MINES AND MINING

C. E. McCleary, of the Hong Mining district is in town. He reports conditions there are improving every day. A big find was made there last week on the Big Bonanza property. A ledge has been uncovered in several places for a distance of 300 feet, from which rich showings are taken, the best Mr. McCleary ever saw anywhere. The ledge is much broken on the surface, but the pay streak is good for \$200 per ton and is from 2 to 4 feet wide on surface, though the ledge is thought

to be from 10 to 14 feet wide below. He and his associates have a lease and hold on the property for 5 years.

All properties in the district are looking splendid.

The Consolidated Co. are pushing development, and have contracted for a 5-stamp mill, that is to be in operation by July 1st, 1909.

The deep snow in the Hong mining district has prevented the completion

of the road from New Pine Creek to the mines. About a mile will have to be finished in the spring. It is a dis

appointment to all concerned, but there is no help for it.

Colds and Croup in Children

"My little girl is subject to colds," says Mrs. Wm. H. Serig, No. 21 Fifth St., Wheeling, W. Va. "Last winter she had a severe spell and a terrible cough but I cured her with Chamberlain's Cough Remedy without the aid of a doctor, and my little boy has been prevented many times from having the croup by the timely use of this syrup. This remedy is for sale by Dally & Hall."

Business Local or Readers inserted in this column or whatever description 10 cents a line for each insertion.

The election passed off very quietly in Lakeview. There was but one ticket in the field and that carried unanimously. A very light vote was polled. The following was the ticket elected: Mayor—Harry Bailey; Councilmen—V. L. Snelling, Dick J. Wilcox, J. S. Lane, J. N. Watson; recorder—W. B. Snider; treasurer—A. Bieber.

Messrs. Daly, Shirk, Bailey, Snelling, Cron-miller and McKeandree left this morning for Klamath Falls, for the purpose of attending the good men's convention the 7th inst. It was our intention to say more regarding this matter but time and space forbids in this issue.

Two big fine-looking 10-mule teams with three wagons each arrived in town Monday morning, loaded with 20,000 pounds of freight for Lakeview merchants. It was the first shipment made over the new route, and may be the forerunner of other shipments via Klamath Falls.

The telegraph lines to the south have been in bad shape for several days. On Sunday the trouble was located between New Pine Creek and Ft. Birtwell, caused by a tree falling across the line. This was remedied and service secured for awhile, only to be interrupted again on Tuesday.

It is seldom that any one is seen in our model town with "askate on," but last Sunday afternoon was an exception, many were seen with skates on. All ages were represented and much pleasure as well as healthful exercise was the result of all who attended the opening of the rink.

The skating rink reserves Wednesdays afternoon, from 2 to 4 o'clock for ladies only.

E. R. Patch of New Pine Creek, was in town Saturday superintending the delivery of a big consignment of fruit trees, of all kinds, which will be planted in this country in the spring.

The timber men of Bend report that considerable timber is changing hands these days, but the price has not gone up but, not being as high as it was a few months ago.

Every Saturday morning from 10:30 until noon the skating rink will be devoted exclusively to use of children.

James Melick, of the 70 company, is in town with fractured clavicle. He was running cattle on Crooked Creek when his horse fell over a rock. Dr. Daly reduced the fracture, but it will be some time before he can again bocaroos.

Bonanza has a new flour mill that has just begun operations.

J. S. Wilfong, a recent arrival from Los Angeles, is building a nice dwelling in Watson's addition. He purchased 3 more lots in Watson's section addition this week.

F. S. Smith, a recent new-comer from Grand Island, Nebraska, purchased the residence of M. E. Mungrave last week and moved into the same Monday.

A Stockman has just finished remodeling his residence.

Earl Carriger, of the West Side, brought The Examiner a nice young wild goose Saturday. It made a toothsome addition to our table Sunday, that was much appreciated; in fact it was the best wild goose we ever tasted, and any shouldn't it be coming, as it did, from the famous Golden Goose Lake?

The skating rink will be open every evening except Sundays, from 7 to 10 o'clock.

Drenkel & Paine have a display of the apples and vegetables in their office window.

The merchants of Sacramento, Oakland, and other cities in California have cut out all advertising except legitimate advertising in newspapers. These men found that it was money thrown away in patronizing advertising schemes of any and every sort, and will hereafter devote all their advertising appropriations only to news papers of standing in their communities.

