## Fruit For the Christmas Tree.

Cushion Novelties That May Be Made at Home by Deft Fingers—Heart Shaped and Doll Pin Cushions.

Of all the Christmas presents that can be made at home at small expense none is more simple or has more originality than the ever welcome pin-cushion. Fortunately for the woman whose income is small, these decorative and useful cushions are quite easy to make at home.

A very dainty little hanging cushion is heart shaped and three or four inches long. Trace the outline of the heart on paper and cut it out for pattern.

### MATERIALS REQUIRED

Sheet of lightweight cardboard.  
Old pieces of silk.  
A pretty doll.  
Baby ribbon.  
Pins.

### HEART SHAPED CUSHION.

Then draw the heart shape for the cushion on a sheet of lightweight cardboard and cut out. Two shapes are needed, one for each side. Any odd piece of silk may be used, plain or figured. Cover the cardboard with scented cotton, then cover that with the silk. Put the doll's head between the pieces of cardboard and overhand neatly with silk. On each side of the head fasten a bow of baby ribbon by which it can hang.

The little doll is dressed in soft yellow silk and gauze wings that fasten on her back at the waist line and show

### MATERIALS REQUIRED.

A half yard of yellow silk for dress.  
A small doll.  
Sting of beads.  
Cotton batting.  
Gauze for wings

### DOLL PIN CUSHION.

A little above the head. The full skirt is filled with cotton, and then a piece of cardboard cut round and three inches wide, covered to match the dress, is sewed to the bottom of the skirt.

A set of natural colored crash cushions is a most acceptable gift to the college boy or girl. They may have tops of perfectly plain linen and cords or narrow frills of a contrasting color, or each one may be embroidered, one with the college emblem, another with the recipient's initials, a third with the class colors and a fourth with a fraternity design.

### Cover For Medicine Glass.

A pretty Christmas trifle utilizing scraps of fine white linen is a cover for a glass of milk or one containing medicine that has perhaps to stand some time. First a square of glass is cut the required size, then two pieces of linen a little larger than the glass, on one of which is embroidered a spray of small flowers or two or three single larger blossoms, as pansies, according to fancy. The two pieces are sewed together and bound with ribbon matching the embroidery, and into this case the glass square is slipped. This little device would be a gift bringing much pleasure to a sick child or even adult.

Equally acceptable, too, will it be to those taking the milk diet.

### Christmas Hints.

Corset bags of ribbon are not new, but those with outside pockets, containing suspenders and corset laces, are a novelty.

If there is a baby to be remembered, a little sack of soft cashmere is a suggestion. It could be made in nightgown style.

Ribbon corset bags made on the order of the toothbrush case minus the rubber lining would be a welcome gift when dainty sachet pouches are sewed up to the bottom.

## Eat What You want of the food you need Kodol will digest it.

You need a sufficient amount of good wholesome food and more than this you need to fully digest it. Else you can't gain strength, nor can you strengthen your stomach if it is weak.

You must eat in order to live and maintain strength.

You must not diet, because the body requires that you eat a sufficient amount of food regularly.

But this food must be digested, and it must be digested thoroughly. When the stomach can't do it, you must take something that will help the stomach.

The proper way to do is to eat what you want, and let Kodol digest the food.

Nothing else can do this. When the stomach is weak it needs help; you must help it by giving it rest, and Kodol will do that.

### Our Guarantee

Go to your druggist today, and purchase a dollar bottle, and if you can honestly say, that you did not receive any benefits from it, after using the entire bottle, the druggist will refund your money to you without question or delay.

We will pay the druggist the price of the bottle purchased by you.

This offer applies to the large bottle only and to but one in a family.

We could not afford to make such an offer, unless we positively knew what Kodol will do for you.

It would bankrupt us.

The dollar bottle contains 2 1/2 times as much as the fifty cent bottle.

Kodol is made at the laboratories of E. C. DeWitt & Co., Chicago.

### JOHN EARLY, AMERICAN LEPER.

"Unclean! Unclean!"

How that age-long cry of the leper has vexed the heavens and assailed the ear in the far east!

There the ancient law of Moses holds. The clothes must be rent, the head bare. "He shall put covering over his upper lip and cry: 'Unclean! Unclean!' And he shall dwell alone. Without the camp shall his habitation be."

And it is so today in the orient. But—

In America, across the Potomac river, beyond the green marsh lands and under the great sycamore trees, in his "dog tent," dwells alone John Early, American citizen, leper. And across his forehead spreads the signet of the world's oldest, most horrible disease.

And his case is only one of 278 KNOWN CASES OF LEPROSY in this country.

John Early was for nine years a soldier of the United States army. When leprosy attacked him he wore the uniform of the Salvation Army—a soldier of the common good.

Now he is a legal outcast.

Day following day he "dwells without the camp." He does not cry "Unclean!" because none will approach his solitary place. His eyes turn across the sedgy marshes and the slow moving river, where dwell, in the Capital City, his wife and child, whom he may see at a distance, but whom he may never touch.

John Early is brave.

He is strong in his faith that prayer and a new drug will cure the plague. He says he wants to show that faith and his medicine will cure the leprosy and give other lepers hope.

But—

What are his fellow men distinguished as humane, what is society, doing for this man?

Here is a good American citizen, stricken in awful malady, thrust brutally out in the wilderness to die. Any humane society would do more for a wounded dog!

And John Early's case is similar to that of the other 277 American lepers.

Proof of this indictment?

Congress has tried to set aside a leper colony. Every time a location is named the people of the community object, and the bill is defeated.

And this is the year of our Lord 1908!

Nearly every body knows De Witt's Little Early Risers are the best pills made. They are small, pleasant, sure Little Liver pills. Sold by Daly and Hall.
