printer appointed by the chief executive, who measures every line of work done by the state printer. The law fixes the amount of possible charge; it provides how much the printer shall receive for his work. A state printer could ask no more than the law allows and certainly the people do not expect him to endeavor to collect less than the law allows for his services.

The man who has made himself a candidate knows very well that he could in no wise reduce the expenses of that office unless he did it through refusing to accept his own just pay or through doing cheap, and, therefore, unsatisfactory work for the state. The printer does not fix the amount of printing. He does not provide what blanks or books shall be used by the various state officers and state boards. The intimation in this man's circular letter that he can reduce the expenses of this office he well knows is based on no sound foundation. The people are too wise to be misled by any such promise.—Salem Statesman.

### Doctors Are Puzzled.

The remarkable recovery of Kenneth McIver, of Vanceboro, Me., is the subject of much interest to the medical fraternity and a wide circle of friends. He says of his case: "Owing to a severe inflammation of the Throat and congestion of the Lungs, three doctors gave me up to die, when, as a last resort, I was induced to try Dr. King's New Discovery and I am happy to say, it saved my life". Cures the worst Coughs and Colds, Bronchitis, Tonsillitis, Weak Lungs, Hoarseness and La Grippe. Guaranteed at Lee Beall's drug store. 50c and \$1.00. Trial bottle free.

The Republican primary election in April should be conducted along clean friendly lines. The candidate who resorts to mud throwing will not profit by such a course.
