LAKEVIEW, OREGON, APR. 12, 1906.

Easter Sunday.

The mills in the federal court at Portland are grinding again, and a grist of indictments are already in the hands of sheriffs. Two stockmen have already been arrested on charges of illegal fencing of government land. Another grist of timber land frauds are said to be in the federal hopper which will involve several southwestern Oregon men. Senator Mitchell, alleged by "Grinder" Heney to be one of the "big game," was the only real sufferer of Heney's grist, he having left the real culprits to run at large while he sent Senator Mitchell to his grave.

Anna Shaw, representing "the woman of the United States," says candidates will care for the babies while the women cast their ballots. Candidates may fondle and kiss the babies in the presence of voters but not many mothers would care to leave them in charge of their cradles while they went 10 or 20 miles to vote. There would be fewer candidates than babies if such penalties were imposed, too. Think, you candidates, how would you like it? And the poor babies.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a tea-spoonful. It acts directly on the blood and mucous surfaces of the system. They offer One Hundred Dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. JONATHAN BOURNE, JR.

Republican Candidate for United States Senator. Champion of Statement One.

Jonathan Bourne, Jr. candidate before the Republican primaries for the nomination of United States Senator in Congress, for the long term commencing March 4, 1907, was born in New Bedford, Mass., February 23 1855; was a member of the class of 1877 at Harvard University; came to Portland May 16, 1878, was a Republican member of the Oregon Legislature in the session of 1885 and the extra session of 1886; was one of Oregon's delegates to the Republican National Convention of 1888, and Oregon's member of the Republican National Committee from 1888 to 1892 and a delegate to the Republican National Convention of 1892, and was elected as a Mitchell Republican to the Oregon Legislature in 1896.

Mr. Bourne has been more prominently identified with the development of the mineral resources of Oregon than any other man in the state, having expended in the last 20 years over \$1,000,000 of his own money in the acquisition and development of Oregon mines.

While Mr. Bourne has had his residence and main office at Portland since 1878, he has had another office at New Bedford, Mass., and has carried on the business of his father's estate since 1889, which makes him familiar with many of the large interests and leading men in the East. These qualifications, in conjunction with his tremendous energy, originality, executive ability and experience in business and political affairs pre-eminently qualify him for making an able and influential Senator for the State of Oregon.

Mr. Bourne has always favored extending the direct power of the people over their government as far as possible. He was one of the leading spirits in the Initiative and Referendum movement from 1896 until it was approved by the voters at the June election in 1902. In 1904 he was a member of the executive committee of the Direct Primary Nominations League, and holds the same position with the People's Power League at this time. In all these movements he has been one of the few to guarantee the necessary expense of preparing and proposing their measures to the people.

He says that the choice of United States Senator should be by direct vote of the people, and that the Legislature should be compelled to elect the man the people select. To accomplish this result, he is championing Statement No. 1 of the primary elections law as the only method by which public opinion may be crystallized and made effective upon the Legislature.

In his petition for nomination he says:

"If I am nominated and elected I will, during my term of office, favor:

Republican Politics.
Amending National Constitution for People's election of United States Senators.
Publicity Political Campaign Expenses.
National Control of corporations in Interstate commerce.
Rigid Exclusion of Asiatic Coolie Labor; Good Wages Make Good Citizens.
Legal limitation labor hours for safety on railroads.
Parcels Post, including rural delivery.
Pure Food laws. Liberal appropriations for Panama Canal, Coast Defenses, River and Harbor improvements, including Columbia and Willamette rivers, Coos, Yaquina and other Oregon harbors, Celilo canal, Government canal at Oregon City. Fair share of Irrigation fund for Oregon. Loyal support of successful candidates. Rigid enforcement Statement One. Roosevelt for second elective term.

I desire that the following statement be printed after my name on the nominating ballot:

"I WILL SUPPORT PRESIDENT ROOSEVELT'S DETERMINATION THAT JUSTICE BE DONE ALL MEN."

NO TWO MEN ARE ALIKE

There may be a hundred men in this city who have arms the same length as yours—but there is not one other man in the whole county who is the same as yourself in all other proportions.

It is simply an impossibility to get a perfect fitting suit by buying ready-to-wear clothes.

We will make a suit to your measure for \$20.

You pay that much, or nearly that much for every hand-me-down suit you buy. Custom-made clothes—suits—are turned out by the thousands. They are cut and sewed by machinery.

That is why you have bought suits heretofore that did not fit you—suits that were not made for you.

We will make a suit to your measure—for your exclusive wear—that will fit you because it was built for you, and no one else—for \$20.

We guarantee the cloth to be an all-wool cheviot—the cloth is new and vigorous—just off the loom—latest patterns—hand-picked—every seam hand-sewed with silk—lined with imported Venetian cloth.

The background of the pattern is a deep gray, with an almost imperceptible overline or check. The color of this fabric does not show dirt easily, does not wrinkle and has taken the dye so well that the garment looks like new until it is all worn out. The wool used in weaving this garment was selected with unusual care. There is no short wool in the fabric and no shoddy. The cloth has so fine a weave that it presents a fairly hard surface, and at the same time is soft and pliable. It will not scuff up or get shabby. This cloth cannot be bought from the mill for less than \$3.20 a yard, no matter if you bought five thousand yards. We are the Pacific Coast representatives of a syndicate of the largest woolen mills in the world. That enables us to make this unprecedented offer of a suit to your measure for \$20. Send for a sample—pull it to pieces—see how long and even the wool strands are—note how well the dye has set.

Fill out this coupon and mail to us and we will send you a sample of the cloth. We guarantee that the sample is actually cut from the very bolt of cloth from which we make the suit. When you visit Portland, come in and verify this or any assertion we make. If you wish, ask some Portland friend to tell you about the reputation and standing of the Columbia Woolen Mills Co. It is the simplest thing in the world to have some friend take your measure. We will send you a tape measure free, and instructions how to take a measure for a suit of clothes. Be sure and send for this sample. If you get a suit from this offer, you will be wearing a garment the pattern of which local dealers cannot possibly get in stock before another year. The pattern of our \$20 suit will be sold next year as the latest (by other tailors).
