Offer some genuine bargains in Goose Lake Valley Lands

Two 160 acre improved farms in irrigated district 8 miles from Lakeview. \$20. per acre much cheaper than buying raw land and improving it, and all the work avoided, any of these "ready to use" farms will make a home and a competency for you, no experience, the crops are growing fine now, owner old and must retire.

Another one, one of the best fruit ranches in Goose Lake Valley, 200 acres, Pine Creek district, 15 acres bearing orchard, 8 acres berries 60 acres alfalfa, 50 acres fine orchard land, balance pasture and timber, ample water right, fruit and crops go if taken at once, owner must retire. Price on application.

And as to land for chicken ranches, we have the best and closest to Lakeview, for instance, 70 acres a 1/4 mile south, meadow and grain land, creek through it, rich soil, good hay, and only \$30 per acre.

Another one, 1/2 mile south of town, 4 acres excellent land, 2 room house, barn, sheds, windmill etc. \$500 cash, balance long time. Eggs are 30 to 50 cents per doz. the year round, and a buyer can soon make this place pay for itself.

A few of those choice 53x150 ft lots in Drenkel's Addition left at \$150, each, cash or \$10. per month, graveled streets, high dry and slightly location, the building boom is on here.

Full information about the above and many other good properties on application. DRENKEL & PAINE, Lakeview, Ore.

Pointer For Politicians In Oregon

The Harney County News makes this pertinent remark which all Eastern Oregon people will do well to consider and act upon in the future:

It might be just as well now as any time to suggest to aspirants for state office that Harney county will support, regardless of politics, the friends of this part of Oregon. This county will cast 1500 votes in 1910 and 1200 of them will be for men known to be favorable to the development of this neglected region. It has come to a point where this county must assert itself and special pleading won't go.

CALORIS BOTTLE

Red-Hot drink without Fire
Ice-Cold drinks without Ice

THE MARVELOUS CALORIS BOTTLE, which gives such seemingly impossible results, is constructed on scientific principles for the purpose of keeping liquids for a prolonged period, at the same temperature in which they are placed in the bottle.

It will keep contents hot thirty hours and warm two and a half days; it will keep contents ice-cold three and a half days and chilled five days.

First Auto a Very Curious Contrivance

An odd contrivance, the first automobile ever constructed, is still in existence in New York. It is nothing more nor less than a steam manikin which draws an ordinary buggy. An ordinary steam chest and boiler are rigged at the rear of the vehicle and the steam communicated to the manikin by means of pipes. It was built by Joseph Egan of Newark, N. J., in 1868 and was exhibited years ago in all the principal cities of Europe.

SCHOOL LAND ASSIGNMENTS

We have, in this district where we are locating, several hundred acres of good level, valley land that is subject to entry under the "Enlarged Homestead Act," whereby anyone may acquire 320 acres as a homestead. The qualifications under this act are the same as under the old homestead law, about the only difference being the amount of land one may acquire being 320 acres instead of 160 acres and the required cultivation being one eighth of the land in the entire entry beginning with the second year and one fourth beginning with the third year, the same to be continuously cultivated until the proof is made. One is allowed to commute an entry under this act. Otherwise the law is about the same as the General Homestead Law.
