Those who are trying to cultivate pretty lawns will be interested to know that a liberal application of gasoline to dandelions, plantains and other weeds will effectually kill them and will not injure the grass near them. The weed should be first cut off, and then pour the gasoline on the stump with a small oil can. The agricultural experiment station reports this is the best method of destruction they have found, after trying many other substances.—Burns Times Herald. (Why not pull the dogged things up?)

S. A. D. Puter, whose career the past few years has gained for him considerable notoriety, and whose most sensational stunt was recorded in Boston when he escaped from Secret Service Agent Burns while holding his captor at bay with a cocked revolver was re-captured in Alameda some days ago, while enroute to the Hawaiian Islands under an assumed name. Puter is now locked behind prison bars and his liberty depends upon vigilance of the government's agents who have been running the "muck rake" in Oregon the past two years.

The following notice was found posted on a deserted homestead in the arid regions of Kansas: "Four miles from a neighbor, 16 miles from a post-office, 120 miles from a railroad, 14 miles from a school house, 41 miles from a church, 180 miles to timber, 3000 miles to a democrat, half a mile to hell and the same distance from a republican. Gone to Oregon—God's country—to get a fresh start."—Ex.

The Interior Department is asking residents of Lake county to give up existence in the interests of the government irrigation project in Klamath county, by submitting to the creation of a forest reserve covering a considerable portion of this county that the water supply may be preserved for the particular section the government is going to irrigate.

Here is one of the squibs that are going the rounds of the country press. A young widow being asked why she did not marry again replied: "I'm just as good as married now I've got a parrot and he does the swearing; I've got a hog that does the grunting; I've got a tom cat that stays out all night. If that is not as good as the average husband I'll quit."

We have not heard any reason offered, by any Republican voter in Lake county, why any one of the candidates of his party should not be elected.

Binger Hermann's trial for the destruction of certain letter files in Washington is to be held in June.

Buttermilk Candidate.
(Oregonian.)

Jonathan Bourne, Jr., Republican nominee for United States Senator, is a great lover of buttermilk. In fact, his fondness for this byproduct of the butter industry is so great that he makes his noon hour meal upon buttermilk and cream. Every afternoon he goes to a local creamery, usually in company with a friend, and gets a glass of "half and half"—half buttermilk and half cream. After chatting a few minutes, he repeats the drink and goes back to his headquarters ready for the afternoon's work. Mr. Bourne says buttermilk and cream can't be surpassed, and those who have tried the beverage with him generally agree with his opinion. It is a well known fact that Mr. Bourne is a total abstainer and has not tasted intoxicating liquors of any kind since he was married, 16 years ago.

TO THE VOTERS OF LAKE COUNTY:

Having been regularly nominated as the candidate of the Republican Party for the office of Sheriff of Lake county, I now ask the voters of this County to carefully consider whether I am worthy of their support or not. I have been a resident and taxpayer in Lake County for about 17 years and feel that I am permanently identified with its business interests.

If you shall see fit to elect me your Sheriff for the next two years, I promise you, upon my honor as a man, that I will give strict attention to the duties of the Sheriff's office and be the Sheriff of no faction, but will perform its duties without fear or favor, and give the people an honest, efficient and economical administration.

I have no enemies to punish, and no friend need to expect any favor from me inconsistent with my duty to the public.

Albert Dent,
Republican Nominee for Sheriff.

New Court House for Crook.

Crook county taxpayers have been trying for over a year to induce the county officials to erect a new and respectable court house, and recently an order was made requesting that steps be taken in that direction. The Prineville Journal says:

"Action was taken last week on the petition asking the county court to provide a new court house, and if any one of the bids submitted in response to the call which is now being published is accepted, Prineville will be the home of one of the handsomest structures in eastern Oregon, and one costing in the neighborhood of \$40,000.

The petition acted upon is the same one filed over a year ago and which was laid aside for further consideration."

NO TWO MEN ARE ALIKE

There may be a hundred men in this city who have arms the same length as yours—but there is not one other man in the whole county who is the same as yourself in all other proportions.

It is simply an impossibility to get a perfect fitting suit by buying ready-to-wear clothes.

We will make a suit to your measure for \$20. You pay that much, or nearly that much for every hand-me-down suit you buy.

Custom-made clothes—store clothes—are turned out by the thousand. They are cut and sewed by machinery.

That is why you have bought suits heretofore that had their back of newness before you had worn them half a day.

We will make a suit to your measure—for your exclusive wear—that will fit you because it was built for you, and no one else for \$20. We guarantee the cloth to be an all-wool cloth—the cloth is new and vigorous—just off the loom—the latest patterns—hand-picked—every seam hand-sewed with silk—lined with imported Venetian cloth.

We have selected several patterns, any of which we will make up to your measure for \$20. Unless you express some preference we will mail you a sample of a late English overcoat pattern. This pattern is so new that it will be sold by tailors next year as the "latest."

The background of the pattern is a deep gray, with an almost imperceptible outline of check. The color of this fabric does not wash out easily, does not wrinkle and has taken the dye so well that the garment looks like new until it is all worn out. The wool used in weaving this garment was selected with unusual care. There is no short wool in the fabric and no shoddy. The cloth has so fine a weave that it presents a fairly hard surface, and at the same time is soft and pliable. It will not wear up or get shiny. This cloth cannot be bought anywhere for less than \$1.50 a yard, no matter if you bought five thousand yards. We are the Pacific Coast representatives of a syndicate of the largest woolen mills in the world. That enables us to make this unprecedented offer of a suit to your measure for \$20. Send for a sample—put it in place—see how long and even the wool strands are—note how well the dye has set.

Fill out this coupon and mail to us and we will send you a sample of the cloth. We guarantee that the sample is actually cut from the very bolt of cloth from which we make the suit. When you visit Portland, come in and verify this or any assertion we make. If you wish, ask some Portland friend to tell you about the reputation and standing of the Columbia Woolen Mills Co.

It is the simplest thing in the world to have some friend take your measure. We will send you a tape measure free, and instructions how to take a measure for a suit of clothes.

Be sure and send for this sample. If you get a suit from this offer, you will be wearing a garment the pattern of which local dealers cannot possibly get in stock before another year. The pattern of our \$20 suit will be sold next year at the latest for other tailors.

Columbia Woolen Mills Co., Portland, Ore.

Please send me free, sample of late pattern English overcoat goods, from which you agree to make a suit to measure for \$20. Also send me, free, a pocket tape measure and blank, and instructions for taking measures. This does not obligate me to buy a suit unless I wish.
