The "Fair" held last Friday evening for the benefit of the M. E. Church, was a decided success. The booths, six in number, were tastefully decorated and liberally patronized. The total receipts from the work of the society amounted to two hundred and forty dollars. Every one seemed to enjoy the evening and went home satisfied.

On Sunday, May 19th, the treasurer of the M. E. Church was "shocked" to find a \$20.00 gold piece in the morning offering. The occurrence was repeated in the evening. While the party guilty of "stuffing" the contribution box with \$20 pieces is not known, W. W. Brown, the horse-man, is suspected. We understand that Mr. Brown made the Church a present of \$100 last Friday.

Quite a crowd of strangers can be seen on the streets of Lakeview at all times these days. Some looking for land, some for mines, some for horses and some for sheep and wool. Lakeview is said by traveling men to be the liveliest town they visit. They sell larger orders here than any town of the size on their routes. No one is better posted and better authority on the prosperity of a section of the country than the traveling man, or drummer, as he is frequently called.
