

Entered at the Post Office at Lakeview, Ore., as Second-Class Matter. One Year, \$2.00; Six Months, 1.00; Three Months, .50

Lakeview, Oregon, May 7, 1908

OUR COUNTY TICKET.

The Republican ticket is composed of as good men as ever went before any people and asked for their suffrage. From the top of the ticket to the bottom, the men who seek the offices are well known to be honorable, and worthy of the office they seek.

For Sheriff, we have Albert Dent. Mr. Dent has lived in Lake county many years, and has been successful in every pursuit. For years he worked on stock ranches in this county, and his services were eagerly sought as they are now as a public servant. He went into the stock business for himself and was successful. His friends two years ago urged him to be a candidate for sheriff, knowing him to be the kind of man that good sheriffs are made of. He consented, and was elected. That he has conducted that office in an honest, fair and satisfactory manner was vouched for by the raising vote he received at the nominating election.

For County clerk we have Mr. E. N. Jaquish, a man equal in ability, watchfulness and painstaking to any man who ever honored the office. Mr. Jaquish has been tried and found to be just the sort of man for county clerk that insures an honest and upright conduct of the affairs of his office. He has been diligent, hardworking, and has attended to the duties of his office in a manner that has failed to bring criticism, even from the most exacting.

We believe that not a Republican in the county can refuse to vote for him.

For Treasurer, we have F. O. Ahlstrom, also a tried and worthy man, who has been prompt in every duty of the office for the past two years. Mr. Ahlstrom has no opposition, but should he have, we doubt if a better county treasurer could be found.

For assessor, we have Mr. John Blair. Mr. Blair has been tried as assessor of Lake county, and his record as such officer will stand as the best recommendation any man can have. Mr. Blair's judgement on values cannot be questioned, nor his firmness doubted. The Republicans could not have found a safer man upon whom to place the great responsibilities of the office of assessor.

Mr. Blair is one of the pioneer residents of Lake County and his knowledge of the growth of the county in values especially fits him for assessor.

For County Commissioner, we have Mr. C. A. Rehart, a man widely known throughout the county, and a man who the people are not afraid to trust in any capacity. Mr. Rehart is a man of wide views on all subjects of public interest, and being a fair minded man and ready at all times to look, not to his own interests, but to the interests of the county at large. No better nor more representative man could have been found for county commissioner. Mr. Rehart did not seek the office but the office sought him. The Republicans did their party proud by nominating Mr. Rehart.

For School Superintendent we have Prof. J. Q. Wittlits, a man who has been at the top of the column in educational matters for these many years. He has served Lake county nobly in the capacity of school superintendent and is certainly qualified for the office. Educational matters are of too great importance to the rising generation to be tampered with and experimented with. Vote for a man who has been tried and found true to the office.

For Surveyor, we have C. M. Faulkner, a young and vigorous man, highly educated for the line of work he seeks to perform for the county. He is a graduate, and also a practical civil engineer. He came to our county highly recommended, and it is safe to vote for C. M. Faulkner.

Save Initiative and Referendum

Initiative and Referendum should never be resorted to except in emergent cases, wherein large majorities of citizens are dissatisfied with what the Legislative Assembly has done, or has failed to do.

The people should never be troubled with matters of legislation except as a means of relief in unsatisfactory situations from which there is no other relief. If so used, and only so used, this law is the truest, only infallible safeguard to a pure representative democratic government.

The state of California is on its knees to the railroads, made so by legislative enactments, which the people of that state are powerless to annul. Oregon is happily so situated by means of this law that we can keep ourselves free. But all laws are susceptible of abuse, and no greater misfortune

could befall the state than will follow an apathetic state of mind amongst voters relating to the various propositions submitted to them.

Nothing else upon which you shall vote is of so great importance. It is, of course, of very great importance that the principles in which you believe should be truly represented by your senators and representatives in Congress, and that the nominees of your party for every office should be loyally supported.

But, the injury to you and to the State from loss on any one of these cases would be as nothing compared with the damage resulting from the passage of that lot of initiative measures with which your ballot will be incumbered.

They are vicious, mendacious, foolish, the product of visionary minds, so weak and impractical as to be properly classed as hallucinations. The proposed constitutional amendment providing for equal representation of all parties, and of voters' organizations, is of this latter description.

