The Band played in the band stand again last Sunday. The boys are getting some good, hard practice now, and can furnish as good music as one will hear in any county town, of much greater pretensions than Lakeview.

J. N. Fitzgerald was in town Monday from his father's place, where he has been visiting his mother, who has been quite ill for some time. Johnny is one of the warm supporters of Lakeview in the county seat removal scheme.

Ira Bishop returned to Lakeview last week, after a sojourn of several weeks, during which time he visited Portland, Seattle, and many other places. Everybody comes back to Lake county; they cannot find a place that beats it.

R. H. Jonas and wife, of Wallowa, Oregon, have applied for positions in the Lakeview School for the next term. Mr. Jonas taught at Paisley one term a few years ago, and was very well liked. He has been editing a news paper for a year or more.

J. P. Duke was up from the ranch last Saturday. Jim is one of those broad minded men who says the county seat is located in the most convenient place in the county for the greatest number of the people, and he sees no need for moving it.

As I am agent for the Chico Nursery Co., and have sold a large shipment of nursery stock here already, which will be shipped in a short time, would like to get a few more orders before it is too late.

J. W. Schweinfurth. 12-2

Frank Stanley passed through town Monday with his family, moving to South Warner valley, where he goes to locate a new range for his band of goats. Mr. Stanley will be on the east side of Warner, and his nearest postoffice will be Warner Lake.

C. D. Arthur has purchased the half interest of H. L. Chandler in the Mammoth Livery Stables for \$6000. Mr. Chandler has bought the S. J. Prose ranch four miles above town, and moved out to his new home Tuesday. We did not hear the price.

Geo. Harrow, of Hotel Lakeview, has been having a siege with blood poisoning of the hand, which started from a very slight wound on the knuckle joint of the left hand, which he thinks may have been caused by a small sliver, but he does not know.

Does Your Heart Beat

Yes, 100,000 times each day. Does it send out good blood or bad blood? You know, for good blood is good health; bad blood, bad health. And you know precisely what to take for bad blood—Ayer's Sarsaparilla. Doctors have endorsed it for 60 years.

One frequent cause of bad blood is a sluggish liver. This produces constipation. Poisonous substances are then absorbed into the blood. Keep the bowels open with Ayer's Pills.

Mrs. M. E. Kimsey, who went to the St. Vincent hospital, in Portland a few months ago, returned home last week, and says she thinks as soon as she has time to rest a little she will be much improved in health. She left the hospital as soon as she was able to travel.

The Examiner is in receipt of an invitation from the committee on Reception, to visit San Francisco to attend the festivities in honor of the officers and men of the American Fleet which will assemble in the Bay of San Francisco on arrival during the month of May.

W. J. Proudfoot Government stock inspector, returned Tuesday from an official trip to the desert, where he inspected in the neighborhood of 50,000 head of sheep. He reports some scab, but says Dave Edler's sheep are clean. He says the desert is dryer than it was this time last year.

Every voter in Lake county should register, and vote on every measure on the ballot, either yes or no. If you don't understand the measure, it is safer to vote no, for you know you can get along with the laws we have, and unless you understand the new law and want it better vote no.

Can the Country Afford It?

The Brewers, Malters, and Distillers of the United States consume in their products every year:

In addition they pay City License, Real Estate and Personal Property Taxes aggregating the enormous total of \$70,000,000.00.

The continued growth of Prohibition and the destruction of the Brewing and Distilling industries will result in the Allied Trades in all lines of manufacture being made to suffer great losses through the destroyed market for their product.

The unemployed of all the large cities of the United States just at the present time number many thousands who are clamoring for food and shelter. The prohibition movement, if allowed to expand will certainly aggravate these conditions by adding many thousands to the number of unemployed and over loading the tax payer by compelling him to shoulder expenses now borne by the industries that certain fanatics are attempting to put out of business. It will put in jeopardy the livelihood of upwards of Four Million people and precipitate the greatest financial crisis this country has ever known.
