What is of more importance is the wonderfully beneficial effect it has upon the health of those little pupils who have already become proficient and who number small mites of five or six years.

We have a complete Record of every Mortgage and transfer ever made in Lake County, and every Deed given.

## ERRORS FOUND.

In transcribing the records we have found numerous mortgages recorded in the Deed record, and not indexed; and many deeds are recorded in the Mortgage record and other books. Hundreds of mortgages and deeds are not indexed at all, and are most difficult to trace up from the records.

### We have notations of all these Errors:

Others cannot find them. We have spent hundreds of dollars hunting or these errors, and we can guarantee our work.
