CIGARETTE SMOKING

Elbert Hubbard is not the best authority in the world on all subjects, but he is unquestionably correct in pronouncing against the use of cigarettes, especially by the young.

As a close observer and employer of labor for over twenty-five years, I give you this: Never advance the pay of a cigarette smoker; never promote him; never trust him to carry a roll to Garcia.

Cigarette begins with an effort to be smart. It becomes a pleasure, a satisfaction, and serves to bridge over a moment of nervousness or embarrassment.

Light snow fell last night and is about gone as we go to press.

nothing! There must be a remedy for overcoming such an evil and it will be found sometime in the fullness of time!

Here is an after-election story going the rounds which may have some foundation on fact: When the democrats got out literature attacking Taft's religion, he being a Unitarian, claiming he did not believe in Jesus Christ, the republican politicians made copies and sent them to the 700,000 Jews in New York City.

Representative Ellis, of Oregon, in response to a request of an Eastern paper for his views on tariff revision replied: "The tariff should be revised without favor to any one special interest, and along such lines as will least disturb the legitimate business of the country and the earnings of the wage workers."

The California Christmas Box is the latest California product and is something entirely new, novel and original. It will be shipped, freight paid, to any railroad station in the country, or on the border for export.

The new almanacs, now out show that Lent begins February 24 and that Easter Sunday is April 11. On June 3 there will be a total eclipse of the moon, visible in parts of North America.

A Californian recently wrote to a lawyer in another town asking for information touching the standing of a person there who had owed the "native sons" a considerable sum of money or a long time.

A deal was closed at Ogden last week by which a million dollars in cold cash was paid for the biggest ranch in the Intermountain region. The purchasers are David Eccles, M. C. Browning, Joseph Snowcroft and Adam Patterson, all Ogden capitalists. They obtained title to the famous Sparks-Harrell ranch in Nevada, covering hundreds of square miles. The owners will put 100,000 head of sheep and 50,000 head of cattle on the ranges.

One of our recent subscribers, Mrs. Lillie Gilmore, Blanca, Colo., in referring to The Examiner, said: "I being a contract holder in the Oregon Valley Land proposition, feel interested in all the work and business that is carried on around Lakeview. I personally met Messrs. E. J. and W. K. Martin and their families at the opening of our land at Ft. Garland, Colo. I found them to be sociable, intelligent men, capable of carrying out their plans in business and truly wish them success in their future work."

Smiles and Squalls

There are ever so many more girls and women than men in the world. If you don't believe it look at the crowd of high school girls, and the low boys—look at the church pews and notice how few men are present! But, then, again look at the saloons and hotel lobbies and see how few women are present!

A Bellingham, Wash., man got a divorce from his wife, because she did not talk enough. Give what that man is a chump. He didn't know he was luckier than most mortals.

The Atchison Globe says: A girl who has been engaged a number of years always looks like a woman who has been married.

Nicholas Longworth, the husband of Alice Roosevelt, after laborious effort has got her cigarette quota reduced from 40 to 20. Wonderful! Now if he would take a sled-stake and go after her determinedly, he might reduce her allowance to 10 per day. And even that would be going some by the second lady of the land!

An Omaha man who married a Minneapolis school man says that whenever the school bell rings she begins to pace the floor and act like a fire department horse when the fire bell rings.

Beware of Frequent Colds A succession of colds or a protracted cold is almost certain to end in chronic catarrh, from which few persons ever wholly recover. Give every cold the attention it deserves and you may avoid this disagreeable disease. How can you cure a cold? Why not try Chamberlain's Cough Remedy? It is highly recommended. Mrs. White, of Butler, Tenn., says: "Several years ago I was bothered with my throat and lungs. Since one of Chamberlain's Cough Remedy, I began using it and it relieved me at once. Now my throat and lungs are sound and well. For sale by Daly and Hall."
