**\$100 Reward \$1.00.**  
 The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. **MODES OF THE MOMENT.**  
**An Odd Pony Skin Coat—Quaint Bonnets For Woe Folk.**  
 More odd than pretty is a pony skin coat in short mandarin style cut in one piece and trimmed with colored bead banding, the kind that is worked on a loom. The crude effect is modified by veiling the trimming with black chiffon, while narrow chiffon bags in close tassels made from beads match in the decoration.  
 The general style of winter hat runs smoothly to width. It is short in front, scoops down akin to a five in

A TOY FOR THE BABY—541

die's bonnet behind and soars out on each side so that a girl's best friend can't get within a yard of her.  
 There are the quaintest little Dutch bonnets with plaid ribbons that are worn by both the small boy and girl. And the old fashioned poke bonnet has come back to town for the little lady.  
 A medium between the plain linen collar and the soft muslin and lawn neckwear is met with an openwork collar of linen lace and strappings of cambric or linen. Then there are all round collars composed of five or six narrow bands of plique or linen united by hairpin work and overlaid in parts with leaves of embroidered plique or linen.  
 Very frequently a woman tries to button a glove on before it has been fully fitted, and as a result she tears a tiny triangular piece from the thumb and eye breaks the kid where the stitching comes, so that it shows white, and often the button will pull out, bringing with it a piece of kid. Before trying to button the glove keep smoothing the kid from the back of the hand toward the palm until the edges meet easily without undue strain.  
 There is nothing that can be made more certain to carry joy to the young recipient's heart than such a toy as the one illustrated. Pussy is so fascinatingly soft and so charmingly realistic! As illustrated she is made of soft white fur plush, but any color suggestive of pussy cats can be used.

**SMART STYLES.**  
**Ready to Make Up Net Robes—A New Model in Baby Slip.**  
 Charming white net robes are now in the shops all ready to make up. One such robe in Alice blue, with narrow valenciennes run all over it and with quite billowy flouncings at the bottom, was only \$1.95, a most surprising price when one considers that the robe almost fashions itself into a gown without any cost of making. Material for the blouse is separate, while the skirt

FOR DUSTY LITTLE GIRLS—5144

is ready to be put into the hem and on the waistband. A lawn or taffeta lining is all that is needed. These robes come in pink, lavender and cream.  
 A new model for a baby slip is a little princess dress done with rows of lengthwise tucks, which, alternating with valenciennes insertion, form the body of the garment and give fullness below the hip line.  
 The square jacket and the plaited skirt in some heavy stuffs, plaid or plaid brown reds or very dark blues, are much worn. With them are seen shirt blouses trimmed with jabots that grow fuller and wider every day.  
 Military buttons are possessed by most women. One of these makes an effective center to a flat puff of velvet and forms a good example of the homemade coat button. The puff should be cut on the cross, a cord extending from the edge across the coat to loop over the "working" button on the other side.  
 For hair ornaments the Parisienne favors a single large rose or a cluster of smaller flowers, but coronets and small wreaths of leaves have a decided vogue and are certainly among the prettiest and most becoming of ornaments.  
 The cut shows a most useful and pretty school or play apron made of chambray in a checked design. The pipings are of plain blue chambray.