F. Hagenmaster, of Charleston, Nebraska, arrived in town Sunday to investigate the lands and development work of the Oregon Valley Land company. He is very much pleased with the country, and this grand fall weather we are now experiencing captivates him, especially as he had walked through snow and frost to get here. He will say a good word for both town and country when he gets back to his prairie home.

J. A. Stangel, of McPherson, Kansas, was an arrival Sunday, looking over the country. Having lived on the Kansas prairies all his life, our valley looked small to him. But after he lives here awhile he will like our diversified landscape. He submitted for the Examiner while here to keep him posted as to the development work being done by the Oregon Valley Land company.

Auto Service Booming

The Lakeview-Lake auto service is very popular with the traveling public. On Sunday there were so many desiring to go out, that the management secured the Shirk car to assist. The car that left yesterday morning also had every seat occupied.

The Examiner will supply any newspaper or monthly at the publishers rates. Make up your list for your winter reading.

Called to Dunsmuir

Mrs. J. A. Wendell received a wire Sunday, from Dunsmuir, Calif., that her son Charles had been injured in a railroad wreck, having his foot badly crushed. She left at once by automobile for Likely.

Mrs. Wendell is the only woman vaquero in Oregon, and is an expert estimator of cattle as beef producers. She does all the buying of stock of all kinds for the Central Market of Lakeview, and has paid stockmen of

Lake County thousands of dollars for their stock for this market. In following her work she is out in all sorts of weather, and though a lady past the meridian of life, she is no fit effect. She is an expert in the saddle.

It was her intention to spend the coming winter in California, and the accident hastened her departure.

GOOSE LAKE SOUTHERN ROAD

The Surveyors Have Located the Line to the Sierras

The Susanville Advocate of the 30th ult., says the Goose Lake and Southern R. R. has filed another right of way application in the Susanville Land Office. The maps cover 34.65 miles, extending from Alturas to the summit between Grasshopper and Eagle Lake. This is one of the roads that has been surveyed and located through Lakeview, and is supposed to be a Harrison line. It looks as though the line was headed to the Feather river pass into California.

Will Start a Henery

Mr. C. E. Sherlock has given his young son an acre of land in town on which the young man has built a chicken house, and is going into the business of supplying eggs and chickens for this market. He will succeed, and it is something others might engage in with profit to themselves and to the satisfaction of the people of the town. There hasn't been an egg in this market for some weeks, anyway we have not been able to find any.

D. Witt's Kidney and Bladder Pills are unequalled in cases of weak back, backache, induration of the bladder, rheumatic pains, and urinary disorders. They are antiseptic and act promptly. Every case of kidney or bladder trouble should be attended to at once and the news in the back rheumatic pains, urinary disorders, etc., are warning signs. Don't delay, for delay are dangerous. Get D. Witt's Kidney and Bladder Pills. Regular size 30c. Sold by Daly & Hall.

Parties interested in developing Lake county, are invited to bring samples of grain, alfalfa, vegetables, fruits, etc., with particulars as to method of raising same, with or without irrigation, to the office of Drenkel & Paine, Lakeview. They will later exhibit and care for same until some permanent organization is effected to exhibit the products at the Yukon-Alaska and other fairs.

How to Your Digestion?

Mrs. Mary Dowling of No. 228 8th Ave., San Francisco, recommends a remedy for stomach trouble. She says: "Gratitude for the wonderful effect of Electric Bitters in a case of acute indigestion, prompts this testimonial. I am fully convinced that for stomach and liver troubles Electric Bitters is the best remedy on the market to day." This great tonic and alternative medicine invigorates the system, purifies blood and is especially helpful in all forms of female weakness. 50c at A. L. Thornton's Drug store.

Wants Heads and Skins

Chas. Donart, the Klamath taxidermist, whose ad. appears elsewhere, wants 2 deer heads with 3 to 6 points, unmounted; also a few mountain lion skins.

Seven Years of Proof

"I have seen seven years of proof that Dr. King's New Discovery is the best medicine to take for coughs and colds and for every diseased condition of throat, chest or lungs," says W. V. Henry, of Panama, Mo. The world has had thirty-eight years of proof that Dr. King's New Discovery is the best remedy for coughs and colds, influenza, asthma, hay fever, bronchitis, hemorrhage of the lungs, and the early stages of consumption. Its timely use always prevents the development of pneumonia. Sold under guarantee at A. L. Thornton's Drug store. 50c and \$1.00. Trial bottle free.
