LAKEVIEW, OREGON, FEB. 28, 1907.

The California legislature has passed a law which fits the Reuf-Schmitz cases. The new law gives parties charged with crime the right to select the judge before whom they shall be tried. There can be but one object to such a law, and that is to protect, as near as possible, the rich criminal class. There is absolutely no reason why any qualified judge should not try any case within his jurisdiction, and there is absolutely no reason why any one charged with crime should have any choice in judges. Judges should try all cases according to the law, and friendship or dislike ought not to have any effect on the verdict.

It is a notorious fact that New York has in its society circles a class of wealthy men whose life is a disgrace to mankind, and they should be made known to the world and a halt called on their depredations; and it is a further notorious fact that in trying the Thaw case, which might reveal others of Stanford Whites' type and do something toward cleansing New York of its crime, Judge and attorneys are careful not to allow the names of other criminals to be used by witnesses, but when names must be given the witnesses are allowed only to whisper them to the attorneys.

Los Angeles is the birthplace of the proposition to divide the state of California into two states. The scheme has ripened into sentiment, and congress will be asked to act upon the question. The grievance of the people of the southern portion of the state is said to have arisen from the power of the Southern Pacific in the legislature, which is alleged to have shattered community interests.

Esther Mitchell, who shot and killed her brother, Jonh Mitchell, the slayer of Holy Roller Creffield, last July, has, at last, been adjudged insane and committed to the Washington asylum for the insane. Esther's accomplice in the murder, Mrs. Creffield, took poison and died in jail; thus ends the career of Holy Rollerism in Oregon.

The Thaw trial is wearing slowly along. Mrs. Thaw being still the most interesting witness. District Attorney Jerome has the witness in hand for cross-examination, and she proves a hard one to shake from her direct testimony. It is anticipated by Thaw's attorney, Delmas, that Jerome intended to indict Mrs. Thaw.

Berkeley is seeking to wrest the state capital from Sacramento. Twenty representative men of Berkeley have presented upon the legislature and presented their petition to that body, now in session at Sacramento.

Grazing permits are being granted at Heppner for stock on the forest reserve which will be open June 1. Out of 136,391 head of horses, cattle and sheep applied for, 114,938 were given permits. The remaining 21,353 head will have to be disposed of by the owners or kept in pastures.

There is considerable fear expressed, so we are informed, about the railroad touching Klamath Falls. A party from there the other day said the bottom was about to drop out of the Klamath Falls boom.

Earthquakes to Californians are like alarm clocks. For a while they awaken them, but the people have got used to them and scarcely wake up any more when one occurs—especially the newspaper men.

Rumor has it that the Western Pacific has purchased the Virginia City & Truckee railroad and is negotiating for the N. C. O. The roads will be connected and made into a standard gauge.

Senator Reed Smoot will retain his seat in the U. S. senate. So says 51 United States senators, against 37 who wished to expel the Utah Senator.

The California legislature overwhelmingly rejected the proposed constitutional amendment admitting woman suffrage.

Some of the leading daily papers of Montana have suspended publication on account of the demands of printers unions.

It is said that Cuba intends to lick the United States if this country does not withdraw its forces from the Island.

The Hermann trial is well under way and the government is securing a mass of damaging evidence.

The postoffice appropriation bill, the largest ever reported has passed the lower House of Congress.

The Washington legislature has again defeated the local option movement in that state.

Miss Jennie Dillon, who is here from San Francisco on a vacation, visiting her cousin Jas. McShane and family, one day last week received \$70 from her employers in the city as a months salary, and after reading the letter placed the money, which was in greenbacks, back into the envelope and forgetting about it, burned the envelope and contents.

Mr. W. H. Garrett, father of Tom and Gordon Garrett, who went to Bismark, Missouri last fall to spend the winter, returned to Lakeview on Sunday nights Southern stage. He expects to go to Bly in a few days. Mr. Garrett brought back a pair of peafowl to C. W. Dent of Adel. The fowl arrived in good shape and will be allowed to rest here a few days before being taken to Adel.

**Good Specimens of Ore.**  
Gus Schroder informed us while in Lakeview last week, that some very fine specimens of gold quartz was being found in the vicinity of Silver Lake. He, himself, found a piece of quartz sometime ago, but has been unable to trace the ledge from which it came. Bennie Vandorn found a piece of rock which is very rich in gold, but has not given out the secret of the location of his find to but very few. Others have found some good rock and secret prospecting is going on all the while.

**Mrs. Osborns' Letter.**  
It is not every season that is made distinctive by some radical change in dress. The present, or at least the next will be notable, therefore; notable in that it witnesses a change likely to send consternation to the hearts of many women who do not at first thought see how significant and how excellent the approaching change is to be. But clamor as many women may, the short skirt is doomed—and doomed largely because American women have turned it into an absurdity.  
The French—ah! the French understand the niceties of life; they rarely err in proportions!—well, the French saw possibilities in the short skirt and with fine discrimination adopted it in suitable form. It may be interesting to know in this connection that it was I who originated the conventionalized short skirt that has since been travestied so sadly, although so gladly. Little did I realize, when I made for Miss Elsie De Wolfe the skirt destined to set all Paris talking, and all American dress-making, that my interpretation of the reformed skirt would, even in the vogue I foresaw, rise to such heights of stupid popularity. I use the word "stupid" advisedly. There is neither rhyme nor reason in the average American woman's adaptation of the short skirt.—Mrs. Osborn in the March Delineator.

**Rising from the Grave.**  
A prominent manufacturer, Wm. A. Fetzell, of Lucama, N. C., relates a most remarkable experience. He says: "After taking less than three bottles of Electric Bitters, I feel like one rising from the grave. My trouble is Bright's disease, in the Diabetic stage. I fully believe Electric Bitters will cure me permanently, for it has already stopped the liver and bladder complications which have troubled me for years." **IF YOU WANT CASH**  
FOR YOUR REAL ESTATE OR BUSINESS  
**I CAN GET IT**

No Matter What Your Property is Worth, or in What Town, City, State or Territory it is Located

If I did not have the ability and facilities to sell your property, I certainly could not afford to pay for this advertisement. This "ad" (like all my other "ads") is practically sure to place on my list a number of new properties, and I am just as sure to sell these properties and make enough money in commissions to pay for the cost of these "ads," and make a good profit besides. That is why I have so large a real estate business today.  
Why not put your property among the number that will be sold as a result of these "ads"?  
I will not only sell it—some time—but will be able to sell it quickly. I am a specialist in quick sales. I have the most complete and up to date equipment. I have branch offices throughout the country and a field force of men to find buyers.  
I do not handle all lines usually carried by the ordinary real estate agents. I MUST SELL real estate—and lots of it—or go out of business. I can assure you I am not going out of business. On the contrary, I expect to find, at the close of the year, that I have sold twice as many properties as I did the past year, but it will first be necessary for me to "list" more property. I want to list YOURS and SELL it. It doesn't matter whether you have a farm, a home without any land, or a business; it doesn't matter what it is worth, or where it is located. If you will fill out the blank letter of inquiry below and mail it to me today, I will tell you how and why I can quickly convert the property into cash, and will give you my complete plan

**FREE OF CHARGE**

and terms for handling it. The information I will give you will be of great value to you, even if you should not sell. You had better write today before you forget it. If you want to buy any kind of a Farm, House, or Business, in any part of the country, tell me your requirements. I will guarantee to fill them promptly and satisfactorily.
