Upon returning to the Hotel Christman they were met by a chivari party and passed a box of cigars. Jay is one of those whole-souled good fellows whom everybody likes and we heartily congratulate him on securing such a prize. Miss Ethel is one of the desert's fairest daughters and a very lovable young lady. We wish her much happiness down through the pathway of life.

New Pine Creek

Mr. E. G. Binder, an experienced mining man, has leased the "Fern," one of the properties of the Pine Creek Leasing and Mining Co., for one year, beginning July 10th, and has begun work. Some of the richest samples found in the Hoag district have been taken from this lead. Mr. Binder has a splendid opportunity, in the opinion of those best posted, to develop an attractive proposition in a very short time, as it is the leasee who have made the most prominent mining camps of the West.

The Schuermers and Basler lease on the Sunshine group is looking better with each foot of depth attained. The values are increasing as development work progresses.

Several new discoveries have been reported from the mountain, and though there is no excitement about it, good progress is being made.

Baseball Tournament

The Baseball tournament came to an end Thursday noon, just after The Examiner had gone to press, so that we were not able to make the announcement.

In the settlement, by general agreement of the managers of the different clubs, Klamath Falls was given first money, \$600 and the second and third money was put into one purse and equally divided between the Pine Creek and Cedarville clubs each one receiving \$200. This arrangement seems to have given general satisfaction. Because some of the clubs scheduled to play Tuesday failed to line up, the visiting clubs of Silver Lake Cedarville and Pine Creek each were paid a bonus of \$25 each, to help them meet expenses.

The tournament will long be a memory to those participating and shows that Lakeview can do things when so disposed, which speaks well for the enterprise of the people of the town.

Cigarette Forbidden

It is not generally known that there is a law under which any minor under eighteen years of age who is found smoking tobacco may be arrested and fined for the offense. The penalty is sufficiently severe to act as an incentive for stopping the habit.

Subscribers, Take Notice!

The new ruling of the postoffice department will make it impossible for any newspaper in the country to send out copies to subscribers who owe a year on subscription without putting a one-cent stamp on each paper. That would break every newspaper man, and cannot be done. The result is subscriptions not paid must be stopped this summer. It is not the fault of the newspapers. We would be glad to carry our subscribers along as in the past. It is a new ruling of the department and must be lived up to or we lose our mail privileges. We hope you will pay prompt attention to this matter, as the new rule is now in full force. We do not wish to lose you and hope that you do not wish to part with The Examiner.

The present management will endeavor to keep the paper up to its past high plane, and will, as circumstances and patronage warrant, add to its present value.

Special Offer:
 In order to bring all subscription accounts up to date, all who pay their indebtedness and a year in advance, will have their papers free for an additional three months.