The proposed amendment with regard to taxation is a most wicked, deceitful plot of capitalists that can depend on nothing but supposed gullibility of voters to pass it. Four affirmative votes only should be given, 304, 305, 314, 330. All else is either unimportant, or injurious, foul. If Oregon voters fail to vote down the measures, Initiative and Referendum will be so discredited that its repeal must, and ought to follow, and the only security for true representative democracy will be lost.

Voters of Lake County: save the Initiative and Referendum, your only power to preserve government by the people, by voting against every one of these proposals except as above indicated, and save yourselves future annoyance by teaching sophists, visionaries and cranks that you are not gullible, nor inattentive to your duties as sovereign rulers of your own affairs.

The capacity of the people for self government will be fully tested by your attention or failure to act in each and every one of these cases. No legislative assembly can ever do worse than you will do if you fail to vote X at every odd number on your ballot, except as shown above.

We have ever defended, and continue to believe in, the principle of this law, because we believe voters know how to use it, and will not fail to do their duty.

Our future support of it, and, we believe, its continuance as a Statute of the State, depends upon your emphatic disapproval of nearly every measure upon which you are to pass at the election on June 1st.

Oregon has no better law than this if you use it wisely. It is the worst of all laws if you can be influenced to vote for, or fail to vote against, almost everything submitted to you this year, under it.

Only Four Good Measures

No perfect law has ever been made, nor can one be made. The initiative and referendum, and direct primary laws of Oregon are no exceptions to the rule, but are admitted to have weak places, by the stoutest defenders, yet we do not know how they may be reformed without creating new defects perhaps more dangerous than those now existing. The sharpest critic however, can find no great cause of complaint against these laws, if he be friendly to the principles which justify the existence of such laws, except the facility with which cranks may incumber the ballots of voters with a mass of needless, foolish, hurtful stuff, as is the case this year. Our hope of relief from this evil is, that voters are not so ignorant nor inattentive, as they are supposed by some to be, and that they will so emphatically defeat the expectations of those who have trusted in their want of understanding or apathy to pass such measures, that such attempts to gull voters will soon cease. We place such confidence in the common sense and watchfulness of Lake County voters that we venture to predict not more than four of these propositions will be approved by them.

The affirmative numbers which should, and in our opinion, will be voted on in Lake County, are 304-306 314-330, and we believe voters will not fail to vote against every other proposed measure. We wait anxiously for developments.

Statement No. 1 seems to have become a fixed principle in Republican politics of Oregon. Not content with instructing members of the Legislature how to vote when it comes to the election of a United States Senator, it is now proposed to send an instructed delegation to the Republican National Convention. All that is necessary to entirely disrupt the Republican party of Oregon is for it to adopt a few more populist doctrines, and from present indications it is not at all improbable that such action will be taken at the coming June election.

Sheriff Dent returned from the north end of the county last week, where he went to summons the jury for the coming term of circuit court.

Candidates' Cards

For Sheriff

Albert Dent. As I am the Regular Republican nominee for the office of Sheriff of Lake County, I take this opportunity to thank the voters of the county for the honor they have bestowed upon me in the past. If elected again, I promise them the same faithful duty to office that I have given in the past. ALBERT DENT.

For County Clerk

E. N. Jaquish. Being the regular Republican nominee for the office of County Clerk, I wish to express my gratitude to the people of Lake County for past favors, and I promise that I shall, if elected, give the same careful attention to the duties of the office in the next two years that I have given in the past. E. N. JAQUISH.

For Assessor

J. B. Blair. Regular Republican nominee for Assessor of Lake County. To those upon whom rests my election to the office: seek, I wish to say: Study my past record as such officer, and if I have not failed in my duty, then I ask you to give me your support in the coming election. J. B. BLAIR.

Removing Ink Stains.

In two quarts of water, previously boiled and cooled, dissolve four ounces of citric acid.

Add six to eight ounces of a strong strained solution of borax, after which the whole may be put in a bottle.

Then to two quarts of water previously boiled and cooled add three-quarters of a pound of chloride of lime.

Shake and let stand from four to six days, after which strain and add from six to eight ounces of borax in a strong solution and place in a separate bottle.

