HURRAH FOR THE FOURTH OF JULY!

Long Program for amusement of our Visitors.

THE DAY IS FULL OF PLEASURES

Three Hundred Dollars to be Given Away in Prizes and Pur-

Everything is now in readiness for the celebration of the large crowd that is to be met in Lakeview on the Fourth of July. Programs for the entire day have been arranged, consisting of every kind of amusement usually seen in an inland town. The orchestra has been employed to furnish music in the court house square, in the shade of the grove, where everybody can take their dinner and spread it out on the green grass. The amusements will begin at 10 o'clock a. m. and continue till noon.

After dinner a ball game will be played in the base ball park at the foot of canyon street. In the evening a 14 foot airship will ascend from Water street in front of Ahlstrom Bros. store, followed by several balloons, amidst the uproar of artillery. After these interesting spectacles, races and other amusements will continue, till all are tired and sleepy. The entire day will be one round of merry-making.

Following is the program:

Dressing contest; for boys under 12 years. Prize \$2.50.
Dog race, free for all—dogs—1st prize \$2.00, 2d prize \$1.00 and 3d prize 50c.

Squaw race—100 yards; prize \$3.00 and \$1.

Boys' foot race—50 yards, for boys under 6 years. 1st prize \$1.50, 2d \$1, 3d 50 cents.

Sack race—for boys under 15 years. 1st prize \$2.00, 2d \$1.00.

Indian boxing bouts, to be arranged.

The series of Base Ball games arranged for Fourth of July week, will begin on the afternoon of the 1th, and continue until the contests are over. The games will be free for all, \$300 to be divided up in purses.

We understand that the Silver Lake base ball team, after playing on the Fourth at Paisley, will come to Lakeview and take part in the games here for the \$300 purses. It is probable too, that a team will be made up at Paisley, and one at the shearing plant, to try for some of the money.

William Harvey Passed Away.

A dispatch was received in Lakeview Sunday morning conveying the sad news that on Thursday last, June 21st, William Harvey passed away at the Hotel Touraine, Oakland, California, after being sick about two months. Mr. Harvey had the very best care that could be secured, having had in constant attendance three physicians prominent in the profession and also trained nurses to carry out in every detail their directions, but notwithstanding all that science could do the summons came, calling him to meet with his parents and two brothers at their home beyond the river, where they preceded him years ago.

During his entire illness his wife remained in constant attendance upon him, refusing to leave his bedside for fear some little kindness should be neglected that might soothe his pain or console the discoloration of impending death, because he expected death, and when the end came, he was

surrounded by his devoted wife, two sons and also his brother, Mr. Joseph Harvey, of San Francisco. His funeral took place from his brother's residence and his body was laid to rest in the beautiful cemetery at San Mateo.

Mr. Harvey was nearly 61 years of age at the time of his death, being born August 21, 1845 in Onnagh, County Tyrone, Ireland. He came to the United States and direct to California in 1870. He resided in Tehama, California for a short time and in August 1871, came to Summer Lake, Oregon where he resided continuously until a few months ago when he went to Oakland to try and regain his health.

Mr. Harvey having amassed a fortune in the livestock business, has been a prominent figure in the business life of this county during the last thirty-five years; perhaps no citizen of Lake county has ever been held with greater esteem or respect for his sterling honesty, square dealing or loyalty to his friends. His word was equal to his bond and was accepted as such by all who knew him for any business transaction, no matter how much was involved. At the time of his death he was a stockholder and director of the Bank of Lakeview.

William Harvey was married in April, 1862, to Miss Ruby Aitken, of Tehama, California. Who, with two sons William Hamilton and Joseph Valentine survive him.

"There is nothing so terrible in death; 'Tis but to cast one's robes away and sleep at night without a breath. To rest until the dawn of day."

LOCK CANAL FOR PANAMA, SAYS CONGRESS.

President Scores Another Victory in Causing Canal Legislation In This Congress.

