## INTERESTING TO CONTACT HOLDERS

### A Way Opened for Each One to Secure What He Wants

The paramount question among contract holders in the Oregon Valley Land Co. land, now that distribution is drawing near, is what they will do with their land.

Some, of course, will be satisfied with their allotments and will at once begin residence thereon. Varied taste will largely enter into the question. Some who get irrigated tracts may desire larger holdings for grazing purposes, and vice versa. Others may desire to retain their allotments, but may not be in a position to improve or develop them.

In view of all these conditions confronting them, many who have a personal acquaintance with C. O. Miesner, of Lakeview, have appealed to him to help them out in the matter. Mr. Miesner has probably the best knowledge of every portion of the military road grant from personal inspection of every part of it, not excepting the company officials, besides being a land man of wide and varied experience with personal connections of the best, and if a sufficient number write or apply to him, he will undertake to exchange, combine or improve the holdings in such a way that satisfaction will come to all.

The gentleman has the best of references, and all who place their affairs in his hands may be guaranteed of the best that can be possibly done in the matter.

See him, or write him, and present your case, and it will have prompt and faithful attention.

## Sage-Brush Harney Farms All Right

What is true of Harney county, applies equally well to Lake county, per the following from the Burns Times: The man with a good sage brush farm in Harney county is much better off than lots of people even though he is out of from markets and endures more or less hardships. ## Methodist Sunday School Has a Picnic

The children of the Methodist Sunday School had a gala time last Friday picnicing in Hilliard's canyon. They played games, waded in the brook, and said for some they had all the ice cream they could eat. Miss Elinor Lincoln entertained them. Mesdames Marcell, Cronimiller, Turner, Russell, and Mrs. Eon Miller and others had them in charge. Only one thing happened to mar the pleasure of the day and that was little Melvina Godfrey fell out of a wagon, as she was about to return home, and broke her arm. The little lady had her arm set and is now doing as nicely as possible under the circumstances.

SCHOOL LAND ASSIGNMENTS

We have in this district where we are locating several hundred acres of good level valley land that is subject to entry under the "Enlarged Homestead Act," whereby anyone may acquire 320 acres as a homestead. The qualifications under this act are the same as under the old homestead law, about the only difference being the amount of land one may acquire being 320 acres instead of 160 acres and the required cultivation being one eighth of the land in the entire entry beginning with the second year and one fourth beginning with the third year, the same to be continuously cultivated until the proof is made. One is allowed to commute an entry under this act. Otherwise the law is about the same as the General Homestead Law.

Write us for particulars.
