### Our Printing Gets Business

MONEY paid out for good printing—the kind that brings results—is just as much and just as good an investment as that put into goods on your shelves, or the material and machinery in your plant. While that money paid out for the ordinary kind, is money wasted, thrown away, just as it would be if spent in a midnight debauch. And the result is largely the same, a sore head accompanied by a gone feeling, when you come to,

The regular price of these tires is \$5.00 per pair, but for advertising purposes we are making a special factory price to you.

Notice the thick rubber tread "A" and puncture strips "B" and "C." Also rim strip "D" to prevent rim cutting. This tire will outlast any other make—NOT ELASTIC and KAY RUBBER.

The new take-down construction allows you to take gun apart in ten seconds for cleaning or packing, yet the joint is always as firm and rigid as in a solid frame, non-take-down gun. The fat forearm fits your hand, and helps quick operation.

**SARTORIAL NEWS.**  
Vests on Blouses the Latest Wrinkle. A Model Hat.

Long, narrow vests are appearing on blouses instead of yokes, although the square hanging yokes on bodices bordered with bands of satin still hold their own.

One of the most fascinating of the new model hats is of fine moss green chip, tilted slightly to the side and with a moderately broad brim. The

The pattern of this jumper model may be had in seven sizes—from 22 to 41 inches bust measure. Send 10 cents to this office, giving number (3782), and it will be promptly forwarded to you by mail.

It is in the fashioning of the new bow in millinery that its smartness lies. The bows now used are often of the Absatian type and are placed either across the front of the hat at an angle on one side or above the crown.

The mushroom hat will be with us for another season. Let us all give thanks for this one blessing. In the place of the butter bowl shapes that fell around our faces and cast unbending shadows over our cheeks we are to have the hats built high at the left side.

The double breasted jumper seen in the cut is made with a separate gulf. Lingerie cuffs and collars can be made wonderfully attractive for wear with this waist by inserts of fancy shaped pieces of lace buttonholed to the material with pale shades of pink, green, blue and yellow embroidery cotton.

**White Brilliantine Skirts Useful in Summer Wardrobe.**  
White brilliantine skirts will be among the sought for conveniences of summer wardrobe. Mohair or brilliantine cleans, scrubs and goes through the common wash tub without losing character. The shining quality and the rich effect of white brilliantine in pearl or ivory make a handsome skirt suitable for dressy and formal occasions as well as for practical wear.

Little admirals and future captains of our navy are now wearing sailor caps of patent leather. They are to be

found in all colors, black being preferred by conservative mothers.

There are white silk waists with padded roses upon the front and with very elaborate lace yokes and a very tall collar. The sleeves are long and beautifully embroidered. Over the lace waist is worn a skeleton or jumper effect of any color that may be desired. Rose and white make a pretty combination, as do green and white or black and cream. Some lovely waist effects are entirely made of white lace to be worn with a black lace jumper.

This jumper dress closes at the back and is very easy to make. The finish of the seams of this dress depends somewhat upon the material employed. Those of light weight should be finished with French fells. Seams of heavy cotton, silk or woolen fabrics are either stitched flat or bound.

## THE TOLEDO BLADE TOLEDO, OHIO

The Best known Newspaper in the United States  
CIRCULATION 200,000  
Popular in Every State

In many respects the Toledo Blade is the most remarkable weekly newspaper published in the United States. It is the only newspaper especially edited for National circulation. It has had the largest circulation for more years than any newspaper printed in America. Furthermore, it is the cheapest newspaper in the world, as will be explained to any person who will write us for terms. The News of the World so arranged that busy people can more or less comprehend, than by reading cumbersome columns of dailies. All current topics made plain in each issue by special editorial matter written from inception down to date. The only paper published especially for people who do not read daily newspapers, and yet thirst for plain facts. That this kind of a newspaper is popular, is proven from the fact that the Weekly Blade now has over 200,000 yearly subscribers, and is circulated in all parts of the United States. In addition to the news, the Blade publishes short and serial stories, and many departments of matter suited to every member of the family. Only one dollar a year. Write for free specimen copy.
