LAKEVIEW, OREGON, MAY 3, 1906.

Several counties in California are adopting the Crawford plan of nominating officers for the coming campaign. Modoc, our neighbor on the south, is considering the move seriously. The Crawford plan is similar, if not identical to the method used in Oregon this year for nominating officers. The plan seems to have given pretty satisfactory results in Oregon, and it is believed that when voters become thoroughly accustomed to it, the new law will practically eliminate cause for complaint on the part of voters, who believed they were deprived of a voice in the nominating of officers under the old convention system. There is no doubt that shrewd politicians will eventually get next to the workings of the law and attempt to work schemes whereby their interests will be furthered, but there seems to be no way yet devised to defeat the purpose of politicians unless the voters, who are the prey of politicians, stay out of their clutches.

Oregon has another outlaw whose thirst for blood and cunningness to elude the officers is equal to Harry Tracy, the escaped convict from the penitentiary a few years ago. One Frank Smith who was arrested in Portland a few days ago made his escape from the police station through an air shaft to the roof of the building and crossed the street hand over hand on an electric light wire to a fire escape at a third-story window of the opposite building, and made good his getaway. He went to Oregon City, where he killed a policeman, and with several possees of sheriffs and deputies on his track ever since has kept his liberty. Last reports he had added two more victims to his record, a sheriff and a deputy was shot down by the desperado and both are likely to die. Smith was believed to be completely surrounded near Woodburn and his escape impossible.

The Sacramento Bee published a wind-jammer sent from Cedarville, stating that the enormous boom now on at Bidwell necessitated extraordinary efforts on the part of the farmers of Surprise valley to supply the demand for edibles from the farm, and that the farmers in the vicinity of Lake City would undertake to adequately cope with the situation. Wm. Kinsey would put a steamboat on the upper lake, plying between Bidwell and Lake City for the purpose of transporting the product of the gardens of the latter place to the Bidwell miners in sufficient quantities making landings at various points along the lake to take on produce. We presume at times in the spring of the year the water gets to be as much as a foot deep in the upper lake.

Parties who filed on timber claims under E. Dorgan & Co., a company of timber cruisers operating in Northern Lake, Klamath and Crook counties a few years ago, may have reasons to feel a little uneasy just now, as one of the firm, John J. Collins, has been drawn into the land frauds cases as a witness and for refusing to produce the books of Dorgan, Collins & Devine, of Albany, faces a term in jail for contempt of court.

The news that grafters are profiting by the immense donations sent to the San Francisco sufferers will have a tendency to check the stream of money and supplies that is pouring into the stricken city from all parts of the United States. One man has been arrested already for carting away supplies and storing them away in large quantities, and it is feared that grafters will begin to operate on the cash donations. All precautions are being taken, however, to prevent it.

Dora Jennings, who was tried twice for the murder of her father near Grants Pass about a year ago, was acquitted last Saturday. Her mother, sister and other friends were shaking hands with Dora and sobbing with joy when one of the jurors rushed in, threw his arms around the freed girl and gave her a rousing kiss that was heard all over the court room. Now this is material for a romance; watch the results.

While all the papers in Eastern Oregon are pouring the hot air into their readers about the great rush of people to their particular section of country, Lake county is getting its share of the immigration and saying less than any county in the state. Let the good work go on, Lake county will be in the front row when the roll is called.

The Bonanza Bulletin places the loss of property in San Francisco at three billion dollars. That is what one might call high finance.

The Examiner wishes to announce that on and after this date, timber land notices published will be charged for at the following rate, which is uniform with the prices charged by all other newspapers in this and adjoining land districts: For Sworn Statements (that is, timber land notices,) single notice, \$15; where consolidated, \$10 for each additional notice.

Since the Bonanza Bulletin was started two weeks ago the Bonanza undertaker has had shipped in what the Bulletin says is the largest and best assortment of caskets in Southern Oregon.

#### For Benefit of Sufferers.

A subscription paper was circulated among the people last Saturday afternoon and \$453.00 was made up to send to the sufferers from the recent earthquake in California E. E. Rinehart and J. D. Venator circulated the petition and found ready response. The money was forwarded to Governor Pardee, of California to be used at his discretion. Lakeview is to far from a shipping point for it to be possible to send supplies of any kind, but each one seen was willing to donate cash.

Following is a list of those who gave cash, and the amount given:

W. H. Shirk, \$30; S. O. Cressler, \$20; Dick J. Wilcox, \$20; Eph Miller, \$10; C. E. Sherlock, \$20; A. Bieber, \$25; E. E. Rinehart, \$20; Geo. H. Ayres, \$10; Ahlstrom Bros, \$20; L. F. #### Central Committee Meet.

The county central committee met in Lakeview last week and elected F. P. Light state central committeeman. Mr. Light not being able to attend the meeting of state committeemen in Portland sent his proxy to F. W. Waters of Salem.

