MADISON SQUARE THEATRE CO. SHOW

Lowe's Madison Square Theatre Co. gave two exhibitions in town last Wednesday and Thursday evenings, to very good houses. Theatre goes were very much surprised but pleased as well, to see Mr. and Mrs. Mong with the company.
The play Thursday night "Hearts of the Blue Ridge" depicted the foibles of the mountain regions of the South, and was very well rendered. Mrs. Mong in the role of Mandy Watson, the Southern old mammy negress, gave a surprisingly good rendition, and showed art in a new line not at all suspected by her friends.
It was the intention of the company to remain another night, but finding it took a day longer than they had anticipated to reach Burns, their next date, compelled them to cut short their stay here, with a promise to come again at some future time, not yet determined.

ARE OPENING UP BIG DESERT TOWN

Some Northern Capitalists Getting Ready To Farm About 26,000 Acres

Great excitement prevailed in town last Thursday, over arrival in town of a big auto with four men.

The report soon spread that it was the Harriman party. But instead it proved to be Capt. E. W. Johnson, of Seattle, a successful Alaska miner, and O. E. Murphy, of Burns on their way to Buzzards gulch east of here, where the gentlemen are opening up a big farm. They have acquired title to 26,000 acres of rich sage brush lands there, and are building two reservoirs at a cost of \$70,000 each, to provide a water supply for irrigation and other purposes. It is reported they are erecting a fine class of buildings, and are clearing a big acreage and getting ready for farming on a large scale. While here Capt. Johnson distributed some Alaska gold nuggets to Messrs. Light Harrow, Whorton, Hartin, and others, the same being very highly prized by these gentlemen.

More Than Enough is Too Much

To maintain health a mature man or woman needs just enough food to repair the waste and supply energy and body heat. The habitual consumption of more food than is necessary for these purposes is the prime cause of stomach troubles, rheumatism and disorders of the kidney. If troubled with indigestion, revise your diet, let reason and not appetite control and take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be all right again. COUNTY NEWS

Silver Lake

From The Leader.

Geo. Coan is rapidly getting his mill at Paisley ready for grinding wheat. This will be good news to every one.

Les Duncan took out a load of lumber of 5,200 feet last Saturday, which Claude McCall will use in building his house with. Such a large house as Claude intends to build looks suspicious, but then we all know he does not always intend to remain single. He is not that foolish. Here's to you Claude, with barrels of success and prosperity.

On October 1st the mail between this place and Paisley will be put on the daylight schedule. The Summer Lake postmistress as well as the drivers will smile.

E. Stalder, E. Croen and S. E. Graf, of Portland, arrived in our city a few days ago, and are now out on the Christmas Lake country making improvements on their desert claims. H. I. Ashley, of Wasco county, Oregon, arrived in our city the latter part of last week. He left the latter part of the week to look over the Christmas Lake country with a view of taking up a homestead.

We want a thousand families to come to Northern Lake county, and can furnish to each family 160 acres of choicest tillable land. This opportunity is not going to be open long every day is bringing in new settlers. Tell your friends who are looking for homes about this.

George Vick and family, Leland Murphy and family, Dock Donahue and family and Bea Vick, all from Falls City, Polk county, Oregon passed through our city the latter part of last week on their way to the Christmas Lake country to make that section their future home. We gladly welcome the new comers to our country, and may the glad hand of prosperity ever pour her riches into their laps.

W. T. Sherlock of Paisley, was in our city the latter part of last week. Mr. Sherlock has been at Ashwood, Crook county, and purchased some fine bucks of Hamilton, the well known sheep breeder of that section. The bucks Mr. Sherlock purchased are now on their way. He informs us that it is the intention of Mr. Hamilton to bring several hundred bucks into this section soon, and our sheep men would do well to be on the lookout for him when he arrives if they want first quality sheep.

H. F. Deitzel, of the Madras Flouring Mill Co. was in our city Wednesday. He informed us that there were at present time seven different surveying crews in the field between Madras and the mouth of the Des chutes. Three were Hills, three were Harriman's and one was the D. H. F. Co.

Nels Christenson has about completed a nice little house on his homestead, and all he lacks now is a help meet to share the joys of a life on the desert.

Gus Bogar, and J. M. Lanning each hauled lumber last week.

Tom Martin returned from the hay fields last week and is now making extensive improvements on his home stead.

Bowman Erickson returned to Lake last Sunday, and will at once begin improvements on his homestead. Mr. Erickson was accompanied by his brother who intends filing on a home stead also.

Wilbur Lewis has been hauling lumber for the new residence of Charles Dill. Lou Dekey, F. L. Phelps and E. R. Penn were in Silver Lake last week on business. Mr. Penn on his return brought out a load of lumber.

Adel

Regular correspondence.

Mr. Crow passed thro Adel Monday with George Turner's stock cattle. E. A. Friday returned Wednesday from Bidwell.

One of the M. C. colts broke its neck while bucking with Willis Grizel.

The sad news of the death of Tom Caldwell was received here this week. Tom went to San Francisco last March for medical treatment and was thought to be improving up to the time of his death. He had many friends who will be sorry to hear of the painful news.

John Scheifurth spent a few days in Lakeview last week.

Elmer Martin has been excused from riding. He brought certificates from a Bigsall girl showing he had a weak heart.

Grandma Messner was visiting with her granddaughter this week.

What has become of the baseball team? Has it gone to sleep? Some body had better hunt up fire crackers and put them where they will do the most good.

Revo Journal, 28, ult: John Sutherland has leased his residence on the south side to George Wingfield who intends making his home here. Mr. and Mrs. Wingfield will take up their residence in their new home shortly. The Sutherland home was leased on account of Mrs. John Sutherland's poor health.
