

Cured of Lung Trouble.

"It is now eleven years since I had a narrow escape from consumption," writes G. O. Floyd, a leading business man of Kershaw, S. C. "I had run down in weight to 138 pounds, and coughing was constant, both by day and by night. Finally I began taking Dr. King's New Discovery, and continued this for about six months, when my cough and lung trouble were entirely gone and I was restored to my normal weight, 170 pounds." Thousands of persons are healed every year. Guaranteed at Lee Beall's drug store, 50c and \$1.00. Trial bottle free.

"The Blood is The Life."

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also affected, and many an evil deed or impure thought can be directly traced to the impurity of the blood. **Foul, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It purifies and purifies the blood, thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.**

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist don't happen to have the "All-Healing Salve" in stock, you can easily procure it by inclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 663 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle-wrapper, the same being attested as correct under oath. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels.

Timber Land Notice.

United States Land Office, Lakeview, Oregon, December 1, 1907.
Notice is hereby given that in compliance with the provisions of the act of Congress of June 3, 1878, entitled "An act for the sale of timber lands in the States of California, Oregon, Nevada, and Washington Territory," as extended to all Public Land States by act of August 4, 1892, Sanford O. Pease, of Summer Lake, County of Lake, State of Oregon, has this day filed in this office his sworn statement No. 3419, for the purchase of the E½ SE¼ Sec. 26 E½ NE¼ of Section No. 35, in Township No. 37, S., Range No. 19 E., W. M., and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before Register and Receiver at Lakeview, Oregon, on Friday the 15th day of February, 1907.
He names as witnesses: George D. Harrow, Chas. A. Rehart, Jas. E. Barker, Geo. H. Lynch, all of Lakeview, Oregon.
Any and all persons claiming adversely the above described land, are requested to file their claims in this office on or before said 15th day of February, 1907.
J. N. Watson, Register.

TIMBER LAND NOTICE.

United States Land Office Lakeview Oregon, Dec. 28 1906.
Notice is hereby given that in compliance with the provisions of the act of Congress of June 3, 1878, entitled "An act for the sale of timber lands in the States of California, Oregon, Nevada, and Washington Territory," as extended to all the Public Land States by act of August 4, 1892, William H. Benefield, of Paisley, county of Lake, State of Oregon, has this day filed in this office his sworn statement No. 3517, for the purchase of the SW¼ SW¼ Sec. 24 N½ NW¼ of Section No. 25, in Township No. 35 S., Range No. 21 E., W. M., and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes and to establish his claim to said land before Register and Receiver at Lakeview Oregon on Wednesday the 20th day of March 1907.
He names as witnesses:
Roy Chandler, C. A. Rehart, of Lakeview Oregon, C. S. Benefield, of Paisley Oregon, and Walter Dent of Adel Oregon.
Any and all persons claiming adversely the above described lands are requested to file their claims in this office on or before said 20th day of March, 1907.
J. N. Watson, Register.

Final Proof Notice.

Department of the Interior, Land Office at Lakeview, Oregon, Dec. 5, 1906
Notice is hereby given that Mary H. Bryan, of Lakeview Oregon, has filed notice of her intention to make final five year proof in support of her claim, viz: Homestead Entry No. 2228, made January 13th, 1900, for the SE¼ NE¼ Sec. 11 S½ NW¼ & NW¼ SW¼ Section 12 Township 36, S., Range 19 E., W. M., and that said proof will be made before Register and Receiver, at Lakeview Oregon, on the 11th day of January, 1907.
She names the following witnesses to prove her continuous residence, upon, and cultivation of, the land, viz: W. H. Roush, D. M. Bryan, J. S. Branch, A. W. Bryan, all of Lakeview Oregon.
J. N. Watson, Register.

COMPOUND INTEREST

The trouble with most advertisers is that they expect immediate returns of large proportions. One prominent advertiser illustrates the principle of advertising in this way:

"The money expended for advertising is the same as if placed at interest. The profits from the advertising are virtually the interest on the investment."

"The sum spent for advertising are properly chargeable to capital account because the resulting good will is something that has value, which, if the advertising has been properly done, can usually be sold for the face value of the investment."

"The rate of interest is determined by the skill with which the investment is made."

