THE WILY ORIENTAL

La Revue Generale of Brussels contains an article by Yen Chuo, in which he frankly admits that the only possible advantages which his countrymen think may be derived from westernizing themselves is that it may teach them how to get an efficient army and navy, which will realize their dream of hunting all foreigners out of China.

"The day we hunt you out of our land," says Yen Chuo, "you, your ministers, your missionaries of all denominations, your innovations and your abuses, a great cry of relief and joy will go up from the land between four seas."

The ambitions of the Japs, the Chinese and the Hindocs, are going to give the white race a terrible jolt one of these days that will take a big fall out of those who believe the contrary. What Mark Twain said of the Orientals some years since holds good today.

The San Francisco Chronicle says a Chinese invited to write an editorial for the Charleston News and Courier delivered himself of a warning to the United States against Japan, which he says is preparing to take the Philippines away from us. His expression of opinion is interesting, not because it enlightens us concerning the possible attitude of Japan toward the United States, but because it shows the average Chinese mind harbors a great distrust of the Japanese, which probably is not wholly unalloyed for.

The only thing that will prevent an Asiatic up-rising is a big navy on the Pacific.

And every one knows and feels this. Except the dreaming peace advocates in Congress.

RAPID RISE IN VALUE

The Portland Journal is discussing the rapid rise in the value of real estate elsewhere in the following, but voices results that will be obtained in Lake County within a few short years:

Land around Milton and Freewater, in the northeastern part of Umatilla county, that ten years ago were worth only \$5 or \$10 an acre are now selling at from \$300 to \$1,000 an acre. What has happened? Only that people have discovered to use the land, and to use available water on it. Several men there made from \$300 to \$100 an acre this year raising strawberries and peaches. Many others made over \$200 an acre by producing various kinds of fruit and vegetables. A man doesn't need many acres of such land to make a living and lay up a surplus.

The land where these fruits are being obtained is a wide bottom, part of it coarse gravel, along the Walla Walla river, but the fruit growing area is expanding out onto the adjacent bench lands, where for many years big crops of wheat have been produced, and that cannot be irrigated. Valuable as this land is for wheat, much of it promises to become far more valuable for fruit.

So in various localities in eastern Oregon, besides Hood River valley and the Dalles district, and in southern Oregon, and in the Willamette valley, great development of the fruit industry is taking place, and there will be greater development still, from year to year. Oregon can be, and at last bids fair to become the best fruit state in the Union.

The Portland Journal rises to remark: An editor will succeed Senator Long or Kansas, and a "Country" editor beat the veteran Hepburn of Iowa. It is too bad to see editors thus retrograding.

And judging from the bright editorial columns of our State exchanges, there is any amount of good senatorial timber among the bunch. But, as a rule newspaper men are too modest to push themselves to the front. But they always fill their office to which they are called, acceptably and well.

Judge Benson and son left Saturday morning for their home in Klamath Falls.

WILD WITH EXCITEMENT

LAKEVIEW, OREGON, IN A FEVER OF EXCITEMENT OVER THE WONDERFUL CURES PERFORMED BY

DOCTOR MADISON

THE GREAT MEDICAL EXPERT AND BLOODLESS SURGEON.

DEAF MADE TO HEAR; LAME TO WALK!

OPERA HOUSE PACKED.

NOTHING LIKE IT EVER SEEN IN LAKEVIEW

DR. MADISON

and Staff from the Medical Institute of Liverpool, England, and Crawfordville, Indiana, branch office, Portland, Oregon, lectured to large audience Monday night. The doctor is an agreeable and forceful speaker and held the audience in close attention while he explained the usefulness of his wonderful discoveries.

Many promises were made which seemed utterly impossible to believe, and when the doctor invited those who were hard of hearing to come forward and be cured, Fred Spangenberg, T. J. McGrath and C. Baldwin responded to the call and were made to hear a whisper in a few seconds.

The doctor then called for cripples on crutches and Mrs. Alfred Smith responded. She was afflicted with that giant disease, rheumatic paralysis 3 years and she was unable to walk except with crutches and great difficulty and pain.

