A traveling Evangelist attracted quite a crowd on the streets in front of the hotel last Monday night, where he preached an open air sermon. It seemed that the main object of his sermon was to impress upon the minds of the people the sensibleness of giving to the living, instead of waiting till they died and then donating flowers. He told them that if they had anything to give him he wanted it now, and not after he died—guess the people didn't understand it.

A great many readers of The Examiner are inclined to doubt the statement made in this paper last week regarding the extent of the ledge of gold-bearing rock discovered by Peacock and Linville. It was the aim of The Examiner to convey to its readers the story of the discovery just as it was told to us, which we did. Whatever exaggerations were made in the statement was not due to misrepresentations on the part of The Examiner, and we believe that our informants believed just what they told us upon their return from the mines.
