Work was begun on the new Library building last week, and is progressing very nicely. The building will be 35 feet by 40 feet in size, and will make the Library a comfortable home. There is no doubt that when the carpenters get through with it and the ladies of the Library association take charge, it will be made one of the prettiest places in town.

J. C. Oliver was in town last Saturday from his West Side dairy and vegetable ranch. He says he "wears the belt" for planting potatoes. He plants four acres, covers them and harrows the ground, all in one day. Mr. Oliver thinks that a record breaker. We do not know, it looks easy; we never tried it, but we believe we can plant 10 acres in a day.
