Then that is your good fortune. But let me make it to your better fortune by saving you two-thirds this expenditure and giving you just as good a suit for the other third. (Some suits as low as \$20.)

Royal Tailoring is the best in the world. And the fall line of styles that I am now showing is the greatest achievement of this world's greatest tailoring system.

### A PLUCKY WOMAN GETS FINE TIMBER

Cruiser Pusenberry Cuts Off Thirty Miles Travel and Wins for His Client

A man named Reuben Hal failed to come through upon his timber claim proof last week, whereupon several parties started out to locate it. The fortunate one to secure the prize was Mrs. A. J. Nelson of the La Mode. She rode horseback across lots and having a guide who was familiar with the land arrived on the tract first and made a trip ahead of all competitors. She got back, took four hours rest, and at five o'clock in the morning camped on the star of the land office, and thereby got first place in line and secured the prize. At 10 o'clock she started on her trip back to show what truck an determination will do for one, even though the person be a lady, and not a very big one. She is worthy of the prize.
