 TO WHOM IT MAY CONCERN, notice is hereby given that all irrigation, or millrace ditches on all trout streams through Lake County, Oregon, must be screened with a small mesh wire screening at their head or junction with the main channel of stream. Also all dams or obstructions on said streams must be provided with a fish-ladder, or other means of passage, at or near the middle of the main channel, so as to allow the passage of trout at all times of year, as provided by law. Said work to be done at low water time, or to be completed by Feb. 7, 1907. By order of J. A. Barnham, Special Deputy Fish Warden for Lake County, Oregon

LAKE COUNTY ABSTRACT CO.
 Incorporated
A Complete Record
 We have made an entire transcript of all Records in Lake County, which, in any way, affect Real Property in the county.
 We have a complete Record of every Mortgage and transfer ever made in Lake County, and every Deed given.
Errors Found in Titles
 In transcribing the records we have found numerous mortgages recorded in the Deed record, and not indexed; and many deeds are recorded in the Mortgage record and other books. Hundreds of mortgages and deeds are not indexed at all, and are most difficult to trace up from the records.
We have notations of all these Errors:
 Others cannot find them. We have put hundreds of dollars hunting for these errors, and we can guarantee our work.

Smiles and Squalls
 By "THE VEGANT ONE"

A Kansas editor says that the report that Harriman, the great rail road magnate, will "take a rest" is probably a misprint. That what was really intended was that Harriman would "take the rest."

An affinity has been described as a woman who is younger, prettier and sweeter than your wife; and like a sugar coated pill--all right on the outside, but you're sure to strike the bitter sooner or later.

The Oregonian says in a big headline that "Propinquity Aids Cupid." Of course, you never would fall in love with a woman unless you were near her, would you?

A Mexican has the monopoly of the lobster trade. But Los Angeles need not feel so bad. She has plenty of lobsters left!

An ex-congressman down in Valejo, Calif., attacked an editor--and, as usually is the case, got an awful licking.

Mr. Ping Fang, Chinese minister to the United States, favors women's suffrage. He thinks American women should be allowed the privilege of the ballot, but considers such a privilege for Chinese women an absurdity. Perhaps he has learned enough of American women to know that they play a good whip hand. For instance we are always a suffragette, when our wife is around, but otherwise, nil!

CEMENT IN RESISTENCE BUILDING
 Admits of Ornamentation and is Ever-Lasting.

A cement journal describes a concrete bungalow at Fortian, Me., in which the exterior of the house is of concrete panels. The concrete panels are but one inch in thickness, and besides being remarkably light, are strong enough to bear an immense weight. The panels are reinforced with strips of steel wire and in ten tests applied to them they withstood the strain of three heavy men jumping up and down upon them and showed no sign of injury. They are ornamented on the outside with raised figures, scroll work etc., from steel ceiling designs. The panels were molded in wooden frames on a base consisting of a strip of steel ceiling, by the means of which the decorative design was transferred to the cement, giving the panels an attractive appearance. The wooden frames were made of 3 inch stuff and the exterior of the concrete panel comes flush with the wood, while the recess in the side which forms the interior affords 2 inches of air space over the entire length and width of the panel, the cement concrete being one inch thick. This is accomplished by filling the forms partially with saw dust or other material before the cement concrete is poured in, then turning the form over so that the concrete can be pressed against the steel ceiling design of the mold. After sufficient water has been poured upon the composition to insure compactness and perfect setting in the mold, the saw dust filling is removed, the interior surface smoothed, and the completed panel is left to dry and harden.

Lived 152 Years
 Wm Parr--England's oldest man--married the third time at 120, worked in the fields till 132 and lived 20 years longer. People should be youthful at 80. James Wright, of Spurlock, Ky., shows how to remain young. "I feel just like a 16 year old boy," he writes, "after taking six bottles of Electric Bitters. For thirty years, kidney trouble made life a burden, but the first bottle of this wonderful medicine convinced me I had found the greatest cure on earth." They're a godsend to weak, sickly run down or old people. Try them. 50c at A. L. Thornton's.

 "If ever I need a cough medicine again I know what to get," declares Mrs. L. A. Wiley of Beale, Me., "after using ten bottles of Dr. King's New Discovery, and seeing its excellent results in my own family and others. I am convinced it is the best medicine made for coughs and colds and lung trouble." Every one who tries it feels just that way. Relief is felt at once and its quick cure surprises you. The Most Common Cause of Suffering
 Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that Chamberlain's Liniment will afford relief, and make rest and sleep possible. In many cases the relief from pain which is at first temporary, has become permanent, while in old people subject to chronic rheumatism, often brought on by dampness or changes in the weather, a permanent cure cannot be expected, the relief from pain which this liniment affords is alone worth many times its cost. 25 and 50 cent sizes for sale by Daly and Hall.

Better Not Get Dyspepsia
If you can help it. Kodol prevents Dyspepsia, by effectually helping Nature to Relieve Indigestion. But don't trifle with Indigestion.
 A great many people who have trifled with indigestion, have been sorry for it--when nervous or chronic dyspepsia resulted, and they have not been able to cure it. Use Kodol and prevent having Dyspepsia.
 Everyone is subject to indigestion. Stomach derangement follows stomach abuse, just as naturally and just as surely as a sound and healthy stomach results upon the taking of Kodol.
 When you experience sourness of stomach, belching of gas and nauseating fluid, bloated sensation, gnawing pain in the pit of the stomach, heart burn (so-called), diarrhoea, headache, dullness or chronic tired feeling--you need Kodol. And then the quicker you take Kodol--the better. Eat what you want, let Kodol digest it.
 Ordinary peptic "dyspepsia tablets," "physica," etc., are not likely to be of much benefit to you, in digestive ailments. Peptic is only a partial digester--and physics are not digesters at all.
 Kodol is a perfect digester. If you could see Kodol digesting every particle of food, of all kinds, in the glass test-tubes in our laboratories, you would know this just as well as we do.
 Nature and Kodol will always cure a sick stomach--but in order to be cured, the stomach must rest. That is what Kodol does--rests the stomach, while the stomach gets well. Just as simple as A, B, C.
