

MEN'S CLOTHING

When you start to buy Clothing you want to get all for your money that it will bring. You know that prices everywhere are not alike. You know that the cost of selling materially affects the figures at which the goods are marked. Then, to do justice to yourself, you are very much interested in buying in a house that is in a position to buy right, sell right, and give you the right treatment when you do buy. We want you to compare our Clothing with others. Compare the style, the construction, the general make-up; see if you cannot see a difference in the entire combination.

If you go elsewhere and pay more for Clothing not as good as ours, that's your fault.

Pine Creek Moving Ahead

One can note improvement in the thriving little town of Pine Creek every time that place is visited. The steps of progress there may not be so very rapid, but they are steps in the right direction, and every one of them counts. The mines above the town are taking new life, and the mining men of that community are quite sanguine as to the future. McCleary & Shauer have assurance that they will win the Fern mine, which has been in litigation. The Kafader mine has been leased and several other properties in the district are now being worked on leads that show better than \$100 to the ton. The outlook is indeed encouraging. Mr. Burgen, who recently made a trip to the famous Rawhide mines, in Nevada, states that Pine Creek has Rawhide "skinned" for prospects, and that he would not trade Pine Creek mining property for Rawhide property, acre for acre. Every business house in Pine Creek shows that prosperity is smiling upon them, and the real "laugh" is to come yet—and its coming. The investor in Pine Creek cannot lose, he is lucky to be there now. Pine Creek and Lakeview are so closely linked together by natural inclinations that one cannot move ahead without the other moving ahead. One cannot grow without the other.

Coming to Lake County

That hundreds of people, and no doubt thousands, have their eye on Lake county, as a future home, and are only awaiting the settlement of their affairs in their present homes, is evident by the hundreds of letters received by The Examiner not to mention the many hundred received by the real estate men of Lakeview. When men engaged at highly remunerative employment, as in the case of the man we now have in mind, pull up stakes and come to Lake county to find a home and a piece of land that they can buy, there is certainly some attraction here, and they are sure to come. The man referred to writes The Examiner for certain particulars regarding this county, and states that he has been employed at \$6 per day, and has not lost a day for five years. This man is looking for land upon

which to build himself a home, and knows of no place in the country more favorable to the homebuilder than Lake county, and he is quitting a \$5 a day job to find a home in Lake county. There are homes here for many thousand of the country's homeless, and the prices within the reach of any energetic man.

Central Committee Meets

The members of the Lake County Central Committee, elected at the last Primary Election, held on April 17, 1908, met in the L. O. O. F. Hall, in Lakeview, Oregon, on May 2, 1908, at the hour of 2 o'clock, P. M., for the purpose of organizing a County Central Committee. S. B. Chandler, was appointed a member of said Committee for Crooked Creek Precinct; L. Frakes was appointed a member for South Warner Precinct. F. P. Light was elected chairman of the County Central Committee; S. F. Ahlstrom, Secretary. L. F. Conn was elected State Central Committeeman; W. A. Massingill was elected Congressional Committeeman. The following were elected delegates to the State Convention: S. F. Ahlstrom, F. P. Light, S. B. Chandler, H. A. Brattain. The following were elected to the Congressional Convention: A. E. Follett, W. A. Massingill, F. M. Chrisman, L. D. Frakes. There being no further business, the committee adjourned, subject to the call of the chairman of the Central Committee.

I. Deter was up from the ranch Tuesday. Mr. Deter has been quite sick for a month past, suffering from an attack of pneumonia. He says the grain crop has been damaged a little by frost but not enough to materially injure it. The fruit, such as cherries and apricots, was somewhat damaged.

C. E. Oliver spent last week on the West Side farming. He says the crops on that side of the valley are not suffering for rain as yet, notwithstanding a shower would do much good now. A very large acreage has been sown this year, owing to the fact that the flour mill being built promises a good market.

Mr. W. B. Chance of Albany, Oregon, deputy commissioner and factory inspector of the Labor Bureau of Oregon, arrived in Lakeview Sunday morning from the West on a second tour of inspection of mills and factories in his district. Mr. Chance was here last fall and made an inspection, and comes this time for the purpose of making a second inspection and recommending issuance of certificates where mills and factories are in good condition.

The Newspaper Annual
There is no end of information about newspapers in the "American Newspaper Annual" (published by N. W. Ayer & Son, Philadelphia, \$5.00 net), the 1908 edition of which is just out. Catalogued in simple tabulated form are the facts one needs in dealing with newspapers, with particular attention to circulations, which are all given in plain figures.
There are supplementary lists of daily newspapers, magazines and class publications. A colored map of each State is bound in the book. It also contains the Advertiser's Telegraph Code, compiled especially for the use of the publishing interests and filling a long-felt want in this direction. 18
