Big Wrestling Match to Be Pulled Off Sunday

Lined up now is a long march on schedule. Tickets will be sold 10 cents each at the office of the Lakeview and Lake of the Woods Hotel, and Sept. 1st at the Studio Opera House at the door. Doors open at 2 o'clock between 500 & 1,000 men of all ages. Both are good men, and the contest will prove as exciting as Falls. The purse is for \$200, or \$100 extra.

CRAVENS

JEPSON

The Examiner publishes portraits above of the wrestlers, which shows both to be good men and both in the

peak of condition. In view of this it is extremely difficult to pick the winner.

PLAYING TO GOOD HOUSES

The Iles Comedy and Dramatic Co. now billing an indefinite engagement at the Studio Opera House, were given warm reception in their arrival Sunday, and, devoting to good and pleasant numbers, which will and should be appreciated by the taste of strangers due here the next few days.

It is not necessary to mention this splendid company especially to Lakeview people, all of whom know their merits, but to strangers we will say that if they have not seen the versatile actress, Margaret Iles, whose charming personality moves one to smiles, or tears as she wills, the splendid comedian, E. H. Mendes, who is fine in every character; the boyish Eddie Mitchell, who is particularly fine in intense dramatic action, or Joe Thompson, who acts as though born to all his parts; or Mrs. Hayes, whose clever roles in parts depicting the middle aged or old woman are always good, or the younger people Misses Hammond, and Bobbin and Little Jim and Moses, Haley and El-Hot, they will miss a treat only to be found in the larger cities of the land.

The plays to be given each night will be announced by bills and from the stage.

Don't fail to see this company of real artists.

PLANT AN ORCHARD

This location is just as good for raising apples and pears as Medford, and we urge our land owners to begin at once to set out trees. The fall is the time to plant trees. Just read this below in regard to Medford.

Upon 22 acres planted to pear trees 415 boxes of fruit were taken and sold for \$8881 on board the cars. Forty acres of meats paid for years over \$20000 were net to the owners. The average yield of both pears and apples \$600 per acre.

The Pacific Monthly for September our table, and is an unusually good number. The illustrations are more than up to the mark, while the reading matter is diversified and up to date. "Two more Stars for Old Glory" and "Defense of Japanese Rule in Korea," are truly, and well worth reading.

ANOTHER COLONY

The Alturas Plaindealer of the 27inst., gives this report, which means that there is another colonization deal similar to that of the O. V. L. Co. at Lakeview.

It is reported that Gec. H. Bayley has closed a bargain with the Salt Lake parties for the Corporation ranch. The papers, we understand, will be signed this week. The price agreed upon was \$100,000 for the ranch, Mr. Bayley, however, reserving a certain tract for his home. The land will be cut into small tracts and sold to settlers. We are glad to know that Mr. Bayley has reserved a home and will remain a citizen of Modoc county a country he has contributed so much to develop and make what it is today.

RAILROAD MEN COMING

The Alturas Plaindealer has gotten onto this fact: It is reported that Chauncy Fee, one of the incorporators of the Goose Lake Southern and General Traffic Manager for the Southern Pacific will shortly make a visit to this section. He will be accompanied by twenty capitalists and will come by way of Klamath Falls to Lakeview, returning by way of Alturas. There can be no question but that this and others are forcing the hand of the Southern Pacific and that it will result in rail roads in this country.

The price of wheat here now is an interesting topic, says the Cedarwood Record. We understand that \$1.20 has been offered, but how much, if any, has been sold at the price we do not know. The rate, however, will soon be set, as threshing, will commence in a few days.

NEW FREIGHT RATES

The Reno Gazette gives out the welcome news that on and after September 15th, rates on all lines controlled by the N. C. O. Ry. will be reduced 20 per cent. Mr. Crawford, Traffic Manager gives the Gazette the following rates of reduction to the different parts along the line: Present rate Reno to Alturas, 1st .78 cts.; 2nd, 70 cents; 3rd 65 cents; 4th 57 cents; 5th, 50 cents per hundred. Same rate as it will be reduced 1st, 57 cents; 2nd, 51 cents; 3rd 48 cents 4th, 42 cents; 5th, 30 cents. Difference 1st, 25 cents; 2nd, 10 cents; 3rd, 17 cents; 4th, 16 cents; 5th 13 cents.

Don't forget your exhibit for the Goose Lake County Fair, Sept. 8.

AFTER A BIG SINNER

"Billy" Williams, the San Jose evangelist, is conducting a revival meeting in Lakeview, and is meeting with some success. "Billy" is evidently a brave man as well as an optimistic cuss, else he would never have tackled a proposition of such stupendous proportions as reclaiming the lost and wandering souls of Lakeview.

There can be no question but that

He separated the sheep from the goats here and now has gone to Alturas to tackle Col. Thomson.

The Examiner hopes "Billy" will get him.

Fine ripe tomatoes and water-melons are now in the market—warranted home grown.

The Alturas Plaindealer says "A couple of gentlemen, agents for the Western Pacific are making an automobile trip through Modoc and Lake counties this week. They are on pleasure and business. First to see the country, judge of its possibilities from a commercial standpoint of view, and to converse and become acquainted with our business men. They went from here to Lakeview. If they were there must have traveled incognito, as we have seen nothing as yet of the gentlemen."

WITH a rifle that is right every shot of targets shows an improved score. Without it you will never really enjoy the pride and exhilaration of progress, and easy progress. Above all, the trigger pull must be right. The Savage trigger pull is adjustable. The loading mechanism must be handy. The Savage is simplicity itself. The micrometer must be refined. The Savage registers the 1000ths of an inch vertically or laterally. In fact, every feature of the Savage Target Rifle can be adjusted and suited to the exact needs of each target shooter. Can you expect to improve your golf with the wrong club? Can you write as well with a fine pen if you like a stub better? That is what we mean by the "exact needs" of each target shooter. The Savage Rifle satisfies. Its accuracy is partly due to its special rifling and its beautiful balance.

Its loading device is the simplest ever put on a target rifle. Every time you drop in a cartridge, the opening of the "arm" ejects the old shell; closing the "arm" cocks the rifle. That's all there is to it. Chambered to shoot shotgun and rifle cartridges, 22 inch heavy barrel—bronzed, not blued. The arm weighs 4½ pounds or off hand shooting. Price, \$6.50.
