COURT HOUSE IMPROVEMENT

Have you noticed how the new Court House grounds are being improved and take definite shape during the last week? The old frame store house was bought by Mr. C. U. Solder and has been torn down and carted away and now men and teams are now at work grading the grounds preparatory to putting in the lawn. Mr. Graves has done some excellent work on the cement sidewalks and they are about completed. We should be proud of our Court House for you will not find a better one in the west.

The Harney Times of the 10th inst. says: Wm. Haaley has just rounded up and started a band of 1,500 young heifers to the Klamath country. He had taken a contract to deliver a number of young cows within a certain period and while it took some hustling, he made good and started the finest bunch of young stuff ever gotten together in this Eastern Oregon section. It is seldom that one may find that number of young heifers in one bunch anywhere.

A chap came in the other day and said he wanted to buy a newspaper in some good live town, as his health was not good and he wanted something where he could make a living without work. Words failed us for once to express our ideas in the matter, but a friend told him he thought "bottoming chairs" was the job to suit him and that jading from what he had noticed about the Examiner he was firmly convinced that it was the hardest graft in town. The incident, or would be journalist went out with an air of injured innocence.

Was Badly Hurt

The accident that befell Mr. A. M. Smith, of New Pine Creek, was much more serious than first reported. It seems while he was off the mower, the team became frightened and started to run. He grabbed the lines but could not stop the horses. He was thrown to the ground and dragged some yards. The machine passed over him, making a compound fracture of one of his legs, broke three ribs, and made many cuts and bruises on his body. It is a wonder that he was not killed outright.

Dr. Hall was summoned and notwithstanding Mr. Smith's serious injuries he will fully recover in time.

The many friends of Mr. Smith throughout the county will regret to learn of the accident, but earnestly hope for his early recovery from his injuries.

Lawn Party

Mrs. C. E. Sherlock gave a lawn party at her home Saturday to about forty of her friends. Five tables of what were in play under the trees. For those who did not participate in the card game, the hostess had prepared a flower guessing contest. The color scheme was yellow and white. The predominating flower being the California poppy.

At five a dainty luncheon was served at a large table on the lawn. The place cards were California poppies done in water colors. Those who assisted were: Mesdames Norin, Miller, Thornton, Bateholder, Snelling, Boyd and Miss Laura Snelling. Little Mary Newell acted as usher. Miss Mamie Boyd, of Klamath Falls, gave several readings, which were enjoyed by every one present.

Among the invited guests were the following: Mesdames E. H. Clark, C. Umbach, J. N. Watson, G. D. Harrow, Beat, Brattain, C. C. Snider, Thompson, McKendree, Powell, Rinehart, Roy, Shirk, W. H. Birk, Snelling, Faulkner, Ryan, L. B. Senger, C. R. Senger, Martin, Auten, Benning, Hall, Johnson, Corey, Newell, Thomas, and Nelson and Misses Linton, Rice, Sulzer, and Tommingsen.

ARTHUR W. ORTON, Register

Prosperity in Northwest

Exceptional prosperity for the Northwest this year is predicted by W. W. Broughton, traffic manager of the Great Northern Railway, as the result of a bumper wheat crop. Mr. Broughton studies wheat carefully each year, and this time he observes that the farmers are going to make a big killing. Speaking of the situation, Mr. Broughton says: "I have come across the country slowly for the express purpose of getting out among the producers and wheat dealers to ascertain crop conditions. Not for many years has the vast stretch of country from Minnesota to the Sound been so prolific with its wheat. The crop in Washington state is especially good and heavy. I have crossed the country many times but never did I see a people so happy and contented with their lot as the farmers in the region tapped by the Great Northern and its branches. Railways keep just as good account of the crops as the bankers and grain dealers. We also know what is doing in district other than our own. So it seems reasonable to say, that with good crops from Minnesota to salt water, from the Platte to the Saskatchewan in Canada, the entire West will enjoy remarkable prosperity this year. I look for the greatest travel the West has ever seen in the middle of July and September.

Our farmers, fruitmen and stockmen when in town will greatly oblige us if they will drop in the Examiner office and tell us of their experience this year. It is the information our thousands of eastern readers desire, and will mean not only much to them, but an increased immigration will benefit every one now here, whether property owners or not. If you can't come write us what has been your success this year in any line.
