**VANITY'S VISIONS.**  
 Linen in High Favor For Summer Frocks—Flowered Stuffs.  
 That linen will be in high favor is evidenced by the enormous quantities that have been provided for the retail trade. In plain colored linen green is a favorite. The striped linens are nothing less swagger, and for smartly cut skirt and coat suits they will be in great demand. The stripes are really hair lines marking off a plain colored ground into even spaces, like the popular hair line striped wool suitings of the winter.  
 Flowered stuffs are coming to the fore as dress materials, and the afternoon dresses are made of pale dimites with flowers outlined in them and of silk mullis with big wavy figures running through the background.  
 Some of the newest of the fresh, frilly jabots have just a suspicion of

 color to match the tailor suit. Sometimes it is a few buttons down the center, again it is a hem or narrow binding in color.  
 The walking skirt illustrated provides for both round and ankle lengths, as preferred. Seven gores are used in its construction, and a single plait is taken up at each seam. There are numerous ways of trimming if a person cares for it, folds of silk or the material or wide braid being the most fashionable form at present.

**SMART STYLES.**  
 Only Possible For the Wealthy. Evening Gowns For Girls.  
 The fashionable woman of today is not content alone with cut and design, both of which can be easily imitated. She demands the rich and precious materials which will distinguish her from the crowd. Exclusiveness is nowadays possible to the wealthy alone, and even then they can only secure it by the aid of valuable lace, rare furs and expensive embroideries.  
 Evening gowns worn by young girls are both dainty and soft when made of delicate silks or mulls with sprays of roses, forget-me-nots or daisies. Such a gown requires only a small amount of trimming, consisting of lace applied as bands and insertions.  
 The running of ribbon through lace has become more fashionable than

 ever, and the handsomest dinner gowns are treated with silk and velvet ribbon and with chiffon velvet used as though it were ribbon. A rather clever scheme is the cutting of velvet in narrow lengths to be used as though it were ribbon in running through lace or in piping a gown. Half a yard of chiffon velvet will go a great distance used in this manner.  
 Though one hears rumors of the disappearance of the shirt waist, most women go on adding new models to their wardrobe. The waist seen in the cut closes at the back and has a tucked front trimmed with embroidered banding. Provision is also made for a low, rounded neck outline and puffed sleeves if preferred. **JUDIC CHOLLET.**

**A COMPLETE RECORD**  
 We have made an entire transcript of all Records in Lake County, which, in any way, affect Real Property in the county.  
 We have a complete Record of every Mortgage and transfer ever made in Lake County, and every Deed given.  
**ERRORS FOUND.**  
 In transcribing the records we have found numerous mortgages recorded in the Deed record, and not indexed; and many deeds are recorded in the Mortgage record and other books. Hundreds of mortgages and deeds are not indexed at all, and are most difficult to trace up from the records.  
 We have notations of all these Errors: Others cannot find them. We have spent hundreds of dollars hunting up these errors, and we can guarantee our work.
