

A Hair Dressing

Nearly every one likes a fine hair dressing. Something to make the hair more manageable; to keep it from being too rough, or from splitting at the ends. Something, too, that will feed the hair at the same time, a regular hair-food. Well-fed hair will be strong, and will remain where it belongs—on the head, not on the comb!

The Oregonian criticizes Mr. Burggraf, the architect who drew the plans for the Lake county court house, saying that his plans are always such that no one but his partner will ever bid on a contract. From what we can learn, the trouble with Mr. Burggraf is that he compels the contractors to conform absolutely to the specifications. Not one brick or piece of lumber will be allowed to remain in the building that is not placed according to his plans.

The dance given in the I. O. O. F. hall last Saturday night by C. C. Price, was a decided social success. The music by the orchestra was perfect in time and melody.

Card of Thanks.

We wish to return our heartfelt thanks to the many generous friends who stood by us, with such unwavering kindness during our bereavement incident to the death of our son and brother. Seldom have any in need of sympathy and the most devoted friendship, received the full measure of the best fruit of the human heart. From first to last it was one unceasing routine of kindness and attention and the gloom of death was conquered by the warm radiance of the kindness bestowed in honor of the departed. May the bread they so lavishly and generously cast upon the waters return to them, after many days, and He who "tempers the wind to the shorn lamb" protect them from all harm and long shield them from the sorrow, sickness and death incident to humanity.

Wonderful Eczema Cure.

"Our little boy had eczema for five years," writes N. A. Adams, Henrietta, Pa. "Two of our home doctors said the case was hopeless, his lungs being affected. We then employed other doctors, but no benefit resulted. By chance we read about Electric Bitters; bought a bottle and soon noticed improvement. We continued this medicine until several bottles were used, when our boy was completely cured." Best of all blood medicines and body building health tonics. Guaranteed at Lee Beall's Drug store, 50c.

"What's Platter Now?"

In the Barry-Cronin case one of America's Native sons was a witness for the State. The redskin was not very familiar with the English language, or at least, as it is used in court rooms, so it was necessary to have an interpreter. Judge Webster for the defense, questioned the Indian severely, and the look on counsel's face indicated that he was not so sure the interpreter was correctly quoting the witness. When the Indian was relieved he came down stairs and remarked to a bystander, "What's the matter with that man up there? He get all hot in the face; I no lie."

Catarrah Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY CO., Toledo, O. Sold by druggists, 75 c. Take Hall's Family Pills for constipation.

LAKE COUNTY ABSTRACT CO. INCORPORATED

A COMPLETE RECORD

We have made an entire transcript of all Records in Lake County, which, in any way, affect Real Property in the county.

We have a complete Record of every Mortgage and transfer ever made in Lake County, and every Deed given.

ERRORS FOUND.

In transcribing the records we have found numerous mortgages recorded in the Deed record, and not indexed; and many deeds are recorded in the Mortgage record and other books. Hundreds of mortgages and deeds are not indexed at all, and are most difficult to trace up from the records.

We have notations of all these Errors:

Others cannot find them. We have spent hundreds of dollars hunting up these errors, and we can guarantee our work.

Sympathetic Strike.

A strike occurred yesterday morning on the two-story building being erected for Rudolph Spreckles by which about seventy men of the carpenters', bricklayers', plasterers', lathers' and laborers' union went out. The main walls are about completed and the wiring is being done by the Metropolitan Electrical Construction and Supply Company, which is employing electricians of Electrical Workers' Union, N. O. 6.

On Monday morning last a walking delegate of the Building Trades Council notified the contractors on the building that all union men would be called off if the workmen of Electrical Union, No. 6, were continued on the job.

Yesterday morning at 11 o'clock about seventy men quit work at the order of P. H. McCarthy. The six electrical workers of Union No. 6 continued work throughout yesterday, and it is stated by F. G. Cartwright, manager of the Metropolitan Electrical Construction and Supply Company, that three more electricians of Union No. 6 will be added to-day.

Cartwright stated yesterday that the six men working on the building are competent men; that they are union men, and that they have cards from the State Building Trades Council. Cartwright says he is paying them the highest wages in San Francisco—foremen \$6 50, journeymen \$6 and helpers \$3 a day.

Cartwright takes the stand that he should have the privilege of employing competent men and refusing to employ incompetents.

It is announced that an "open shop" notice will be posted on the building this morning, and that work will be offered to union and non-union men. —San Francisco Chronicle.
