HOW STATES GROW

Shows That the Marvelous Growth of Washington is Due to Railroads

J. J. Hill t e, railroad magnate, slowed what railroad construction s done . r Eastern washington, where he sai in court under oath that: "The earnings of the Great Northern at Spokane are nearly double those at St. Paul," and he made a further statement that the Zac Whitworth Brands with Crop of left made a further statement that the made aroungs of that line at Seattle were largely in excess of those of Minhammer Creek. Restoffice heapolis.

He also said at the Great Northern KILL THE COUCH | general offices are page after page of figures showing the phenomenal bust figures showing the phenomenal bust ness which the road is doing at the smallest towns in Washington, and how much greater it is than in towns with the same population at the eastern end of the line. In some cases the business of the Washington towns was increased ten-fold during the last five rears, while that of Minnesota towns of similar size has been practically at a standstill or has decreased. All of which shows that Eastern Oregon will produce similar results when once the railroad 'interests' see fit to invade this territory, rich in

A Complete Record

The have made an entire transcript of all Records in Lake County, which, in any way, affect Real Property in the county.

We have a complete Record of every Mortgage and transfer

ever made in Lake County, and every Deed given.

Errors Found in Titles

In transcribing the records we have found numerous mortgages recorded in the Deed record, and not indexed; and many deeds are recorded in the Mortgage record and other books. Hundreds of mortgages and deeds are not indexed at all, andare most difficult to trace up from the records.

We have notations of all these Errors:

mmmmmm

Others cannot find them. We have put hundreds of dollars hunting up these errors, and we can guarantee our work.
