

STRANGERS

coming to Lakeview are cordially invited to visit this store. We ask only that you look over our stock and let us explain to you our "one price" way of selling--the fair way--THE BIEBER WAY. Our salespeople are at your disposal to assist you in every way possible to make a proper selection.

OUR HOBBY: We insist that every transaction at our store must be satisfactory. We fully appreciate the fact that a satisfied customer is always a living, moving advertisement and a positive necessity to any growing business.

Our business is conducted on a STRICTLY CASH BASIS. We would be pleased to submit to you our prices when you call at our store. Our liberal "MONEY BACK" policy gives you every protection that our goods are rightly priced.

We give PREMIUM CROCKERY COUPON FREE with each 25c. purchase at retail. Ask for them.

CITY AND COUNTY BRIEFS

Elder S. H. Riley, Evangelist, of San Angelo, Texas, will preach in the M. E. Church Sunday both morning and evening. He is of the Pentecost-Power-Apostolic Faith.

W. J. Shotwell, a representative of the Western Pacific railroad has been quietly taking in the country in the Surprise and Golden Goose Lake valleys. The Examiner is exceedingly glad to see the railroad men so busy in these parts.

The Silver Lake Leader is a good booster its latest effort in that line is a statement that a colony of young ladies are to take up homesteads near Christmas Lake. Where the young ladies go, the young men follow; hence we look for rapid settlement in the north end of the county.

A car load of powder and other material of construction arrived at Alturas the other day. It looks as though Mr. Dunaway was going to get as busy as he promised with trains into Lakeview before snow flies.

Postmaster Miller has made considerable change in the box arrangement and mail handling facilities, but if the town continues to grow it is evident an enlarged lobby will soon become an absolute necessity.

W. A. Cook, a Big Valley farmer, of Lassen county, has placed a milking machine in his dairy, and pronounces it a success. It does the work of two men, milking two cows at once.

The Oregon Valley Land Co. have engaged Rice's Concert Band to play during the opening.

Mr. M. E. Rice Secretary of our Board of Trade is wild in his attempt to make 1000 blades of grass grow

where there was only one before. In other words he is trying hard to find sleeping accommodations for a multitude, where there is only room for a hundred or so. We don't know what we will do with the people. We can eat them, as the fellow said, but to sleep them, is a hard problem.

The Eagle Restaurant by Mrs. May Miller, a former resident of Lakeview was opened last week. It is located opposite Soiders Opera House, and is said to set a fine table.

In this state the bank deposits of both married and single women are regarded as their private property; and such deposits are not subject to the control of husbands or parents.

Joe Konitzka, of Reno is a new arrival, who has opened a tailor shop next door to the Colorado Hotel vacated by E. M. Carpenter the jeweler.

E. M. Carpenter has removed his jewelry shop to the front of the post office. It, of course, is the best location in town, and will doubtless help increase his trade.

The Cedaville Record reports that the apple crop in Surprise valley will be enormous this year. The apples, however, will probably be much smaller in size than usual, owing to the exceedingly large number of the trees.

Some wood-sellers, up in Portland got in the "cooler" for disposing of short cords of wood.

W. D. Duke, of Latrobe, Calif. representing Miller and Lux, S. F. is in town. He purchased the X. L. cattle of the Herford Land & Cattle Co. this week.

Maxwell and son sold this week to Farham Harris the residence on Main street, that has been occupied by Cobb Heukle and family.

Two murders and the perpetrators discovered made columns last week for the Reno papers. One was a detective R. J. Little, believed to be shadowing one of the fair divorce colonists, and the other was a squaw.

Bonanza Bulletin, 29 ult. O. T. Mc. Kendree arrived in the city this morning from his sheep ranch in Horsey Valley. During the past

three days he has sold 1000 head of sheep and now he says that he has no more sheep than a jack rabbit. He would not state the price he received but said that it was a good one.

Photographer Wendt of New Pine Creek returned yesterday from a trip to Paisley, where he had been taking pictures of hay making.

Klamath Falls wants to hold an Interstate Fair, taking in the southern counties of Oregon, and northern ones of California. It might be well for our exhibitors to "show them" that it is not all hot air about our agricultural products.

The Goose Lake Meat Co. have in place a patent modern ice chest of the latest approved design, and will soon have a patent meat cutter installed.

Born—Friday morning, Aug. 27th, to the wife of Chas. A. Faulkner, a daughter.

An Alturas man went to Montana to attend a land drawing, but the piece he got did not suit him, and so he returned to Modoc county. It will be hard to please one elsewhere who has seen the beauties and opportunities of either Lake Co. or Modoc over the line.

T. H. Cloud has purchased W. K. Ford's interest in "The Frost". He will enlarge the business and will endeavor to maintain his past reputation for having the best of everything in his line. Mr. and Mrs. Ford will return to their home in Prineville, but expect to spend the winter in Old Mexico with a view to permanently locating if ever; thing suits them in the Southern land.

E. J. Stone has taken some fine pictures of the new court house.

Born—In Lakeview, Thursday morning, Aug. 26, to the wife of Wm. Britton, of Davis Creek, a son.

The Southern Oregon Realty Co. has opened a free registration bureau at its office in the Uatch Block, next door to the Board of Trade rooms for holders of Oregon Valley Land contracts and all others who may visit Lakeview. This will enable visitors to learn what friends are here from their states, also their whereabouts in Lakeview. Don't forget to register.

