

Lake County Examiner

VOL. XXIX

LAKEVIEW, LAKE COUNTY, OREGON, THURSDAY, APRIL 23, 1908.

NO. 17

OFFICIAL STATEMENT BY JUDGE,

Contracts for Work by The Day.

ADVERTISED IN THE EXAMINER.

Lime and Cement Secured Cheaper Than Ever Before in Lake County.

Editor of Examiner: Referring to the inquiry in the last issue of the Examiner, for an Official statement of the manner in which Contracts have been let for the construction of the Court House Building, and also the methods used in purchasing materials, for the same, I beg leave to inform you that the following Contracts, in reference to the construction of the Court House building, have been let: The Plans and Specifications to Mr. Charles H. Burggraf of Albany, Oregon; the Lumber to the Lakeview Land and Lumber Company of Lakeview, Oregon; the Brick to Mr. E. C. Stichel of New Pine Creek Oregon. Lime and Cement have been purchased in open market, and the Sand for the building and the Stone for the foundation were delivered by the day's work.

Bids for the Lumber and Brick were invited by publication in the Lake County Examiner, and Contracts were awarded in each case to the lowest and best bidder.

No contract has been let for the construction of the Court House building, for the reason that all bids received for the work were considered so unreasonably high that the County Court rejected every bid submitted and has made arrangements to construct the building by the day's work, or rather by the hour's work, so that each man employed shall be paid by the hour. As a result of paying each man by the hour the question of how many hours shall constitute a day's work has been entirely eliminated; and by rejecting all bids for the construction of the building and having the work done in this manner the Court is of the opinion that a saving of not less than \$5000 to \$7000 can be made for the taxpayers of the County.

To superintend the construction of the building the services of two experienced and competent men have been secured; one to take full charge of the Stone, Brick, and Cement work; the other to superintend the carpenter and finishing work. These men and also the Bricklayers, although paid by the hour, are under contract to complete the entire work of construction. All other men employed are residents of the County.

In the purchase of Lime and Cement, quotations were invited and received from nearly every wholesale dealer in Lime and Cement on the Pacific Coast, and as a result of this method Roach Harbor Lime, which is one of the best brands of Lime in the market, was purchased in seamless barrels for \$1.35 per barrel with a freight rate to Madeline, California, of 54 3/4 cents per hundred pounds, so that each barrel of Lime costs at Madeline, freight paid, only \$2.55 1/2 per barrel.

Golden Gate Cement, which is also one of the best brands of cement in the market, was quoted at \$1.90 per barrel of 400 pounds each or \$2.10 per barrel in sacks of 100 pounds each. The Cement was purchased in sacks for the reason that there is no loss from leakage, while if purchased in barrels there is usually great loss from leakage and also from the breaking of barrels due to wagon transportation. A sack of Cement, therefore, cost 52 1/2 Cents with a freight rate of 56 3/4 cents per 100 pounds to Madeline, California, so that each sack of Cement containing 100 pounds cost at Madeline, freight paid, only \$1.09 1/4.

It is safe to say that never before has either Lime or Cement been purchased and delivered at Madeline, California, by any person or firm in Lake County for prices as low as these secured for the construction of the Court House building.

The same conservative rule shall be applied to the purchase of every other article required to complete the building, so that the taxpayer may feel

assured that it shall be the earnest endeavor of each member of the County Court to do everything that is possible, to construct the building not only in a good substantial manner, but also in the most economical way that such a structure can be built; and upon its completion a committee, of competent and representative business men of the county, shall be appointed to make a thorough examination, not only of all expenditures and vouchers covering the entire cost of the building, but also a report of the manner in which contracts were let, materials purchased and all other matters relating to the construction of the Court House building, so that the same can be published for the information of the taxpayers of the County.

All invoices, vouchers, contracts, quotations for materials purchased, and correspondence relating to the construction of the Court House building are on file in the office of the County Clerk, and are subject to the inspection and examination of every taxpayer of Lake County.

B. DALY, County Judge.

H. M. Calk, Republican Nominee for United States Senator.

Plush De Horoscope.

