ach and the next six \$5 each. The result hoped for by the association is not merely the Improvement of lawn space. The rules of the competition are so framed as to compel all ERAL CIRCULATION, contain- who enter to comply with the city clean street ordinances. No one contributing to the smoke nuisance will be eligible, and no one who has not paid . his subscription to the association at the rate of \$1 a month for each twentyfive feet street frontage can win a

The points governing the awards are divided so that the winner is just as likely to be the owner of a sixteen foot lot as the person who has 200 feet frontage at a corner. The idea of the association is to get as many into the competition as possible, and for that reason it offers as much to those who attend to simple cleanliness as to the aesthetes who can afford to devote themselves to fancy flower beds and

shrubbery. Sixty points are to go for the cond! New Pine Creek, tion of all grass or lawn space, front and back, including the parkway, except on boulevards where the city attends to the lawn. Decorative features, such as flower beds, shrubs and vines, will merit twenty points, and the remaining twenty are apportioned for the condition of gurbage cans, no credit at all being allowed if the orhance is not compiled with. Awards vill be made between Sept. 1 and 15.

### RAILROAD PLANTING.

Hints on Landscape Treatment of Station Grounds and Approaches.

In a fecture delivered last summer at hautauqua, Lester C. Griffith hinted a a very practical manner the application of landscape gardening principles to railroad property, says the Brooklyn tion, lacluding both buildings and Congress, grounds, is a focal point through which the traveling pulse radiates. To introduce and direct the passengers to the town is the controlling principle in station grounds design. Natural existing teatures may often be made a most at- personality must be a central figure tractive part of the station parks. Moreover, with the latter the beauty of the scene is with us throughout the year. Heavy masses of a single species of plants are more effective. than the mixing of individuals of several species. These single specie masses are to be so placed that they easily blend and together make a harmonious whole. Charming seasonal effects may likewise be produced.

Aside from having station grounds and the right of way well arranged and properly kept for the good of the passengers of the road they should be furnish full information upon applicaso treated because of the educational tion. Until further notice, address influence exerted upon the communities reached by the road. The spirit of regard for beauty and order will be felt farther than the borders of the line. Every passenger will carry with him an impression that will sooner or later materialize in some form of domestic or civic improvement. The rallroad thus creates an object lesson for promoting good taste in outdoor art and not only betters its own condition, but at the same time becomes a public benefactor.

The Beauty of a Landscape.

"Why should the ornamental free soclety confine its labors to the highways only?" asks Henry D. Thoreau. "Does not the landscape deserve attention? What are the natural features which make a township handsome? A river, with its waterfalls and meadows, a lake, a hill, a cliff or individual rocks, a forest and ancient trees standing singly. Such things are beautiful. They have a high use which dollars and cents never represent. If the inhabitants of a town were wise they would seek to preserve these things, though at considerable expense, for such things educate far more than any hired teachers, preachers or any system of school education at present or-

The Billboard Came Down. D. C. Cheney, superintendent of the Chicago, Milwaukee and St. Paul Railway company, recently wrote an enthuslastic letter to the American Civic association workers as follows: "As a result of your objection to circus bills and posters of a gaudy nature near our depot grounds as offensive to good taste and proper development I have caused to be removed from our station grounds at Sun Prairie a very brilliant varicolored poster of somebody's stomach elixir. This is my first act as a member of our glorious association, but it will not be the last."

Dr. Pierce's Favorite Prescription

Is a powerful, invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. The local, womanly health is so intimately related to the general health that when discuses of the defeate woman's creans are cured the whole body gains in health and strength. For weak and sickly women who are "worn-out," "run-down" or debilitated, especially for women who work in store, office or schoolroom, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers. Dr. Pierce's Favorite Prescription has proven a priceless benefit because of its health-restoring and strength-giving powers.

benefit because of its health-restoring and strength-giving powers.

As a soothing and strengthening nervine. "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea, or St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the womanly organs. It induces refreshthe womanly organs. It induces refresh-ing sleep and relieves mental anxiety and

ing sleep and relieves measure anxiety and despondency.

Cures obstituate cases, "Favorite Prescription" is a positive cure for the most complicated and obstinate cases of "female weakness," painful periods, irregularities, prolapsus or falling of the pelvic organs, weak back, bearing-down sensations, chronic congestion, inflammation and pleeration.

organs, weak back, bearing-down sensations, chronic congestion, inflammation and ulceration.

Dr. Pierce's medicines are made from harmless but efficient medical roots found growing in our American forests.

The Indians knew of the marvelous curative value of some of these roots and imparted that knowledge to some of the friendlier whites, and gradually some of the more progressive physicians came to test and use them, and ever since they have grown in favor by reason of their superior curative virtues and their safe and harmless qualities.

Your druggists sell the "Favorite Parscription" and also that famous alterative, blood purifier and stomach tonic, the "Golden Medical Discovery." Write to Dr. Pierce about your case. He is an experienced physician and will treat your case as confidential and without charge for correspondence. Address him at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., of which he is chief consulting physician.
