LAKEVIEW, OREGON, OCTOBER 10, 1907.

#### A Misrepresentation.

The Pacific Monthly for October publishes a write-up of Klamath county. The writer does not sign his name, and the article would naturally be considered the product of the publishers of the Pacific Monthly, were it not for the fact that statements are made in it so blazely false that the reader can hardly conceive the publisher's motive for writing them, hence, the conclusion is quickly drawn that the writer is nothing more than a Klamath Falls "Booster".

The Article says, in part: "Klamath Falls, the county seat, controls the trade, not only of Klamath County, but also of Lake County."

Klamath Falls does NOT control the trade of Lake County, NEVER DID, and it is a safe prediction to say that it NEVER WILL. A thing could not be more impossible. The statement is preposterous and the writer has said that which is not true, and if he knows anything of conditions at all, he knew his statement was untrue. The publishers of the Pacific Monthly have been imposed upon by a Klamath Falls Boomer (ang), who has taken the opportunity to get his false reports into print and widely circulated.

There is not a pound of freight shipped through Klamath Falls to Lake county. There is not a single resident of Lake county who buys a dollars' worth of provisions in Klamath Falls but on the other hand there are several residents of Klamath county who come to Lakeview to buy their supplies.

The writer also assumes a great deal, when he says that "Klamath Falls will be the central division point between San Francisco and Portland".

Between three and four inches of wet snow fell in Lakeview during the big storm that visited the Pacific Coast week before last. In a few hours the snow was all gone, but the remembrance of it clung to the minds of the editors of those very far-reaching Journals of Silver Lake, and the longer those editors thought about it the deeper the snow became in their minds, and by the time they went to press last week they had a foot of snow in Lakeview. They have an orange belt up at Silver Lake, that is, a common leather belt covered with orange peels. The orange peel was imported from Lakeview.

Every good citizen of Oregon will "holler hurrah" when he learns that Governor Chamberlain is determined to offer a reward big enough to bring to justice the murderers of Harvey K. Brown. This, the first case of dastardly cowardly, murderous bomb throwing in Oregon should, by all means, be avenged. The governor has offered \$12,000 for the assassins, and it is to be hoped they—the real ones—will be captured and so rigid an example made of them that another case will never be attempted in our state.

United States Senator Borah, of Idaho, who was on trial last week on charge of conspiracy to defraud the government out of public lands, was acquitted on the first ballot.

Dr. George Gilber Bancroft, the humorist and entertainer, accompanied by D. Lillian Lewis, the vocalist, and impersonator, came in from Klamath Falls Tuesday, where they appeared six nights. Dr. Bancroft and Miss Lewis will make their bow to a Lakeview audience Saturday evening, Oct. 12, at the Snider Opera House in a laughing character sketch, entitled, "Noses." Dr. Bancroft is not a stranger to Lakeview, he having lectured here six nights fifteen years ago. The old timers speak in the highest terms of his entertaining abilities.

Mr. W. B. Chance, deputy commissioner of labor and factory inspector, visited Lakeview and vicinity the past week, and did not overlook The Examiner office, which visit, to our sorrow, cost us \$5 for inspection fees. We are pleased, however, to note the good condition in which he reported our plant. Mr. Chance states that he has inspected all the mills in this section of the county, and finds them in average condition with other mills of the state. He is a very pleasant gentleman to meet.

Two men, who are supposed to be the murderers of Ex-Sheriff, Harvey K. Brown, of Baker City, went to the jail a few nights ago and climbed over the wall where the blood hounds that were so closely tracking them were kept, and offered the jailer \$250 to kill the dogs. Upon his refusal to do so they told the jailer that if he did not comply with their request they would blow up the jail. The murderers are supposed to be in Baker City.

The Alturas Republican says that Geo. Bayley, of Likely, raised 108 sacks of barley to the acre on three thousand acres. The Cedarville Record don't believe it. The Record says Modoc county can boast of some of the biggest things in the world, among them, three of the biggest liars, himself, he says is one, and the Republican the other two.

Governor Chamberlain has offered a reward, on behalf of the State of Oregon, of \$12,000 for the arrest and conviction of the persons connected with the dastardly and cowardly murder of ex-Sheriff Harvey K. Brown, of Baker City.

It is now almost a settled fact that Dr. R. E. L. Steiner, formerly of Lakeview, will succeed Dr. Calbreath as Superintendent of the State Insane Asylum at Salem when Dr. Calbreath second term of four years, will expire Jan. 1, 1908.

#### Easy to Fix This.

What will appear very interesting to many people here is the article taken from a New York daily paper, giving a simple prescription, as formulated by a noted authority, who claims that he has found a positive remedy to cure almost any case of backache or kidney or bladder derangement, in the following simple prescription. It taken before the stage of Bright's disease:

Fluid Extract Dandelion, one-half ounce; Compound Karkon, one ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and again at bedtime.

A well-known druggist here at home, when asked regarding this prescription, stated that the ingredients are all harmless, and can be obtained at a small cost from any good prescription pharmacy, or the mixture would be put up if asked to do so. He further stated that while this prescription is often prescribed in rheumatic affections with splendid results, he could see no reason why it would not be a splendid remedy for kidney and urinary troubles and backache, as it has a peculiar action upon the kidney structure, cleansing these most important organs and helping them to sift and filter from the blood the foul acids and waste matter which cause sickness and suffering. Those of our readers who suffer can make no mistake in giving it a trial.

A man was discouraged from a life time of failures. He had only \$90 left to his name. He invested it in 600 shares of Nevada mining stock at 15 cents a share. Within as many days as he had invested dollars the stock went up to \$17 a share, and the man sold out for \$10,200. He is a millionaire now. If you will write to the Lee Comstock Mining Company, Postoffice Box 258, Rhyolite, Nevada, it will tell you how to duplicate this man's success.

Klamath Falls had given up the idea of having a fair until some one happened to think that they were getting all the money appropriated by the state for a district fair in Lake and Klamath counties, and that Lake county might get its share of the money if Klamath failed to hold a fair. This fact spurred them to action at once, and now they will have a fair this fall. Klamath county could not keep all the states appropriation anyway, if Lake county should decide to hold a fair. Of course the way the law reads Lake county would have to hold a fair the previous year before it would be entitled to its share of the appropriation for this district. There is some talk of holding a fair this year, and if the scheme is carried out, next year Lake county will get the \$300 from the state that Klamath has been getting.

A shepherd, known as Spanish Joe, in attempting to cross the mountain from Surprise valley to Alturas encountered a terrific blizzard and was frozen to death. A man by the name of Arthur Stainer accompanied the Spaniard, and he, too, was almost frozen. The blizzard was the one that visited the entire Pacific Coast a week ago last Friday night and Saturday. Nothing like it was ever heard of in the West.

The storm that visited this country last week was not a local one, by any means. In other localities in the west the storm was severe to the extreme and all sorts of damage was done.