Disparage not Plush
Oh Tumble down Dick
For surely your vision
Has played you a trick.
McCarty Come Down
Has professed true
You can look at the Stars
And read it anew.
The electric lights
And street cars you may see
If you'll only look
In the place where they be.
The City Hall
A grand swell affair,
Presto change—
You will find it there.
The Orpheum and forum
Just ope your eyes wide
And dont try to make out
Our post has lied.
The wild serging waves
Kind friend will you note
Is a ganal where the boats
Cast anchor in port.
The Elephants mounted
Its harmless be sure,
Its only a dummy
A sign for some store
At canamary hotel
You'll find Bill Barry in the lead
You can vouch for Bill
Where the're dishing up feed.
And if your appetite is good
Mr. Tumble Down Dick
If Bill is there you'd
Better be quick.
Of the note? people we
Met while at Plush
Ooe was the Shakespeare
Of the town of Sage Brush.
Also Count Wilhelm von Mulkey
Honored Plush with his name,
And then there was Duke Canterbury
He of Rabbit Creek fame.
We have Majors Fine
And Governors Wise
And titles of all
Description and size.
We have majors dome
And Chneff de Cooks
But you needn't
Size us up by our looks.
If this is to hard
For you to digest
Take a Cigar
And a good nights rest.
Falling in that
There's a place you will find,
Spring bitters that's good
For the body and mind.
Now say you not Plush
Isn't one of renoun
For isn't it known
In Washington.
The Lake County poets
Are on the Wing
They as well as the geese
Know that 'tis Spring
yours
Yap V. Yawl.

R. J. Martin, Coming
Mr. R. J. Martin, president of the Oregon Valley Land Co., which recently purchased the Road Land Grant, mentioned in The Examiner a couple of weeks ago, is expected here shortly. There will be something stirring in Lake county lands this year. In fact the rush has already commenced.

For Coroner													
Wm. Wallace, D.													
E. K. Henderson, R.													
C. A. Rehart, R.													

NOTE.—Last reports give Calk 8000 majority in the State.
Merriman lead in Klamath county by 62, and lost in Lake by 11, which leaves him 58 ahead in these two counties. Reports from Crook give him a majority of three, hence his nomination.
Brattain's vote in Klamath county was 378, and Belknap 287, which will no doubt nominate these two, over Marks.
Kuykendall lead Mills in Klamath county by 120 and loses Lake by 52.

F. O. Ahlstrom was nominated on the Democratic ticket for County treasurer.
E. K. Henderson was nominated on the Democratic ticket for County Commissioner.
C. M. Faulkner was nominated on the Democratic ticket for Surveyor.
The above names did not appear on the Democratic ticket for the offices to which they were nominated, but were written in.

Five More Companies

Portland Or. Apr. (Special correspondence.) With the passage by the Senate a short time ago of the Army bill the way is paved for the establishment in Oregon of a number of new military companies. In order to bring the Fourth Oregon regiment up to a regular army basis as required by the War department, it will be necessary to recruit five additional companies. Applications from almost every thriving city in the state are being received at Portland by Adjutant General Finzer. The task of picking out the new stations is yet to be taken up by the Oregon Military board.

The desirability and advantage of being the station of a military company of the National Guard service appeals to every enterprising community. Companies are already located at such points as Eugene, Roseburg, Ashland, Cottage Grove, McMinnville, Woodburn, Oregon City, The Dalles, Baker City and Pendleton while strong applications for one of the new companies have been tendered by such points as Astoria, Rainier, Seaside, Canby, Silverton, Medford, Grant's Pass, Forest Grove, Newberg, and Klamath Falls. Other applications are being received weekly. The last Legislature appropriated \$100,000 to be paid out at the rate of \$25,000 a year for the construction of armories in the smaller communities of the state. This appropriation is to be voted up on under the initiative and Referendum at the coming June election.

Cure for Nose-bleeding

New York City, April 5th, 1908.
Editor Examiner:
In the last few months The Examiner has published two different remedies for nose bleeding, and having had much experience with the ailment many years ago, also having cured the same entirely from a remedy found in an old scrap book, and believing the remedy much better than either of the others published, I present the same for the benefit of your readers. Furthermore, I have shown the remedy to many people the past thirty five years, when their nose bled in my presence, and was successful in every instance. However, it only applies to the ordinary nose bleed, the small veins. The jaw bone, on the under side, has a notch in the bone, and across said notch the blood veins supplying the face pass over, one for each side of the face. By pressing the thumb, or finger upon the vein, in this notch, when the nose bleeds, the supply of blood is instantly shut off, allowing the rupture to heal, in a very short length of time.
S. V. Rehart.

X L Firm Sells Out

One of the largest deals that ever took place in this county was consummated yesterday, when the Horyford Land & Cattle Co., known locally as the 70 Co., purchased the entire holdings in this and Modoc Co. Cal., of the Cox & Clark Cattle Co., well known here as the XL Co. F. M. Green Superintendent of the Co. is in Sacramento, where the deal was finally closed and a telegraph message was received here stating that the deal was closed. The purchase price amounted to the enormous sum of a quarter of a million dollars, for which the purchasers receive in the neighborhood of 6,000, or 7,000 head of cattle, 300 to 400 head of horses and about 20,000 acres of land in Lake county, Oregon, and Modoc county, California. Everything formerly owned by the XL firm is now the property of the 70 firm, which makes the latter far the largest Livestock Company in the State of Oregon.

