 Baptist Church of Lakeview, Oregon, August 20, 1906. No notice is hereby given that in compliance with the provisions of the act of Congress of June 3, 1878, entitled "An act for the sale of timber lands in the States of California, Oregon, Nevada and Washington Territory," as extended to all the Public Land States by act of August 4, 1892, William T. Garrett, of Bly, county of Klamath, State of Oregon, has this day filed in this office his sworn statement No. 3167, for the purchase of the NW 1/4 SE 1/4, N 1/2 SW 1/4, SW 1/4 SW 1/4 of Section 26, in Township No. 35 S., Range 17 E., W. M. and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before Register and Receiver at Lakeview, Oregon, on Thursday, the 8th day of November, 1906. He names as witnesses, S. C. Hamaker, Albert Walker, Walker Pollard and J. P. Parker all of Bly, Oregon. Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 1st day of November, 1906.

 On Matters That Interest You  
 Your local paper is a necessity to you, financially and socially. But a NEWSPAPER OF GENERAL CIRCULATION, containing the latest news of the world, is equally necessary to you. The "up to date man" will provide himself with these two essential features of progress.  
 IN THE TWICE-A-WEEK SPOKESMAN-REVIEW, Spokane, Wash., will be found the very latest news of the world, its matter including information on politics, commerce, agriculture, mining, literature, as well as the local happenings in the states of Montana, Oregon, Idaho, Washington and the province of British Columbia. In addition, its columns for women, its popular science articles, its short and continued stories, its "Answers to Correspondents" and "Puzzle Problems" combine to form a home newspaper that at \$1.00 per year can nowhere be excelled.  
 ITS ADVERTISING VALUE.  
 Perhaps you have something to sell—a farm, a team, farm machinery. You may wish to buy something. The best possible way to communicate with people who wish to buy or sell is by inserting a small advertisement in the Spokesman-Review. Farmers, stockmen, lumbermen and others who wish to reach business men and newcomers, use the DAILY or SUNDAY SPOKESMAN-REVIEW.  
 THE TWICE-A-WEEK RATES ARE Ten cents per line each insertion. Count six words to a line.

 THE SUNDAY ALONE Ten cents per line each insertion. Count six words to a line.  
 ADDRESS THE SPOKESMAN-REVIEW, Spokane, Wash.  
 Write your ad plainly, enclosing amount in stamps or money order for number of insertions desired, and state whether you wish ad inserted in Daily, Sunday or Twice-A-Week.

**STEER FEEDING.**  
 The Way an Illinois Farmer Finished His First Carload.  
 In regard to the feeding of the carload of cattle which I sold for \$5.35 in Chicago the other day I would say this was the first carload I ever fed. In the first place I had some blue grass pasture, more than I needed, and I bought eighteen head of good young Hereford steers. They were all of that blood but two—one Red Poll and one Angus—and were all coming two years old.  
 I bought them about the middle of June and turned them on pasture. During the second week of September I brought them up and fed them a little corn and still let them run on a good blue grass pasture until I got them on full feed. About the middle of October I confined them in a yard and fed them cobmeal, corn and timothy hay. These steers weighed about 700 pounds when I started to feed them. They were all dehorned but four, and I would always rather have my steers dehorned. They were kept in a small feed lot, and I had a number of brood sows running after them. My feed lot is sandy, consequently it never gets very muddy. I kept the steers well bedded all the time. I bought them all around here near my home, and I think they made me about \$1.20 per hundred weight.

**Like Herefords For Feeders.**  
 The best steers to my notion to feed are pure bred Herefords, but one can not always get them. The better they are bred the better they will feed and sell as a rule. The way to get this kind of stock is to buy and use a pure bred bull instead of using an old scrub animal.  
 These cattle were in good flesh when they were put in the feed lot. I believe you should always have steers in good flesh to start with. I cannot tell how much these averaged per month, for I had no scales to weigh them on. They were not large, rough steers, but small, blocky, smooth and well shaped. I shipped them Jan. 22. The cattle went through fine, filled up well and weighed 1,025 pounds per head.—S. Pritchard, Jr., in Breeder's Gazette.

**The Stock Tank.**  
 Be careful about that stock tank during warm, sultry days. If it stands in the sun the water is no doubt very warm and filled with green scum, and this must be very disagreeable to the live stock that must drink it. Would you like your superiors to furnish you with such drinking water? Better clean out the tank, scrub it with soap-suds and lime and pump it with clean, pure water from the well. The dumb brutes will appreciate it, I'll warrant. Such tanks should have a shed over them all the year round, a protection from the sun as well as the frosts of winter.

