## Our Printing Gets Business

MONEY paid out for good printing—the kind that brings results—is just as much and just as good an investment as that put into goods on your shelves, or the material and machinery in your plant. While that money paid out for the ordinary kind, is money wasted, thrown away, just as it would be if spent in a midnight debauch. And the result is largely the same, a sore head accompanied by a gone feeling, when you come to.

We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of this, specially prepared fabric on the tread. The regular price of these tires is \$5.50 per pair, but for advertising purposes we are making a special factory price of the rider of only \$4.50 per pair. All orders shipped same day after received. We ship C. O. D. on approval. You do not pay a cent until you have examined and found them strictly as represented. We are perfectly reliable and money sent to us is as safe as in a bank. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We want you to send us a trial order at once, hence this remarkable tire offer.

Don't buy any kind at any price until you send for a pair of the special introductory price quoted above, or write for our big Tire and Sundries Catalogue which describes and quotes all makes and kinds of tires at about half the usual prices. **DO NOT WAIT** but write us a postal today. **DO NOT THINK** of buying a bicycle offers we are making. It only costs a postal to learn everything. Write it NOW.

Stunning Black Hat—The New Fans. Flowers Lead in Millinery. A smart and piquant hat is that of black straw. Its crown is surrounded by a fancy band of the palest apple green, while the military looking plume is of the same shade. It is certainly an attractive hat and sells well a certain type of girl. In hat trappings there is much variety. Flowers and foliage take first

rank, and flowers and grasses are made up into pompons and agrets. The tall colonel pompon of feathers or flowers is popular. In flowers some of the season's novelties are beautiful magnolias in white, with touches of green and pale pink as well as pond lilies, iris and even peonies and tulips. These long stemmed flowers are worn erect, adding greatly to the height effect.

This twelve gored skirt seen in the cut is finished in round length. When making the skirt, it is possible that some slight alteration may be needed, as one hip is usually larger than the other. Unless the alteration is very slight the smaller hip should be padded. The pad is worn under the corset, and if it is properly adjusted and sewed in there will be no more trouble. JUDIC CHOLLET.

A Novelty in Mourning Veils—Batiste Boleros.

A novelty in the way of a mourning veil is a square mesh net trimmed with a double border of crape. Between the two crape bands are stitched three rows of very narrow lusterless ribbon.

Wide ribbons are worn tied closely about the throat, the long ends hang-

lug almost to the hem of the skirt, while the gold bangle is superseded by a band of velvet fastened about the arm with a jeweled brooch.

It is not the dress that costs this season, but the things that go with it. The dress itself is easily managed, but when it comes to the things that go with it there is an expenditure of as much as three or four times that of the gown before one is through.

The skirt illustrated may be made short or the skirt may touch the ground in front and on the sides, from where it slopes gradually into a three lute train at the back. However, this length must not be arranged for until the top of the skirt has been entirely finished. It is an eight gored circular model with a box plait at the center back and can be made with or without ruffles. JUDIC CHOLLET.

## LARGE YIELD OF OREGON APPLES

Roseburg—A new record has been established for Douglas county apples. J. B. Smith, a fruit grower from near this city, from a measured quarter of an acre, will pick over 300 boxes of choice marketable Spitzbergen apples. He was offered from \$2 to \$2.50 per box for the apples in the orchard, which would net him at that price \$2400 per acre for his entire apple crop. He refused the offer, however, and the apples will be packed and shipped East, where they are expected to bring the top market price for choice fruit.

The New Marlin  
Model 4924

Repeating Shotgun

This new 6-shot model is the simplest, surest, and fastest 12-gauge repeater made. It has the solid top, side ejection and double extractors—special Marlin features of comfort and convenience. The closed-in breech keeps the action clean and the shells dry—keeps out rain, snow, dirt, leaves twigs and sand.

The new take-down construction allows you to take gun apart in ten seconds for cleaning or packing, yet the joint is always as firm and rigid as in a solid frame, non-take-down gun. The fat forearm fits your hand and helps quick operation.

The fat choked guns are guaranteed close-shooting, hard-hitting guns, and are unequalled for ducks, geese, foxes and all long-range work.

In many respects the Toledo Blade is the most remarkable weekly newspaper published in the United States. It is the only newspaper especially edited for National circulation. Furthermore, it is the cheapest newspaper in the world as will be explained to any person who will write us for terms. All current topics made plain in each issue by special editorial matter written from inception down to date.
