MORE RAILROAD SURVEYOR'S WORK

CHICO (Butte Co.), October 15.—W. J. Cotar has returned from Prattville, Plumas County, with the announcement that the Southern Pacific's surveying crew of twenty members has completed the preliminary survey from Alturas, Modoc County, to Prattville, Plumas County, and is now ready to start down Deer Creek Canyon to the Valley.

This crew, according to reports, has been in the field since the organization of Harriman's company last spring, and has made preliminary surveys for a distance of 100 miles. These extend from Alturas to Grasshopper Valley, thence to Feather Lake and Robbers Creek, to Prattville.

While the running of preliminary surveys is no indication that a railroad is to be constructed, hope is high in Chico that a line will be laid in the future and Chico will be the first point out of the mountains. Deer creek offers splendid sites for power plants, which it is reported the southern Pacific is seeking. Deer Creek was surveyed by the Western Pacific, but the Feather river route was adopted.

Likes This Country

M. C. Gillette, of Dallas, Texas, visited this town last week. He came to look over the Oregon Valley Land Co.'s holdings, and was highly pleased with the same, and will carry a good report of both town and county back to his friends. He expects to return here next year.

NARROW GAUGE HAD A SMASH UP LAST WEEK

No southern mail was received on Thursday and Friday of last week, the cause was due to a wreck on the narrow-gauge.

While traveling at low rate of speed between Waverly and Snow-storm Wednesday, the regular N. C. O. passenger train was derailed by a spread in the track. Three freight cars left the rails.

No one was injured, though the passenger coaches were considerably shaken up, and the passengers thrown from their seats.

An extra engine had to be secured from Madeline, which was responsible for a delay of five hours. The train arrived in Reno Wednesday night at 11 o'clock.

Will Not Haul Booze

The stage company that operates a line between Paisley, Summer Lake and Silver Lake gives notice in the Silver Lake Leader that it will not transport alcoholic liquors over its line. The company says that the above precincts voted in favor of local option, it believes the law should be enforced, and it will not be a party to its violation.

Visited Crater Lake

The Klamath Falls Herald of the 18th inst., says:—George H. Newell, one of Lake County's pioneers and the owner of a big stock ranch in Drews Valley is spending a few days in the city. He arrived here yesterday and was accompanied by his niece, Miss Julia Cowperthwaite, who has been spending her vacation in Lakeview, Miss Cowperthwaite is an employee in the postoffice at Portland. As she has never visited Crater Lake she decided not to return to Portland without doing so, and left this morning for the Upper Lake, to see for the first time Nature's greatest wonder.

More Than Enough is Too Much

To maintain health a mature man or woman needs just enough food to repair the waste and supply energy and body heat. The habitual consumption of more food than is necessary for these purposes is the prime cause of stomach troubles, rheumatism and disorders of the kidney. If troubled with indigestion, revise your diet, let reason and not appetite control and take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be all right again. COUNTY NEWS

Silver Lake

Sam Lester went down to his ranch a few days ago and brought up some samples of garden truck raised without irrigation. Among other things was a table beet measuring 27 inches in circumference. A turnip measuring 30 inches, and a ruta baga measuring 34 inches. What county can beat this?

Goldie Barnes was elected Queen of the Klamath Falls Carnival by a majority of near 400 over her nearest competitor. We of Northern Lake county rejoice over the result, as Miss Barnes is one of Lake county's productions. The products of Lake county, whether it be our girls or anything else will always come out first best wherever entered into competition.

Marion Conely died last Thursday, at Paisley, of consumption. Mr. Conely had been a sufferer from this disease for years and while his death was not unexpected, yet it came as a shock to the community. Mr. Conely was a man of sterling qualities. The remains were brought to this place and laid to rest last Saturday afternoon. He leaves a wife and three children.

Claud McCall, Everett Long are going to give a ball in the Gilliam hall on Tuesday evening November 3, that promises to be one of the most enjoyable affairs ever held in the city. Music will be furnished by the Oatman orchestra, which is a guarantee that it will be first class in every respect. Gus Schroder will be the floor manager, which is a guarantee that all will be as merry as merrily can be.

W. G. Trill, left the fore part of the week on his way south, canvassing the county for the data and information for the write up of Lake county that our Chamber of Commerce is going to put in booklet form for free distribution. Mr. Trill informed us that every one that he had met with in this section but two were boosters and not only gave him information and words of encouragement, but financial assistance as well. Those two were the only knockers he found, and said they told him they had no use for any more settlers, nor did they want to see any more come in. As he expressed it, we had two knockers of the fossilized type, which are rare specimens of an almost extinct race.

The Warner Valley Stock Co. is preparing to build a large dam across Deep Creek for irrigation purposes. The Wingfield ranch is for rent. Here is a fine ranch for the right man. Mr. and Mrs. Birch have moved into the Messner residence. S. Dixon has been very sick the past week.

Prof. Willits made a trip to Lakeview Friday and returned Sunday evening.

The Bonanza Bulletin says that its "interests are there and that it is working for Bonanza and Klamath county, and not for its neighbors," i.e. Lake county. That's right, neighbor. Boost for all that you are worth for your own home and county. We will do the same. Hence, again we say, Lakeview will have 10,000 people in 1910. And if any one will look over our circulation books, and our enquiry lists, they will soon arrive at the same happy conclusion.

Regular correspondence. Hurrah for the White Ribbon Club—peretty work boys!

M. C. buccaros returned from Likely this week where they took two bands of beef.

Leland Parker has gone to San Francisco on a visit with friends and schoolmates.

Thousands of pounds of freight are on the roads for the Warner Valley Mercantile Stores.

Among those who sold their beef this week, are Calderwood Bros, James Givans, Jim Dodgson, and Moss & Roberts. Several bunches of beef are for sale here yet. Come on you beef buyers.

Charles Cleland has a steady chop now.

Ed. Nesham spent several days in the county seat last week.

Wm. Cooper returned from an extended visit in the Western part of the state.

Cleave Wakefield has been on the sick list this week.

Moss Messner came in from the sheep ranch last Wednesday.

Arthur and Charley are known for a certainty to have stopped at the Twelve mile station at nine o'clock for dinner and afterward visited the South Warner school.

Why and wherefore, we understand not. Wonder if Agnes wasn't at Conlon's.

Mrs C. B. Parker returned from Alturas Friday.

Miss Gates is taking riding lessons. You can guess the instructor.

Several parties are talking of driving their beef to Ontario and feeding. It is risky work to change horses on crossing a stream.

LAKEVIEW FLOUR MILL MAKING GOOD

The Lakeview Flour Mill has one of the best plants that was possible to obtain. It is now grinding a superior quality of flour, which is given high praises by all using it. Biscuits made from the flour are the finest we ever ate, and we think we know good ones.

The company has raised the price of flour to \$4. per cwt, owing to the fact that they are paying 2 cents a pound for wheat. While this price is no higher than customarily paid here, the mill certainly makes a splendid market for the wheat growers.

Mr. Simmons, the miller and builder of the mill surely knows his business, and has made good in every particular. At present he is ill, but expects soon to be out soon.

During his illness the mill is crushing barley for feed.

Young People Married

William T. Studley and Miss Maud Ross were united in marriage last Saturday, Oct. 17, 1908, at the home of the bride's parents, Mr. and Mrs. F. L. Ross. Both young people are well and favorably known in this community. The Examiner joins in wishing the happy couple a long and prosperous life.

It is estimated that 6,000 people visited Crater lake this season, in spite of bad roads and poor accommodations. With Harriman's boasting and construction of good auto roads in either approach there will be thousands visiting this eighth wonder of the world each year.