Washington, June 21.—Again President Roosevelt has demonstrated that he is master of the situation. The vote of the Senate adopting the lock type of canal is another personal victory for him. But for his firm stand the majority of the Senate would have stood out for a sea-level canal, and the two houses would have deadlocked and there would have been no legislation.

The President won by only three votes, and the three votes he worked for. They were Foraker of Ohio, Carter of Montana and Scott of West Virginia. These three men up to to-day were staunch advocates of a sea-level canal, and had they stood pat, the President would have been defeated. Today, under pressure from the White House, they changed and the victory was won.

The winning of these votes is but another demonstration of the President's power. He dominates the Senate as well as the House, because the people are with him.

The canal will be 46 miles long, varying from 250 to 500 feet wide at the top and 150 feet wide at the bottom.

The locks will be twins, built of concrete masonry. Each one will be 738 feet long and 82 feet wide with a

lifting capacity of 30 to 32 feet. There will be two pairs at the Atlantic entrance to Lake Bohio, two pairs at Paraiso and one pair at Miraflores.

Lake Bohio will be an artificial lake on the summit level, covering 31 square miles and 50 to 65 feet deep.

Alhajuela Lake will store the water of the Chagres River by means of a masonry dam, which will take five years to build and cost \$3,500,000. It will cover 5000 acres, be 165 feet deep and furnish motive power for the locks and for lighting the whole canal.

The most difficult problem is to control the Chagres River, which at times floods the Panama Railroad to a depth of 40 feet.

DeLesseps estimated that it would cost \$192,000,000 and take eight years to finish the canal. His company worked from the year 1881 to 1891, spent \$230,000,000 and failed after doing less than two-fifths of the work.

The United States bought the canal property and the Panama Railroad for \$40,000,000 and a perpetual lease to the Canal Zone 10 miles wide for \$10,000,000 from the Republic of Panama.

It is estimated that the completion of the canal will occupy eight years and cost \$125,000,000.

Sheep Sales.

Last week C. E. Sherlock made the following purchases in sheep, paying the highest price of the season: From Charley Arthur and H. L. Chandler, 1000 head of mixed yearlings, paying \$3.50 for the ewes and \$3.00 for the wethers. Also 800 lambs from different parties, and some older ewes, paying \$2.25 per head for the ewes. All the sheep are to be delivered September first.

Pete Grob sold 300 yearling wethers to Frank Meisel.

Frank Meisel has bought the Barman Bros. sheep.

Hand Cut Off In Saw.

Monday while running the edger saw at the Cottonwood sawmill, Harry Vernon had the misfortune to get his left hand caught in the saw, completely severing all the fingers and thumb just back of the knuckle joints. He was brought to town Monday and Drs. Daly & Hall dressed the wound. It was necessary to cut off about an inch of the bones of the hand in order to bring the skin and sound flesh of the hand together over the ends of the bones. It was a severe accident, indeed, which will leave the hand entirely without fingers or thumb, being off about an inch back of the knuckles.

Boat for Goose Lake.

E. Burke returned from Klamath Falls last Thursday morning, where he went to look at the steamboats on the Klamath lake, with a view to familiarizing himself with the most practicable type of boat for inland lakes or small streams. Mr. Burke felt solving the details of the establishment of steamboat service on Goose Lake, and expects soon to have his plans ready for operation. He will go to San Francisco shortly for the purpose of buying a boat already built and equipped, possibly one that is in use on the bay or Sacramento river. He has not fully determined whether he will put on a steam boat or a gasoline boat. Steam is much cheaper, but there are certain requirements necessary for the operation of steam boats which would cause great delay in getting his line in operation, such as securing licensed engineers and pilots and the necessary inspection of the waters by the proper authorities. The lake is an interstate body of water and a great deal of preliminary red tape would have to be gone through with before he could operate a steam boat, consequently he may put on a gasoline boat.

