LAKEVIEW, OREGON, JAN. 24, 1907

Klamath and Crook counties have held mass meetings for the purpose of drawing up a remonstrance against the county division scheme.

Lake county should do likewise. Legislators are usually reasonable men, and if they know the people of the entire district are opposed to such a scheme, they are not likely to support it.

The Bend Bulletin undertakes to bamboozle the residents selected as victims of the county division scheme, which was hatched in the privacy of its editor's sanctum sanctorum.

The Drake family, of Bend, are out for about half the offices for the new county. Its a pity Mr. Lawrence can't be home so that he could get an office, too, but probably he is figuring on a part of the swag.

Lake county people should feel very grateful toward Governor Chamberlain for the interest he has manifested in securing just taxation for this county.

The proposition to create the new county of Deschutes was kept a secret from the entire district affected until the bill was proposed in the legislature.

Every newspaper in the three counties interested in the proposed county division is kicking high about it, except that one at Bend, where the seat of the new county is to be located.

Bend is said to be a real pretty little hamlet on the banks of the Deschutes way up in Crook county ten days ride from here and it is further stated that if Lake and Klamath counties will donate liberally in land and property that little hamlet may grow to importance.

As a reward for the liberality of Lake and Klamath counties in donating valuable agricultural and timber lands and property toward the booming of Bend Mr. A. M. Drake and J. M. Lawrence, proprietors, will promise to represent us in all future legislatures.

Are the people of Lake county ready to donate 400,000 acres of valuable agricultural and timber land, with all its improvements and personal property, toward the booming of Bend, way up in Crook county at the foot of the snow clad Cascades.

Prineville had a cold snap last week; the thermometer registered 20 below zero, and only for the warmth created in that vicinity over the recently sprung county division question, many would have suffered.

J. M. Lawrence, receiver of the Land office at Roseburg, is at Salem lobbying for the new county. If Mr. Roosevelt gets hold of him he will have some lobbying to do closer home in order to hold his job.

We see residents of sun-shiny and balmy Lake county going 100 miles to Bend on snow shoes across the mountain to attend the May term of Circuit Court. (Nit.)

The Silver Lake Oregonian views with favor, the proposition to build a new Court House.

There is about as much need for the county of Deschutes as there is for a battleship on the Chewaucan Marsh.

It is authoritatively stated that hardly a single man outside of Bend is in favor of the new county.

Bend will be applying for a pension after the battle.

A Poor Place to Live In.

Wind and weather were to Mrs. Goodsall a constant source of interest. She watched the clouds and the village weather vane with eagerness and pleasure, and in doubtful weather her first question to the grocer's boy when he came to take or deliver orders was sure to be, "Which way was the meeting house vane p'inted when you came by?"

Her neighbors all humored her by telling of any eccentricity they had discovered in their own or other vane, and Mrs. Goodsall would speak of "eddlies" and "currents" and "swoops" of air in a wise and authoritative manner.

"How did you enjoy your visit to Boston?" asked one of her neighbors on Mrs. Goodsall's return from a week's sojourn with a niece who lived in the city. "I suppose you saw lots of grand sights. I hear Carrie lives in considerable style."

"She lives in a benighted locality," said Mrs. Goodsall dryly. "That's what I call it. For all their carriages and stone steps and fine clothes 'tis a benighted spot. Peer an' twist as I could, there was only one weather vane I could sight from their windows, back or front. What kind of a place do you call that for intelligent folks to make a home, I'd like to know?"—Youth's Companion.

Function of the House of Lords.

The antiquated constitution of the house of lords and its comparative neglect of its duties irritate modern reformers both theoretical and practical and have led them often to call for its overthrow. But at the bottom of this charge of obsolescence and inefficiency is the fear that the peers may take it into their heads to be energetic and industrious, constant in attendance and active in operation.

Rather Suggestive. "You look worried, count." "And I am worried, monsieur. I go to ze rich young lady's house to ask for her hand, and I fall over ze burglar alarm."

IF YOU WANT CASH FOR YOUR REAL ESTATE OR BUSINESS I CAN GET IT. No Matter What Your Property is Worth, or in What Town, City, State or Territory it is Located. I did not have the ability and facilities to sell your property, I certainly could not afford to pay for this advertisement. This "ad" (like all my other "ads") is practically sure to place on my list a number of new properties, and I am just as sure to sell these properties and make enough money in commissions to pay for the cost of these "ads," and make a good profit besides. That is why I have so large a real estate business today. Why not put your property among the number that will be sold as a result of these "ads"? I will not only sell it--some time--but will be able to sell it quickly. I am a specialist in quick sales. I have the most complete and up to date equipment. I have branch offices throughout the country and a field force of men to find buyers. I do not handle all lines usually carried by the ordinary real estate agents. I MUST SELL real estate--and lots of it--or go out of business. I can assure you I am not going out of business. On the contrary, I expect to find, at the close of the year, that I did the past year, but it will first be necessary for me to "list" more property. I want to list YOURS and SELL it. It doesn't matter whether you have a farm, a home without any land, or a business; it doesn't matter what it is worth, or where it is located. If you will fill out the blank letter of inquiry below and mail it to me today, I will tell you how and why I can quickly convert the property into cash, and will give you my complete plan FREE OF CHARGE and terms for handling it. The information I will give you will be of great value to you, even if you should not sell. You had better write today before you forget it. If you want to buy any kind of a Farm, House, or Business, in any part of the country, tell me your requirements. I will guarantee to fill them promptly and satisfactorily. DAVID P. TAFF, the Land Man, 415 Kansas Avenue, Topeka, KANSAS
