San Francisco is raising vast sums of money and otherwise preparing for a fight-to-finish battle with the bubonic plague this coming spring.

It is our belief that the people of this county will support the legislative appropriation for the maintenance of the State University, which appropriation is objected to by the state Grange to such an extent that that organization has invoked the referendum and will bring the matter to be voted upon at the coming election. Our neighbor States appropriate large sums for the maintenance of State Universities. California appropriates \$580,000, Washington \$230,000, Nevada \$240,000, Oregon gives to its Universities only \$47,000, less than any State University in the United States. The last legislature raised this appropriation to \$100,000, and the voters should sustain the legislature.

It is said that Mr. E. K. Henderson, of Silver Lake, candidate for county commissioner of Lake county in its entirety, came down to Paisley last week advocating the removal of the county seat, and promising that such a move would be carried out if he was elected. The people of this end of the county had conceded that Mr. Henderson should be elected commissioner, but they did not suppose that he would dabble in such spiteful and trivial matters as he is said to be guilty of. Mr. Dent withdrew from the race to give Henderson a clear field. The county seat removal agitation is not a proper thing for a man catering to the suffrage of the people of the entire county to be dabbling in, and Mr. Henderson will make himself a very unpopular candidate by so doing.

A duel was fought in Texas by Alexander Shott and John S. Nott. Nott was shot and Shott was not. In this case it was better to be Shott than Nott. There was a rumor that Nott was not shot, and Shott avows that he shot Nott, which proves either that the shot Shott shot at Nott was not shot, or that Nott was shot notwithstanding. Circumstantial evidence is not always good. It may be made to appear on trial that the shot Shott shot, shot Nott, or, as accidents with firearms are frequent, it may be possible that the shot Shott shot, shot Shott himself, when the whole affair would resolve into its original elements, and Shott would be shot and Nott would be not. We think, however, that the shot Shott shot, shot not Shott, but Nott, anyway it is hard to tell who was shot.—Exchange.

The Old Fellows of Lakeview Lodge were called upon last Friday to perform the last sad rites over the body of a deceased brother, Mr. C. O. Vincent, of Pine Creek, who died on Thursday, March 5, of pneumonia after an illness lasting but six days. Mr. Vincent was about 48 years of age and had a family consisting of a wife and five children, who sadly mourn their loss. Mr. Vincent was one of the most respected men in the valley, and had a score of friends. He has several relatives at Pine Creek, and there was an exceptionally large crowd in attendance to lay the good man to rest. He leaves his family in fair circumstances, having acquired considerable land, besides holding a \$2,000 policy in the A. O. U. W. Lodge.