"Just as the quickest way to increase invested wealth is by compounding the interest, just so the quickest way to realize results from advertising is to compound the returns."—Advertising Experience.

Advertisers get good returns on the amount invested in our columns. We reach the people.

TOWN'S LIVE LEAGUE

EXCELLENT WORK OF ENTERPRISING WOMEN IN CRANFORD, N. J.

Eyesores Transformed, Streets and Schools Improved and Waste Places Redeemed by a Village Improvement Association Twelve Years Old.

With a silver gray stream winding its tortuous way through the village and an abundance of trees, it is plain even to the casual observer that Cranford, N. J., was destined by the Creator to be a beautiful place. But in the beginning, some twelve years ago, its citizens were not content to let the matter rest there. They wished to help make it a beautiful place to live in. It was about this time that the Improvement League of this pretty town was organized, and the fact of its being a prettier town today is the result largely of the league's work.

The work of the first year was toward beautifying the spot on which the building of the town newspaper now stands, and when this was done a barren space, where storekeepers burned their rubbish and boys played ball to the imminent danger of the passerby, was wiped out of existence. An ordinance obtained by the Village Improvement League prohibited both these evils and abolished the gathering of the clans on the corner opposite the station.

In the former days, when any one wished to build or repair the dock, the river was let out to enable him to do so, thus inconveniencing every one else and running the risk of spreading disease in hot weather. Many complaints from the Improvement League resulted in an agreement to let out the river only on request of three and then for only one day. These necessary improvements were followed by a general clearing of the streets of litter and ash heaps. During this first year the society became regularly incorporated.

The second year of the work of this organization was marked by an attempt at street sprinkling. This was successful in every way except financially. Entertainments were given to raise funds for a sprinkling cart and horses; but, alas, at the end of one season it was necessary to dispose of one of the horses in order to straighten up accounts. Nothing daunted, however, the member of this organization put the other horse to good use. He was employed to drag a snow plow around town early in the day so as to clear paths to school, station and stores.

The organization then turned its attention to the betterment of the school. A committee elected for this purpose on inspection, the one frame school building on Holly street found it in a deplorable condition—unclean, overcrowded, insanitary and dangerous. A fire or panic would have resulted in much loss of life. The building, which had been originally put up to accommodate fifty pupils, had been added to in every direction. One stairway had been closed to make room for another classroom, and thus the pupils were more numerous and the means of exit lessened. The light was bad and the heating so impossible that on cold days the school was dismissed. Circulars were sent out, the opera house hired an orchestra engaged to tell the citizens of the bad conditions. Finally a town meeting was called to decide upon the question of a new school. A controversy that arose between two sections of the town as to the location of the new building resulted in the erection of two instead of one new school.

About the sixth year the study of household economies was taken up. This philanthropic work has been dearest of all to the members of the association. An appeal has never been refused, whether to supply furnishings and food for the fresh air camp, artificial limbs for unfortunates, food for the hungry, clothes for the needy and medicine and nursing for the sick. In 1902 a new committee was formed, and a new fund of over \$300 was raised to provide free hospital treatment for the sick poor of the town. The last two years of its existence this organization has been working for the passage of the pure food bill and is the first woman's organization to send to Washington a petition endorsing the bill. This association has thoughts of a permanent home building, in which it hopes to be housed before long.

The village of Cranford today shows the result of the good work of its Improvement League. When this society came into existence the streets were unkept, the waste places offensive to the eye and too often the back yards but unsightly ash heaps. Tradesmen by lack of example were wont to sweep into the streets the refuse of their stores. The question of disposal of ashes and garbage, if discussed at all, still remained unsolved until the reorganization of this society. Today an excellent system of ash and refuse collection has been established upon a self-sustaining basis. Many waste places have been redeemed. Flower beds have taken the place of ash heaps and tin can collects. No longer do the sweepings of the stores lie in offensive publicity on the main street. Boxes have been placed at convenient places for the reception of refuse, the drinking fountain improved and the railway station improved and painted and no longer a rendezvous for the disorderly youth of the town. This during the twelve years of its existence is the work of the Village Improvement League, and at the close be it said the members of this are women.

Value of Concrete Sidewalks.
The borough surveyor of Yarmouth, England, reported officially that there were seventy miles of concrete sidewalks in the town, some of which had been made in 1809 and presented no signs of wearing.