G. A. Westgate, owner of the Albany Herald, was elected chairman on Saturday.

The Bonanza Bulletin, Vol. 1, No. 1, is on our desk. The new paper is published at Bonanza by J. P. Salcido. It is a bright, new sheet and its editor is qualified for the work he has undertaken.

### Modoc News.

(From the New Era.)

Last Saturday Ralph Day, foreman of the XL ranch, underwent a painful operation, a portion of the bone being removed from the jaw. For some time past he has been suffering from blood poisoning of the mouth, being caused by an ulcerated tooth, and finally the disease attacked the bone, so that it had to be removed.

R. L. Sloss returned home last Sunday from an extended visit to San Francisco, Stockton and other cities in that part of the State. He says that old Modoc is good enough for him, and he is glad to get back home.

District Attorney E. C. Bonner and S. T. Ballard left here last week for a trip to the west side of Goose Lake, where they will cruise among the timber for awhile.

J. B. McCoolough, stock buyer from Reno, was in Modoc last week, arranging for the purchase of mutton from various sheepmen of this county.

Geo. P. Armstrong has begun preparations to rebuild on his lot on Main street, where the barn and saloon buildings were destroyed by fire. Mr. Armstrong is planning to put in a large concrete building.

Dan Elliot has purchased an outfit for the manufacture of soda water, and will have the machinery in running order soon.

A. P. Cross, the mail contractor, while in Alturas a few days ago, purchased the corner lot next to the Alturas Hotel, on Main street, and states that in the near future he will erect a stage barn there. He has secured contracts for the Madeline-Lakeview route, and also the one from this place to Cedarville, and will take charge on July 1st.

A. H. Taylor, Receiver of the Land Office at Susanville, received the sad news of the death of his sister, Mrs. Alice Perkins, last week. Mrs. Perkins was well known in this county, and has many friends here who will regret to learn of her death.

Rolled Barley in any quantity at *Biebers*

#### Human Blood Marks.

A tale of horror was told by marks of human blood in the home of J. W. Williams, a well known merchant of Buc. Ky. He writes: "Twenty years ago I had severe hemorrhages of the lungs, and was near death when I began taking Dr. King's New Discovery. It completely cured me and I have remained well ever since." It cures Hemorrhages, Chronic Coughs, Settled Colds and Bronchitis, and is the only known cure for Weak Lungs. Every bottle guaranteed by Lee Beall Druggist. 50c and \$1.00. Trial bottle free.

## NO TWO MEN ARE ALIKE

There may be a hundred men in this city who have arms the same length as yours—but there is not one other man in the whole county who is the same as yourself in all other proportions.

It is simply an impossibility to get a perfect fitting suit by buying ready-to-wear clothes.

We will make a suit to your measure for \$20. You pay that much, or nearly that much for every hand-me-down suit you buy.

Custom-made clothes—store clothes—are turned out by the thousand. They are cut and sewed by machinery.

That is why you have bought suits heretofore that lost their look of business before you had worn them half a day.

We will make a suit to your measure—for your exclusive wear—that will fit you because it was built for you, and no one else—for \$20. We guarantee the cloth to be an all-wool cheviot—the cloth is new and vigorous—just off the loom—latest patterns—hand-padded—every seam hand-sewed with silk—lined with imported Venetian cloth.

We have selected several patterns, any of which we will make up to your measure for \$20. Unless you express some preference we will mail you a sample of a late English overline pattern. This pattern is so new that it will be sold by tailors next year as the "latest."

The background of the pattern is a deep gray, with an almost imperceptible overline or check. The color of this fabric does not show dust easily, does not wrinkle and has taken the dye so well that the garment looks like new until it is all worn out. The wool used in wearing this garment was selected with unusual care. There is no short wool in the fabric and no shoddy. The cloth has no fine a weave that presents a fairly hard surface, and at the same time is soft and pliable. It will not scuff up or get shaggy. This cloth cannot be bought from the mill for less than \$3.50 a yard, no matter if you bought five thousand yards. We are the Pacific Coast representatives of a grand case of the largest woolen mills in the world. That enables us to make this unprecedented offer of a suit to your measure for \$20. Send for a sample—pull it to pieces—see how long and even the wool strands are—note how well the dye has set.

Fill out this coupon and mail to us and we will send you a sample of the cloth. We guarantee that the sample is actually cut from the very bolt of cloth from which we make the suit. When you visit Portland, come in and verify this or any assertion we make. If you wish, ask some Portland friend to tell you about the reputation and standing of the Columbia Woolen Mills Co.

It is the simplest thing in the world to have some friend take your measure. We will send you a tape measure free, and instructions how to take a measure for a suit of clothes. Be sure and send for this sample. If you get a suit from this offer, you will be wearing a garment the pattern of which local dealers cannot possibly get in stock before another year. The pattern of our \$20 suit will be sold next year as the latest (by other tailors).
