Texas Land! Sold on Crop Payment Plan

Grows Rice, Sugar, Oranges, &c.

OUR PROPOSITION:

We will sell you an improved farm in the Gulf District of Texas, in Wharton County, and let you pay by giving us two-fifths of your crop each year until we have received the purchase price.

This company owns 25,000 acres of land. About 10,000 acres of it was in crop this year, and yielded 80 bushels to the acre. It contains over 50 sets of farm buildings. It is supplied with water for irrigation from the Colorado River by a pumping plant large enough to furnish water to the entire city of St. Louis.

This land is all a black loam soil. It is adapted to the growing of sugar cane, alfalfa, cotton, corn, oranges, figs and vegetables of all kinds. Any of these crops can be grown without irrigation and, equipped as it is with canals for irrigation and with an abundant water supply, it is particularly suited to the cultivation of the banner crop of this country, rice.

Our lands will be sold subject to selection with a guarantee of agent, which means that you will receive the best of the land, which includes CANE, APPLES, GRAPES, FIGS, ORANGES and GRAPE FRUIT.

The price of these lands thus equipped ranges from \$38.00 to \$30.00 per acre, according to location, improvements and quantity of land already in crop.

We require Cash Payment of \$100.00 per acre and \$10.00 more per acre in six months thereafter that you will have invested in your own land interest in working the land. You do not pay a note or mortgage for the balance, but merely agree to deliver us two-fifths of your crop each year until your payment, and the only payment you are required to make.

BY THIS PLAN

If you have a hard year you share your hardships and you will have no unpaid notes staring you in the face. If you have good years, as we know you will have, you pay for your own land.

You can change your own crop, except that we require at least 75 per cent of each crop to be rice, as we know it to be the most profitable.

LAKE COUNTY BOY STARTS OUT BAD

The Alturas Plaindealer says: Last spring a boy named Chester Drake ran away from his home near Silver Lake, Oregon. He worked for different parties in this county, but did not remain long at any one place. He finally landed in Alturas and fell into the hands of the Probation Officer. A good home was found for him with the family of Jas. Thomas, one of our most respected citizens. Books were provided and the boy, 15 years of age was started to school. He soon developed an unruly disposition and Prof. Henderson was compelled to administer punishment. He was very unruly, and his influence was bad. Under the circumstances two alternatives were presented—the reform school or return to his parents. The latter was decided on, and on Wednesday he was placed on the Lakeview stage and given a few dollars for expenses and started on his road back home. Before he left it was found that he had armed himself with a revolver and a knife. W. E. Rachford relieved him of these, as it was believed he was too young to start as an emulater of Jesse
