CITY AND COUNTY BRIEFS

The apple crop in these parts is immense and no market! Much of the red and yellow fruit will rot on the ground or become food for the ptarmigan. It is too bad, and a discouraging thing for our farmers, but is a condition that will be remedied upon the coming of the railroad.

The Modoc County papers have all taken a stand not to admit "business readers" among their local news items. The editor was never in a community before where it was the custom or permitted and after this date all such items will be placed in a column by themselves in the Examiner.

Cedarville Record, 13: Wm. Rhinehart, foreman of W. T. Cressler's Guano ranch, came in Monday after supplies. He brought in a sample as

to what could be grown out there a huge turnip and some potatoes, that would compare well with those raised anywhere.

The Burns News says a number of children in the city are sick with what is known as "Duke's disease," a sort of cross between the measles and scarlet fever. It is painful but not very dangerous.

The ladies of the Rebecca lodge will entertain their members with a Halloween party Friday night, Oct. 22nd.

Farmers need Lake County Land. The Ontario Optimist is right in saying: Affairs in Lakeview are looking up, with emphasis on the up. The recent land opening has brought in hundreds of settlers, and

the prospects now for a railroad is quite certain, the Oregon Trunk having announced its decision of building through Lakeview.

The Lakeview Development Co. closed a deal Friday for the J. C. Freeman place of 363 acres at the mouth of Lassen Creek, which will be immediately platted and added to their Lakeside orchard tracts.

B. F. Cloud is another booster for Lake county. He says that the man who neglects to buy land here now will miss it, as prices will go skyward, and one who sees the country now will not know it at the expiration of four or five years. That is a safe prophecy.

The Cedarville Record says: We received a box of peaches from Chas. String last week that were certainly the finest grown anywhere. They were of the early Crawford variety each almost as large as a tea cup and of the flavor. We have never seen larger or finer peaches grown anywhere, and they were grown on his ranch near Lake City.

The saw mill men are busy getting out a big supply of lumber, and they will need it between now and the time for starting up the mills next spring.

The Portland Labor Press says: In Lakeview the Oregon Valley Land Company has recently auctioned off over 30,000 acres of farming lands. Any purchaser finding his land unutilized or not capable of irrigation can exchange with the company. Fair dealing with actual settlers will attract labor and capital to this section, while any gouging will injure the sale.

The term "miner's inch" represents a varying quantity in different localities. The Institute of Mining and Metallurgy has recently

agreed that a "miner's inch" should be equivalent of a flow of 1.5 cu. ft. of water per minute. They advised the abandonment of the term and that the specific flow in water per minute, or per seconds in cubic feet or gallons be used.

It looks as though Geo. Ayres is about to make a success of his irrigation enterprise. The Bidwell Nugget says: C. H. Fenner, Managing engineer of the Surprise Valley Power and Irrigation Company arrived from Goldfield Saturday last. He and Mr. Ayres are engaged in surveying tunnel lines, lake contour etc.

The recent decision that no foreigners can range their stock on the government lands is causing a lot of them to take out their naturalization papers at this time of court.

City Marshall Tonningsen is building a house on the Drenkel Addition.

J. H. Owens, a stockman from Bly was in town Tuesday. He reports matters good out that way. Feed is good and stock brings a good price which makes the stockmen all feel happy.

MORE RAILROAD TALK.

The Alturas Plaindealer of the 13th inst has this interesting railroad news: A gentleman passed through Alturas last week who had traveled from Huntington, by way of Vale and Burns, stated that there were 700 men at work on the extension of the road from Vale towards Harney valley. If that is true, and we have no reason to doubt it, the Southern Pacific is going to push the road through from Huntington by way of Lakeview and Alturas to a connection at Vale as soon as possible. In fact, many predict that work will be pushed from both ends before the year is out.

DISTRICT COURT DOINGS

The district court now in session has not accomplished much up to the hour of going to press. The grand jury returned a verdict against Simon Juncos for threatening F. O. Bunting with a gun, and he was fined \$500 and costs by the court. The suit in equity, to determine water rights, of Thomas et al vs Thurston is taking considerable time in this court, and will require some days yet before reaching settlement. Our rainy spell has been succeeded by some more fine weather.

MAY TOO HIGH

The farmers at Merrill and Bonanza are holding their alfalfa at from \$7 to \$7.50 per ton. The cattle men consider this excessive, and will drive their stock elsewhere for feed. The result will be that the farmers will have their hay on hand. The farmers assert however that the stock men must buy, and pay the price as the high price for beef and mutton warrants such raise.

LAST TO BE DRIVEN

The "last spike" on the Western Pacific is expected to be driven on the Spanish Creek bridge, in Plumas county, on the 25th inst of this month and then the road will be connected through from Oakland to Salt Lake. Work has been delayed owing to inability to procure material to complete the road.