To remove ink from paper, cloth or other absorbent substances, the composition in bottle No. 1 is applied so as to saturate thoroughly the ink covered spot. A blotter placed underneath will absorb all waste moisture. Rinse out and then apply fluid No. 2.

By the combined use of the two fluids thus described writing inks or other fluids will be immediately dissolved and removed. If ink spot is on paper, the paper can then be rewritten on.

Hold Your Saucer Correctly.

Did you know that there is a correct and an incorrect way to hold the saucer in which your teacup rests? The correctness consists in whether or not it is held gracefully. Watch the women at an afternoon tea, and you will see that not all, indeed few, handle the cup and saucer in the most engaging way. Here is the secret: Instead of holding the saucer with the four fingers placed beneath it and the thumb above the rim, as nearly every woman does, form a half circle with the thumb and first finger, clasping the saucer in it and giving a slight support from below with the third and fourth fingers. A woman who does this may have the largest hands in the room, but they will appear the most graceful and charmingly managed.

Your Expression.

What kind of expression do you wear habitually? Is it sour, morose, repellent? Do people look happier when you approach them or do they shrink from you? It makes all the difference in the world with your prospects for success in either society or business what sort of expression you wear.

The candidate for success should learn the power of a smile not only because it wins friends, but because its power over one's life is immeasurable. The effort to be always kind, considerate and gentle, no matter what may be ranking in the heart, has a great influence in transforming life.

Cure For Chapped Lips.

Chapped lips come from the drying of the membrane and constantly moistening them, when they crack and become very painful. Sometimes the lips are so painfully chapped that nothing will do any good except a bit of court plaster put on over the cracked part, which prevents further cracking. A bit of self colored court plaster will not show and prevents infection. Sores places in the corner of the mouth touched with alum will afford relief. It smartens severely at first.

A Fudge Tip.

The girl and boy who like to make fudge will find they can give their candy a delicious flavor and make a pleasant variety by using about a half teaspoonful of lemon juice instead of vanilla, or if the candy is not liked quite so acid a little lemon is used with the vanilla.

If you'd thread the lace or embroidered banding quickly after it comes from the laundry, tack a narrow tape to the ribbon before it is drawn out and then pull the ribbon out and the tape in. When the garment returns from the laundry, tack the ribbon to the tape and pull it in as the tape goes out.

Be ready with the pleasant look and the gentle answer, be ready with the kind word and helping hand, and what a world of music you will make around you!

Biological woman, she never can claim To argue without dragging in a friend's name. How strange 'tis that man, formed so wise and so cool, A soft word from her can transform to a fool!

\$1500 IN PURSES

Races Commence Thursday, July 2d

The Lake County Agricultural Association will give four days' racing on their track in Lakeview, commencing July 2d and ending July 7th, 1908. The sum of \$1500 will be distributed in purses, as follows:

- FIRST DAY—JULY 2d. 1st Race—1/4 mile dash... \$150.00 2d Race—5/8 furlongs... 175.00 SECOND DAY—JULY 3d 3d Race—1/2 mile... 200.00 4th Race—6 furlongs... 150.00 THIRD DAY—JULY 6th 5th Race—1/2 mile dash... 175.00 6th Race—7 furlongs... 175.00 FOURTH DAY—JULY 7th 7th Race—1/2 mile heat... 250.00 8th Race—1 mile and 94 feet... 175.00 9th Race—Consolation or some other special... 50.00

The reason for the mile and 94 feet race is that the track is one mile and 94 feet from wire to wire.

CONDITIONS All of the above races are free-for-all, five to enter and three to start, but the Association reserves the right to hold a less number than five by reducing the purse in proportion to the number of horses entered.

Entries to close the evening before the race, at 7 o'clock, sharp. The Pacific Coast Blood Horse Association to govern all races. Entrance fees, ten per cent of purse. Money to be divided as follows: 70 per cent to the first horse and 30 per cent to the second horse.

The Association reserves the right to change any of the above races, in the event of not filling. No money paid without a contest.

Board of Directors—Geo. D. Harrow, V. L. Snelling, F. M. Miller, Robt. McKee, F. P. Light, F. P. LIGHT, V. L. SNELLING, Secretary
