### Sailor Boy Letter from The Fleet

The following letter from a sailor boy friend, M. H. Willard, an electrician on board the U. S. S. "Georgica", was mailed at Cavite, P. I., on Nov. 24th, 1908, and received at this office Dec. 24th. The fleet is now on its way home, and will arrive at Hampton Roads, Va., on the 22nd inst., completing a circuit of the world in about 14 months, and making the greatest naval cruise in the history of the world. Mr. Willard says:

I am going to try and tell you in a few words as possible of our trip from the time we reached Australia until present date. I will say that Australia gave the men of the fleet one of the best receptions we have received since Dec. 5, 1907. Our first stop in Australia was at Sydney, where we were welcomed with open arms by the people, also several British battleships. The hills and every place of advantage to view the fleet were crowded with people who had gathered there in the small wee hours of the morning. We entered the harbor in single column, with the Commodore leading and came to anchor in column of four. It was one grand sight for the Sydney people and they treated the American sailors to all the enjoyment they could stand. If you had no place to go they would be sure to take you home with them. To keep our men straight, patrolmen were sent out, who took care of all the men on liberty. I was patrolman a few times myself, and as for duty we have a policeman's beat. Our stay in Sydney was very short, and a week after dropping anchor in one of the finest harbors in the world, we took up anchor and stood out to sea. We headed into Melbourne's harbor, where we spent several more days of gala. The entertainment was almost the same as at Sydney, as the people could not do enough for us. The people of Australia gave every man of the fleet a medal as a souvenir of their visit. The Melbourne harbor is not as nice as the one at Sydney, but the city is much nicer. We paraded in every place we stopped in Australia, and a review followed every parade. After our week was up we left for Albany, Australia, to take on coal. We coaled twice while there, and paraded also. There was not much liberty given there on account of it being a very small place. After every ship had coaled and cleaned we got ready for sea.

The next day we left for Manila where we were supposed to get more liberty. On our arrival we received word to land no liberty party under any consideration as the city of Manila was under quarantine, there being a great many cases of cholera. So we started in coaling ship but only coaled until noon when a typhoon swept down upon us and we had to quit until the next morning. Finally we got all the coal we wanted and started in cleaning ship. It did not take us long to get 1 and

up and we got under way in a few days for Japan. At sea when about three days out we ran into a monsoon, which lasted three days, and did considerable damage to the fleet. It was the worst we experienced since we left Hampton Roads, Va., Dec. 16, 1907. The ships stayed pretty well together, excepting the second squadron which got out of position and fell astern of us. Some of the ships lost hosts and several other articles. One ship lost a man overboard. The Minnesota lost a man overboard but he was rescued by the Vermont. We were all glad when it was over and we had plenty of work fixing up things that were damaged. Work was suspended during the storm on account of the ship at times rolling 28 degrees and we had to hush ourselves to a station to keep from falling.

Our arrival at Japan was welcomed very heartily by the Japanese navy. Every Jap. ship we passed sent up three cheers for us. They gave every man of the fleet a silver medal which is very neat. When we were ashore they furnished guides to show us around the town. If they entertain any animosity toward the United States, they certainly gave no sign of it while we were there. We all knew that our battle practice was near at hand so we did not linger long in that port but soon put out to sea, heading for Subig Bay, just outside of Manila. We stayed at Olongapo for a few days near where the Dewey dry-dock is located. After coaling and having calibration practice, we steamed for Manila Bay where as soon as we arrived we began preparing for battle practice. We had sub-caliber every day and then on Saturday we began firing 6 inch, 8 inch and 12 inch guns. It only lasted for about 8 minutes, but it took two hours to get ready. Now that we are all through I am one happy fellow, as I guess every one in the fleet is. Nearly all the ships in the first squadron have finished but none are through in the second squadron. There has been no liberty yet and probably will not be until we get to Colombo. I am sending you an itinerary of our cruise from now until we reach the United States, Feb. 22, 1909.

A birthday party was given by Mr. and Mrs. E. J. Stone and Harry Utley in honor of C. W. E. Jennings. Those present were: Mr. and Mrs. Schweinck, Mr. and Mrs. N. J. Ryan and Mr. Meyer. After a few games of cards a dainty lunch was served, and the evening's pleasure ended by making a flash light picture of the crowd.

Geo. E. Hussey, of Montreal, Canada, arrived in town Thursday on a visit to his daughter, Mrs. M. W. Williams.

### Personal Mention

W. Lair Thompson returned Sunday from his trip to Albany, Salem and other points. Mrs. Thompson is visiting her sister at Los Angeles.

Dan Chandler was in from Drews valley last Saturday.

Miss Pearl Hall, formerly of Lakeview, visited at the home of C. O. Metzker and family in San Francisco a short time ago, on her way to Mexico City, via El Paso, Texas.

Mrs. Francis Nyawarner and little daughter will leave this week for Santa Rosa, Calif., where she has accepted a position in a store.