She was operated on with medicine for twenty minutes and walked off the stage free from pain and stiffness, while the doctor broke her crutches. To say the audience was astonished would be putting it mildly. The doctor was warmly congratulated. It seemed like a dream but it was real. Ministers and doctors were in the audience, and they seemed as well pleased as any.

They treat the following diseases: Paralysis, catarrh, deafness, olig neck, bladder and kidney diseases, rheumatism, scrofula, loss of manly vigor, female diseases, bowel complaint, debility, dropsy, heart, liver and nerve diseases, tape worm, sore legs, all ear and eye diseases, cancers, piles and fistula cured without pain, and all kinds of chronic diseases treated.

Office at Hotel Lakeview.

9 a. m. to 9 p. m., including Sunday

CONSULTATION FREE

The treatment is medicine and bloodless surgery. Will not visit any other town in this county. All wanting treatment must come to Lakeview by Tuesday, Dec 1, positively the last day in Lakeview, closing at 6 p. m.

RAILROADS COMING RIGHT ALONG

Surveyors Still at Work on the Line from Klamath Falls to Alturas

The Bieber, Calif., Gazette of the 19th inst. says Civil Engineer R. McC. Beaufield, who is with the Southern Pacific surveyors now in the Happy camp country, was in Bieber Sunday evening.

Mr. Beaufield informed the Gazette that the survey was being made from Klamath Falls to Alturas and in the event the road was built the N. C. O. would be changed into a broad-gauge, making a through road from Klamath Falls to Reno, Nevada.

When asked about a road being built down Pitt river canyon, the gentleman stated that in his opinion an electric road would be built over that route.

Mr. Beaufield thinks that this section will soon be supplied with plenty of transportation facilities, which will mean development of our many resources.

C. M. Duncan, of Canby, has informed the Alturas Plaindealer that the Klamath-Alturas railroad surveyors are in the vicinity of Craig's place on Pitt river. They found that the necessary 1 1/2 per cent grade could not be found down either Blacks or Howard canyon. Hence were compelled to follow the low pass around the base of Timber mountain and strike Pitt river at the Craig place.

THE YOUTH'S COMPANION

A stray copy of the "Youth's Companion" lately put in appearance at The Examiner office. Its coming took us back to the days of our childhood—ever so long ago—when we eagerly awaited its weekly visits. The paper was filled then with the best and most helpful of the literature of those days. It did much in the formation of character of the boys and girls of that day, and those now living with heads lighted with gray still revere that publication and greedily devour its pages, as they did in years of yore.

It, of course, is greatly improved, and is today as it was then the most inspiring paper published for the young. During the coming year it will be especially attractive. It will contain 50 Star Articles by men and women of distinction in life, 250 capital stories, 100 Up-To-Date Notes on current events, recent discoveries, and important matters in politics and government, and 2000 One-Minute Sketches in Humor. Miscellany; a weekly Health Article, a weekly Woman's Article, timely Editorials, Children's Page, etc.

Every family with growing or grown children should take "The Youth's Companion." There is something in it for every member of the family.

If you subscribe now you will get remaining issues for 1908, including the special Holiday Number, and The Companion Calendar for 1909, a beautifully printed picture. The subscription price, including all the above, to new subscribers is only \$1.75 a year.

The Examiner will be pleased to accept subscriptions, old or new, and forward them to the publisher, Perry Mason & Co., Boston, Mass.

Editor Gets a Franchise Bonanza Bulletin: At the meeting of the town council Tuesday night J. O. Hamaker was granted a franchise to erect and maintain a metallic telephone system and establish a central office for public and private use in the town of Bonanza for a period of thirty years.

Everybody Reads The Examiner. An Oklahoma subscriber in remitting for The Examiner, tells of the interest taken there in this section, as follows:

"I received the sample copy you sent me. It is like a message boy. It has been read by dozens since I received it. I want to keep posted on your town and think by taking your paper is the best way.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally acting directly upon the blood and mucous surfaces of the system thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. Cheney & Co., Toledo O. Sold by all druggists, 75. Take Hall's Family Pills for constipation.