**THE VETERINARY**  
 Horses that are afflicted with a chronic disease that causes a loud, unnatural noise in breathing are said to have thick wind or to be roarsers. This class does not include those afflicted with severe sore throat, as in these cases the breathing is noisy only during the acute attack of the disease. Thick wind is caused by an obstruction to the free passage of the air in some part of the respiratory tract. The noisy breathing of horses after having been idle and put to sudden exertion is not due to any disease and is only temporary. Horses fed on the seeds of leguminous and some other plants have paralysis of the laryngeal muscles, particularly when fed chick vetch. Other causes may come from lead poisoning, sore throats and many times from heredity. Hoarsing, the name by which the disease is generally known, is only a symptom and not the disease. In bad cases the animal fairly suffocates. The cure depends much on the cause, and many times such horses are treated with little success. You can try one dram potassium iodide once a day for a week and then one-half ounce of Fowler's solution once a day for the next week in the drinking water, and if this does not do any good you would better go to a good veterinarian.—M. D. Williams, D. V. S., in Rural New Yorker.

**Warbles in Cattle.**  
 Lumps or sores on the backs of cattle are caused by the larvae of the warble fly, or ox warble, a black fly thickly covered with yellowish hair. They lay the eggs on the backs of cattle from June to September. The grubs hatch out and bore through the skin and live there, next to the flesh, all winter. In the spring the mature grub crawls out and falls to the ground. Put a thumb on each side of the lump and squeeze the grub out, or mix lard and sulphur and rub it into the lumps, which destroys the grub. During July and August rub over the backs of cattle a mixture of four ounces flowers of sulphur, one gill spirits of tar and one quart train oil, and it will prevent the fly from laying its eggs. Rub on once a week. The chief harm these grubs do is the making of holes in the hide, thus lessening its value in market.—Ohio Farmer.

**Useful Points, Both.**  
 A pound of fat bacon given a cow that is off her feed will often effect a cure, writes a correspondent to Farm Journal.  
 I will just send you one little thing, very simple and effectual remedy for warts on a horse's nose or anywhere. Wash the warts with strong soda water. I took a perfect "mat of warts" off a colt's nose by washing them with strong soda water twice only. A seed wart can be taken off by soda. Pick the wart a little till the blood starts, then apply dry soda a few times.—Mrs. M. A. G.

Notice to students and parents. Owing to the continued warm spell, I have decided to make Monday Sept. 10th the opening day of the Lakeview Business College instead of August 27th, as advertised some weeks ago. I have employed a competent instructor, and satisfaction is guaranteed. I would be glad to hear from any one who contemplates attending, and will furnish full information upon application. Until further notice, address G. F. Bigley, Alturas, Calif.

**Dr. Pierce's Favorite Prescription**  
 Is a powerful, invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. The local, womanly health is so intimately related to the general health that when diseases of the delicate womanly organs are cured the whole body gains in health and strength. For weak and sickly women who are "worn-out," "run-down" or debilitated, especially for women who work in store, office or schoolroom, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription has proven a priceless benefit because of its health-restoring and strength-giving powers.  
 As a soothing and strengthening nervine, "Favorite" Prescription is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea, or St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the womanly organs. It induces refreshing sleep and relieves mental anxiety and despondency.  
 Cures obstinate cases. "Favorite Prescription" is a positive cure for the most complicated and obstinate cases of "female weakness," painful periods, irregularities, prolapsus or falling of the pelvic organs, weak back, bearing-down sensations, chronic congestion, inflammation and ulceration.  
 Dr. Pierce's medicines are made from harmless but efficient medical roots found growing in our American forests. The Indians know of the marvelous curative value of some of these roots and imparted that knowledge to some of the friendlier whites, and gradually some of the more progressive physicians came to test and use them, and ever since they have grown in favor by reason of their superior curative virtues and their safe and harmless qualities.  
 Your druggists sell the "FAVORITE PRESCRIPTION" and also that famous alterative, blood purifier and stomach tonic, the "Golden Medical Discovery." Write to Dr. Pierce about your case. He is an experienced physician and will treat your case as confidential and without charge for correspondence. Address him at the "Invalids' Hotel and Surgical Institute, Buffalo, N. Y., of which he is chief consulting physician.