Happy in New Home

This office is in receipt of a letter from W. S. Edwards, a former Lake county man, who has resided at Walla Walla the past two years. Edwards states that he owns a 4 acre fruit ranch, and that himself and family are well satisfied with their new home and have good health. Two sons have been added to his family group since leaving here, the youngest was born March 28, this year. He says the best news he has to write back is that he and his wife have joined the Methodist church and are trying to live christian lives.

To Eat 'Yeller-Legs'

Mr. Wm Holder, editor of the Silver Lake Leader, has been at Paisley the past week eating 'yeller-legged' chickens. That generous hearted personage extended a cordial invitation to the editor of The Examiner to come up and partake of those wholesome viands with him, but on account of a rush of business, we have been unable to find time to go, however glad we would be to share in his blissful stuffing.

AT THE CHURCHES EASTER SUNDAY,

High Mass at the Opera House.

SERVICES AT M. E. CHURCH.

Large Crowds Attend Both Gatherings, and are Highly Pleased.

The Easter Services Conducted at the Methodist Church by L. W. Counter, were highly appreciated by all who attended and the house was filled to the doors and many left because they could not find even standing room inside the Church.

The songs by the choir and those by the little folks, were very beautiful. The recitations by the little girls and boys were grand, and parents and friends of the speakers must have been proud of their children. Two little tots who attracted special attention because of their age and size, were little Miss Cheny, child of Mr. and Mrs. Al. Cheny, and little Miss Reid, child of Mr. and Mrs. Chas. Reid. Other little speakers were listened to with rapt attention because of their perfect training, not only for the particular occasion, but their preparedness for any like event.

The services of the Most Holy Mass at the Opera house last Sunday morning were very beautiful and impressive. The services to some were, of course, a puzzle. But to those who understand that every movement of the Priest on the Altar is a symbol of the Life and Death of Jesus Christ, it then becomes a very sacred ceremony.

The choir, under the supervision of Miss Snelling, sung the latin mass most beautifully. Their clear young voices rang out sweet and true, the joyous melodies of the Benediction were especially beautiful. The Ochestra's selection Largo—Hadel, and Palms—Faure, were sublime, and most appropriate.

The sermon, by Father Vasta, while short, was to the point, and vested in perfect language, and listened to with rapt attention by the immense gathering of people, who completely filled the opera house, several having to leave for lack of room.

Father Vasta's Banquet

The Banquet given by Father Vasta, last Monday evening in honor of the young ladies who participated in the choir, was a very pleasant affair. The Father was so grateful to Miss Snelling and the young ladies, that he felt that he could not do enough for them. The table was spread with all the good things one could think of; nothing was lacking to make it a perfect feast, and cooked to perfection by the ladies of the Catholic church, and was a feast long to be remembered by those fortunate enough to receive an invitation.

A few invited guests were present besides the choir. Dr. B. Daly, Mr. and Mrs. V. L. Snelling, Mrs. Wm. Harvey, Mr. and Mrs. Chas. Umbach, Mrs. Barry, Mr. and Mrs. C. C. Price, C. O. Metzker and wife, Miss Snelling, Miss Hall, Mr. Wm. Proudfoot, Mr. James Partin, Mr. Carrigan of San Francisco. Those who prepared and served the delicious repast, were: Mrs. James McShane, Mrs. Loftus, and Mrs. Babel.

The choir consisted of the Misses. Edna Penland, Lora Chandler, Eva Clark, Fay Barnes, Lena McShane, Bertha Loftus, Marie McShane, Myrtle Hahn, Vinnie Henderson, Lena O'Shea, Elma Chandler, Vale Loftus.

A Sad Record

We note, with sadness, that two of our exchanges this week, the Cedarville California Record, and the Yreka, Calif., Journal, devote the larger part of their news space to obituaries of loved ones. Five deaths occurred in and about Cedarville last week within the period of one week. And the same number of deaths were recorded in the Yreka Journal. A sad record indeed for small communities, for one week. There did not seem to prevail any certain disease, nor are those communities considered unhealthy. Both are possessed of healthful and vigorous climates.

OSCAR ERBSLOEH AND THE POMMERN.
Oscar Erbsloeh, who won the James Gordon Bennett cup in the international balloon races at St. Louis by his flight of 873 1/2 miles in the balloon Pommern, started from St. Louis on Oct. 21 and landed at Asbury Park, N. J., about forty hours later.