Band master, Rice, will assume leadership of the Bonanza Band. That organization is sure to be congratulated in having such a competent man at its head.

Little Mary, daughter of Mr. and Mrs. O. T. McKendree, while sitting in her high chair Tuesday evening near the stove, in some way managed to reach and tip the chair so that she fell, her hands coming in contact with the hot stove, burning them badly. Dr. Smith was called and he soon made the little sufferer comfortable.

Last Monday during one of the recesses, Miss Cuba Amick, a pupil of the high school was struck in the eye by a carelessly tossed ink bottle. The blow crushed the lens of her spectacles and inflicted several gashes below and above the eye. Fortunately, however, the pupil of the eye remained uninjured.

John Jacobson, Ole Saleim, John O'Steen, and Zaria M. Studly all make final proof before the land office this week on claims in this county.

John Blair, Summer Lake; Chris Anderson, Adel; G. Harrow, Drews Valley; P. A. Fitzpatrick, XL Ranch; L. B. Moss, Desert and Jason S. Elder and Fred Weldye, of Paisley, were all in Lakeview the past week.

L. E. Seagar returned from Alturas yesterday with his wife and little daughter, who had arrived from Des Moines, Iowa.

J. H. McDaniels got in from Alturas yesterday with a big load of freight for our merchants.

Bishop Paddock will be at Prineville the 24th inst.

Among the outside arrivals the past week are: J. B. Moon, Nebraska; P. S. Dorris, Alturas; J. D. Molyke, Davis Creek; Oscar Peterson, Kennewick; W. C. Johnson, Trent, Nebraska; E. H. Pagnallo, S. F.; and A. Wittne, Sweetwater, Nebraska.

Every day shows the greater need of enlarged room, and better facilities in our schools. More people coming, and no room for them. Here is a condition that must be met and that immediately. Our school dads must get busy.

Popular Mechanics says: The talking postal card is the invention of a French engineer, and has become so popular in that country that the American rights have been secured and the device will be placed in the cities of the United States.

The person wishing to send a talking postal card to a friend, enters a booth and talks into a machine, which records the words on the special receptacle. When the card is received, the card holder, 100 or 1000 miles away, he, or perhaps she, takes the card to the nearest postal booth and inserts it in a machine which talks the message it contains. The record on the postal card is indestructible and the exact voice of the sender is heard.

The heavy fall of snow the past week brought out all sorts of sleighs, from the boys' sled attached to a dog or horse to the 4 horse rig. In view of this rare occurrence Sunday, Monday, and Tuesday were largely devoted to sleigh riding by the old and young of Lakeview.

### DIED

John Clinton Basey, of Silver Lake, Oregon, died at his home Friday, February 5th, 1909.

His remains were brought to Lakeview yesterday and he will be buried under the auspices of the Masonic Order, from the Lakeview Masonic Hall, to day (Thursday) at 2 p. m. All masons, sojourning brethren and friends of the deceased are invited to attend.

Mr. Basey had lived in Lake county for 15 years or more. He was a native of Iowa and was 62 years of age. He leaves a wife and three daughters and a host of friends to mourn his loss. He was a member of Santa Cruz, Calif., Masonic Lodge, and also of the Eastern Star lodge of Lakeview. It was his request that he be brought to Lakeview and buried by the Lakeview Masonic lodge.

Notary Public for Oregon.

Kansas has sent Joseph L. Bristow, a Salina editor, to the United States senate. If his words ring true he will be an able aid to La Follette, Cummings, and other men of the people, who have reached the senate in spite of the "interests" or their henchmen. Other states could do lots worse than to copy after Kansas in sending brains, instead of money bags, to the United States Senate.

There are about 6,000,000 farms in the United States, representing an investment of \$25,000,000. Every third farm is occupied by a renter.

### MISERY IN STOMACH IS ENDED FOREVER

Why not start now—today, and forever rid yourself of Stomach trouble and indigestion? A dieted stomach gets the blues and grumbles. Give it a good eat, then take Pape's Diapiesin to start the digestive juices working. There will be no dyspepsia or belching of gas or eructations of undigested food; no feeling like a lump of lead in the stomach or heartburn, sick headache, and dizziness, and your food will not ferment and poison your breath with nauseous odors.

Pape's Diapiesin costs only 50 cents for a large case at any drug store here, and will relieve the most obstinate case of indigestion and upset stomach in five minutes. There is nothing else better to take Gas from Stomach and cleanse the stomach and intestines, and, besides, one triangle will digest and prepare for assimilation into the blood all your food the same as a healthy stomach would do it.

When Diapiesin works, your stomach gets rest—gets itself in order, cleans up—and then you feel like eating when you come to the table, and what you eat will do you good.

Absolute relief from all Stomach Misery is awaiting for you as soon as you decide to begin taking Diapiesin. Tell your druggist that you want Pape's Diapiesin, because you want to be thoroughly cured of Indigestion.

### ALBANY NURSERIES
