VACANCIES FOR FOREST RANGERS NOW AVAILABLE

Portland, Or., Aug. 27.—An examination to fill vacancies in the ranger force on all National Forests in District 6 will be held Oct. 25 and 26. From this examination it is expected that 75 appointments will be made on National Forests in this district.

The examination will be held at the headquarters of the National Forest in the District, at the following places: Ketchikan, Alaska, Eugene, Grants Pass, Heppner, John Day, Lakeview, Medford, Prineville, Portland, Roseburg, Sumpter, and Walla Walla, Oregon; and Bellingham, Colan, Leavenworth, Newport, Olympia, Otting, Republic, Seattle, and Walla Walla, Washington.

While the examination is along entirely practical lines and knowledge of field conditions rather than book learning is considered essential, the opportunities for those applicants with educational advantages are considerably increased. The rapid de-

velopment of the National Forest is making continually increasing demands upon those engaged in their management and men with ability to assume responsibility and serve in supervisory capacities are in demand. These responsible positions on National Forests are filled by promotion from lower grades, so that anyone entering as a ranger is eligible for promotion to any of the more responsible and higher places, including that of Forest Supervisor.

Only those men who are at least 21 years of age, not more than 40 of good character, temperment and in good physical condition, are eligible to take this examination. The salary paid to beginners is \$900 per year.

Applicants can secure information concerning the examination from the District Forester at Portland Oregon, Forest Supervisor of the United States Civil Service Commission, Washington D. C.

SILVER LAKE

Silver Lake Leader, 27 ult: Where included to U. S. Commissioner West for the following list of persons who filed on homesteads during the past week:

- Geo. Messenger, A. W. Long, M. W. Robinson, Carl Cunniff and A. B. Carlson, of Lakeview.
- John G. G. J. R. Greenfield, E. M. Wells, of Portland.
- Wm. A. Bazy, Emma O'Forest, Augusta O'Forest and T. H. Brady, of East Rock.
- E. J. Edwards and J. H. Dickson, of Silver Lake.
- Bernard Kerster and O. E. Gady, of Fremont.
- H. E. Beard, of Cliff.
- B. W. Aiken, of Astoria.

News from the north end of the county via the Silver Lake Leader:

Out crop line Dr. Adaline Kewney has a new McIntyre high wheeled auto. Hotel full of housekeepers.

Little child of Mr. McCreary a new corner, steel of whopping cough. County bridges and roads said to be in bad shape. Wild plums plentiful.

Gasoline launch running on Silver Lake. Young lady calls up West Cape and sings sweetly to him, without revealing her identity. West is wild, of course! Alex. Baxter and Mart Word did not like Canada. Baxter bought a farm in the Willamette valley, and Mart thinks Lake county is good enough for him. That is a good thing, and all the better when it comes from viewing other fields so green so far away. E. D. Lutz has a continuing son.

Klamath Falls has concluded it does not want, or rather could not get, the Lakeview Land Office. But the Silver Lake Leader exhibits a neighborly spirit, which is appreciated in the following:

Klamath falls is making a hard fight to get the land office removed from Lakeview to that place, and we feel they are asking too much when they ask this. While it is true Lakeview has never done anything for the northern end of Lake county that she could avoid, yet we feel that it would not only be an act of the grossest injustice not alone to Lakeview, but to the country embraced in the land district to have it removed from its present location. If the Lakeview people need assistance in their fight the people up this way we are sure will get in and help them in every way they can, if they will only make their wants known. Do not be the least backward or modest, gentlemen.

WENATCHEE APPLE CROP IS SHORT

The apple crop of Wenatchee valley will not exceed 75 to 70 per cent of 1905; needless to say, therefore, 25 per cent of last year. A great variation is noticeable in the same varieties in the same orchard; some trees loaded and others entirely bare, making it difficult to estimate the yield with accuracy. We will be short on the Jonathan and Ben Davis, not over 10 per cent of Jonathan and 20 per cent of Bens. Quality should be fine and average size large. Winesaps five and large but light yield. Season so far has been very favorable. Damage from codling moth very light. No apple, no scab, no fungus of any description yet visible. Apple shipping season opens about October 1. Bartlett pears will start about Aug. 20—Wenatchee Fruit Growers Association, E. T. Balch, sales manager.

Announcement

To those holding contracts with the Oregon Valley Land Co., we wish to announce that we are prepared to examine and report on your farm at prices lower than you can possibly do the work yourself.

Examinations will be made of each separate tract and the report will be sworn to and acknowledged before a Notary Public. By having such report you will be enabled to either buy, sell or exchange your tracts intelligently and owing to the difference in value of these tracts, we do not believe you can afford to dispose of yours or buy others until you have had reports on the same. Anticipating that a large number of people will want such reports and expecting to be able to work in almost every section in these holdings, we are able to make a price that you cannot possibly beat for this work. It will take us some time to finish our examinations of this land, and we are going to furnish reports in the same order in which the applications are received and filed, so it is important for you to make application at once, if you would be among the first to receive reports. Now don't fail to post yourself regarding these lands before buying or selling, for it may mean a loss to you. Our charges are reasonable and will be given on application. Write for application blank today. PACIFIC LAND CO., Office over Lakeview Pharmacy.

A Complete Record

We have made an entire transcript of all Records in Lake County, which, in any way, affect Real Property in the county. We have a complete Record of every Mortgage and transfer ever made in Lake County, and every Deed given.

Errors Found in Titles

In transcribing the records we have found numerous mortgages recorded in the Deed record, and not indexed; and many deeds are recorded in the Mortgage record and other books. Hundreds of mortgages and deeds are not indexed at all, and are most difficult to trace up from the records.

We have notations of all these Errors:

Others cannot find them. We have put hundreds of dollars hunting up these errors, and we can guarantee our work.