The Examiner is informed that our wheat estimate is too high and that while some fields will probably approach a yield of 60 bushels, that the average will be about 30 bushels. Very well, that is good enough.

J. S. Bone, a student of the University of Nevada, living near Pyramid Lake, has demonstrated that Burbanks spineless cactus will grow there. It will grow at Pyramid lake they will grow in Lake County, and will add greatly to the fodder product of this section.

The Game Laws of Nevada forbid the killing of antelope. The entire year is a closed one for those beautiful little animals. It seems a pity to kill them anyhow, and a law of like character in Oregon would be a good thing.

The actual paid, sworn circulation of the Examiner is now 2300 copies each week.

It is the largest circulation of any weekly newspaper in Oregon, and the largest in any one of its size in the world. The newspaper directories will prove it.

This week we send out an edition of 4300.

Our dry spell was broken Tuesday by showers, and our electric lights were put out of commission that night by a stroke of lightning.

This office will swap thick wrapping paper, good to place beneath carpets, for clean cotton rags.

SERIOUS ACCIDENT

A serious accident happened to Mrs. Smith, now on a visit with her mother, Mrs. Walters. The lady had swept a lot of litter and placed it in the stove. As she applied a match an explosion occurred, blowing the flame into her face and eyes, with serious results. It was feared at first that sight of both eyes was gone, but later reports indicate that they are safe. It is believed that the litter contained a paper of powder, but how it got there is unaccountable. The lady is under the care of her brother-in-law, Dr. E. H. Smith.

FAREWELL RECEPTION

A farewell reception was tendered Rev. C. B. Rees Saturday evening at the Methodist church.

The evening was spent in songs, games and sociability. Rev. Rees has been with us but a short time, having come to fill the unexpired term of Rev. Parker, but in his short stay he has made many friends, who wish him God-speed in his chosen work.

The pulpit will be filled by a regular pastor the latter part of the present month. Next Sunday Rev. S. H. Riley of Texas will preach both morning and evening.

TENNIS TOURNAMENT

The tennis tournament of the Hoopers Club will begin Monday morning Sept. 5th, at prompt 9.30, with the following teams lined up.

Court 2—M. B. Rice & C. R. Senger vs. L. E. Senger & W. L. Drunkel.

Court 1—E. B. Easton & J. A. Sprague vs. R. J. Martin & C. L. Shirk.

Court 3—W. L. Thompson & G. W. Rice vs. S. A. Mushen & C. A. Faulkner.

A set of couples among the ladies has been arranged and this promises to be a very good match. No names have been handed the committee for the singles as yet, but it is hoped that there will be several entries by Sunday morning. Out of town visitors are cordially invited to attend.

ALTURAS GETTING GOOD

The Alturas Boarder throws out the following olive branch to the N. C. O. R. With the completion of the W. P., which will be about the first of October, it is hoped a better understanding between the N. C. O. and our business men will result. The former has always contended that they could not get lower rates because of the high rates charged by the Southern Pacific. But with the advent of the Western Pacific it is to be hoped that both roads will see that it is to their advantage, as well as ours, to help develop the country and make it what it should be, a profitable commercial factor in the management of both roads.

A. D. Hart, formerly of Minneapolis, but now of Kansas City, who is president of the Florida Fruit Lands Co., now opening a big tract of land in the Florida Everglades, was in town Monday. He talks big as he becomes a big man of his Florida proposition, but says that the Golden Goose Lake Valley suits him and that he could "be happy with either were the other dearer away". He will remain until after the O. V. L. Co. opening in order to see how big things are done.

The Alturas Republican, of the 27th ult., says: "W. D. Oden arrived here the first of the week to take charge of the freight and passenger vessel, the 'The Lake View.' It will be remembered that this vessel was launched on the lake a few days ago. Mr. Oden is a very pleasant man to meet, and we are satisfied he understands his business thoroughly. He has been a sailor all his life."

The Lakeview Development company are surveying new additions in their Lakeside orchard tracts. The price has been advanced to \$400, for each ten-acre tract, and the new terms are \$50 cash, and \$15 per month. And it is not at all likely that price and terms will be maintained, as they will go still higher. Those who bought first got the best bargain.

INDIANS TAKE NOTICE

All Indians visiting the fair to be held in Lakeview, Sept. 9, 1909 are hereby notified that there will be no free grub. When you come in July, have big time; but not now.

O. V. L. CONTRACT HOLDERS TAKE NOTICE

After September 9th., we will be prepared to sell, buy, exchange or report on your tracts secured from the Oregon Valley Land Co.

In reporting on these tracts we personally examine and furnish a sworn report on topography, soil, water, improvements, growth on land, estimated value, roads, general location,—in fact we furnish such information as will enable you to sell, buy or exchange your lands intelligently without having to go to the expense of looking them over personally.

Anticipating that out of the large number of purchasers of these lands, many will want reports on their tracts, we are making a very low rate for examination and report, our charges being less than you could possibly make personal examination for, even though you knew just where your tracts were located. Examinations and reports will be made in the order in which they are received so it is important that you make your application as soon as possible, in order to get an early report.

All reports will be acknowledged and sworn to before a Notary. Charges and terms given on application.