Klamath County Election.

J. B. Griffith, Democrat, was elected county Judge of Klamath county by a majority over Bennett, Republican, of 188. Silas Oberchain, Republican, was the only candidate for Sheriff, and L. Alva Lewis, Republican, the only candidate for treasurer. M. D. Williams, Republican, was elected county surveyor over his opponent, M. E. Hutchinson, by 45 votes. For county commissioner W. A. Walker, Democrat, was elected over his opponent, Jacob Rusek by 39 votes. On the state and District ticket Klamath county gave a small Republican majority, except for the U. S. Senator, for which Gearin received a majority of 15 over Bourne.

Indian Girl Slays Baby.

A half-breed Indian girl named Dora Chipp, shot and killed the 18 months old daughter of Mrs. Beal of Siskiyou county, and shot the mother in the jaw, one day last week. The Indian girl had some trouble with Mrs. Beal over a horse trade, and when they met in the road, Mrs. Beal and her baby in a buggy and the Indian girl on horseback the controversy was renewed with the above result. After the shooting, the murderers started for the reservation, but was captured at Bonanza.

Mr. Chris Umbach, uncle of Chas. Umbach of this city, arrived here last Saturday evening on a visit and to remain a few months for the benefit of his health. Mr. Umbach has been engaged in business in San Francisco for over 40 years. Charley went to Pine Creek Saturday with a rig to meet his uncle.

W. H. Holabird, the promoter of the Weed railroad extension to Klamath Falls, made Lakeview a visit first of the week. Mr. Holabird came from his home in Los Angeles, and went out west. His visit to this place was only cause for conjecture, as he absolutely refused to be interviewed by any one, had little to say and did not mix with the people here. Mr. V. L. Snelling, who made the acquaintance of Mr. Holabird at Klamath Falls about a year ago, being the only person here who talked with him, and to Mr. Snelling he was very reticent. The distinguished visitor is a railroad promoter of more than ordinary prominence and ability. He has made it a specialty all his business life, and being about 70 years of age, has probably learned to keep his council, at least he showed himself to be a man of such training while here.

J. Frankl bought L. E. McCulley's wrenk yesterday. The price paid was withheld. Mr. Frankl was on a deal for one or two other clips, also, but the deals were not closed.

Si Mulkey, the well-known California race horse man, is in Lakeview with a stable of race horses to take part in the big race meet during Fourth week.

About 20 race horses are here already, and several more are on their way. It seems to have been an off season for races in California, probably owing to the earthquake, and horse men are making their way to the country races. The large purses offered here have attracted many with good horses, and the races promises to be the best ever had on the Lakeview track.

The Lake County Agricultural Association will give five days' racing on their track in Lakeview, commencing July 2nd, and ending July 7th, 1906. The sum of \$1450. will be distributed in purses as follows:

FIRST DAY--JULY 2nd

First Race, 3/8 mile dash, purse \$125

Second Race, 5/8 fur. for 3-year-olds, purse 200

SECOND DAY--JULY 3rd

Third Race, 3/8 mile dash, purse \$150

Fourth Race, 1/2 mile heat, purse 200

THIRD DAY--JULY 5th

Fifth Race, 3/8 mile dash, purse 150

Sixth Race, 1/2 mile heats, purse 175

FOURTH DAY--JULY 6th

Seventh Race, 3/8 mile dash, purse \$150

All of the above races are free for all, four to enter and three to start but the Association reserves the right to hold a less number than four by reducing the purse in proportion to the number of horses entered. Entries to close the evening before the race. The Pacific Coast Blood horse Association rules to govern all running races. Entrance fee ten per cent of purse. Money to be divided as follows: 70 per cent to the first horse and 30 per cent to the second horse.

The Association reserves the right to change any of the above races, in the event of no filling, or to change the date of the last day's event to the following day in case any other amusement is announced for that date. No money paid without a contest.