EXAMINERS APPOINTED

The County Court had an adjourned session Tuesday. Bids for the court house were audited. A special committee of G. R. Wardwell, Silver Lake; V. L. Snelling, of Lakeview and H. M. Fleming, of New Pine Creek, were appointed to go over all the accounts, and make a special report thereon.

HILL IS AFTER WESTERN PACIFIC

Wall Street reports indicate that the Hill interests are trying to secure control of Western Pacific and it is believed will be successful in the endeavor.

ARCADIA THEATRE CHANGE.

The Arcadia Theatre can now be attended at the Snyder Opera House. The consolidation is a good thing as Lakeview is hardly large enough for two moving picture shows.

Charles A. or "Bill" Walker, Is Sought by His Brother

Stockton Cal., Sept 29th 1909, Lake County Examiner, Lakeview, Oregon,

Dear Sir: About 26 years ago my brother, Charles A. Walker, in company with a young boy by the name of Harry Taylor, disappeared from his home, near Highland Springs, Lake Co., Calif, and has never been heard from since.

From information I have received lately, from a former resident of Lakeview, I am led to believe that he has lived a good many years in the vicinity of Lakeview, with a family of a Mr. "Bill" Berry, and was commonly known himself by the name of "Bill" Walker.

My informant assured me, however, he did not believe this to be his name, but only a nickname after the friend with whom he was living. From his description I believe him to be my long lost brother, whom I have searched for the past 25

THRESHING MACHINE BURNED

The threshing machine belonging to Thurston and Snyder, was burned near Davis Creek last Wednesday. The days work had just been completed and the machine left for the night. Soon after the flames were discovered where it had been left in the midst of house, barn and stacks. The engineer ran to pull the outfit away as steam was still up, when he fell and broke his shoulder. The fireman finally got the machine out into the field where it burned, but saved the engine, and building and grain. It is not known how the fire started. We have no statement of loss, or insurance.

GIVE US YOUR PRINTING

This office has put in \$2,000 worth of the latest type and machinery and carries \$1,000 worth of printers stock, so that there is no need of a dollar's worth of printing being sent for to outside points. We can do any work as good as can be gotten anywhere. Be patriotic and keep your money at home. Don't send away for anything you can get here. That is the way to build up a town.

Harney News, 6: A lady and her son entered town the other day, coming from California in their covered wagon. Undoubtedly they are desiring to locate on government land in this section. Even women venture to enter homestead and in spite of its great distance from a railroad.

DISSOLUTION NOTICE

Notice is hereby given that the partnership heretofore existing between J. T. Becraft and C. L. Becraft under firm name of James T. Becraft & son, of Vistillis, Oregon, was dissolved Sept. 25th 1909, by mutual consent. C. L. Becraft will collect all bills due above firm, and pay all indebtedness.

VEGETABLE MAN COMING

GOOD MORNING NEIGHBOR! I hope you have prospered this summer. I have had the experience of 25 years raising vegetables and fruit. Our onions are from the seed and they are keepers, sweet and large; also potatoes early and late, which are well ripened and mealy. Blue grained, such as you would wish when you set them on the table, and the finest pop corn. Tether has never been a groat. So please give us an order and oblige.

A. Stephenson, Cedarville.
The vegetables will be ready by the 1st of November, raised on the W. H. Mayfield Ranch.

years. I wrote to a party in Lakeview some time since and he wrote that he had not seen him for some years.

Would you kindly publish this letter in hopes that it might be the means of locating him, or his present address.

Any information as to the present address will be thankfully received.

Yours Truly,
WILL A. WALKER,
Box 187, R. F. D. No 1, Stockton, Calif.

DIED

This community was startled last Friday, the 15th inst, by the report of the sudden death of Mrs. Arthur on the West Side. She had been ailing for some time but was not considered in a serious condition.

The funeral services were held by Rev. Mr. Smith, of Lakeview, at the home of the deceased on Sunday morning under the auspices of the Women of Woodcraft, of which order she was a devoted member. The funeral was attended by all the neighbors on the West Side, and many from Lakeview, to pay their last respects to their sister and friend.

The lady was highly esteemed and her friends were numbered by her acquaintances. Her maiden name was Flora Belle Nickle. She was born Oct. 3rd 1808, at Paris, Douglas county, Illinois. She came to Goose Lake Valley in 1887, was married to Gilbert Arthur, Nov. 3, 1889 and has resided on the West Side ever since. They had just completed the finest house there, and were about to reap reward for their pioneer life, when she was called to the Great Beyond.

She leaves a husband, Gilbert Arthur, and four children, Roy, Jesse, Lester, and Opal, to mourn her loss and care. Besides those she also leaves her mother, Mrs. E. J. Nickle, of Lakeview and one sister, Mrs. Eva McCrary, of the West Side.
