Timber Land Deals. The Examiner is prepared to handle timber lands in large or small bodies; the trouble has always been timber land owners have been scattered over the country and those who lived close enough together to list their lands in a sufficiently large body to make the sale one of importance to timber land purchasers, their lands have invariably been in such localities as would prohibit consolidation. We have arranged with a firm to take these isolated tracts, and by so doing, we are able to secure enough land in one body to make it an object to purchasers to investigate, and thus the lands will bring the highest market price. Parties owning but 100 or 80 acres will not be told by their intending purchasers that their tracts are too small to bother with. The company we are dealing with is absolutely responsible and has plenty of capital. Write The Lake County Examiner for full particulars. If you have a piece of timber land to sell write The Lake County Examiner. We can place your land where it will bring the highest price.

I am now doing business again as of old, and am still gaining daily." Best tonic medicine on earth. Guaranteed by Lee Heald, druggist. 50c.
