Cozy Homes.

The discovery of a new wick principle-so effective and yet so simple that it's a wonder no one thought of it before-has so revolutionized the manufacture of oil heaters and lamps that explosions, smoke and smell, caused by imperfect wick arrangement, may safely be regarded as things of the past.

This new wick attachment is to be found on the Perfection Oil Heater, advertised in the Examiner by the Standard Oil Co.

country to help bring them about. We turns."-Advertising do expect that the development of the sheep industry on ranges and farms and the attractions of the hog business on the farms will cut into the produc tion of cattle to such an extent as to have a beneficial effect on prices. In some sections sheep have almost re

placed cattle. If the ranges are to produce fewer cattle then the farms must produce more or the supply decrease It is doubtful whether the farms are producing more cattle, however. Cer tainly they are selling calves quite freely. And equally certain is the tend ency in the corn belt to raise fewer cattle and depend on the range for supplies. If all these conditions continue the country will inevitably come to a cattle shortage .- National Stockman.

Well Ordered Pastures.

A well ordered farm should have a hog pasture, two for the cows and colts and one for the calves. If there are a few sheep they may run with the cows. If much of a flock, they need a scimule lot. Often the calves and hows use the same pasture. This will do, but it is not desirable. It is better, thous h not necessary, to have the cows and colts separated. "The playfulness of colts 14 opt to distrass the calves -Kindoff's Dairy Parmer.

An Object Lesson.

Do You Open Your Mouth

Like a young bird and gulp down what-ever food or medicine may be offered you? Or, do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine Dr. Pierce believes they have a perfect right to insist upon such knowledge. So he publishes, broadcast and on each bottle-wrapper, what his medicines are made of and verifies in order early. This he feels he can well afford to do because the more the ingredients of which his medicines are made are studied and understood the re will their superior curative virtues be appreciated.

For the cure of woman's peculiar weak-nesses, irregularities and derangements, giving rise to frequent headaches, back ache, dragging-down pain or distress in lower abdominal or pelvic region, accom-panied, ofttimes, with a debilitating, pelvic, catarrhal drain and kindred symppelvic, catarrhal drain and kindred symp-toms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and com-paratively painless.
