CITY AND COUNTY BRIEFS

Bishop Paddock will preach in the Methodist Church Friday evening. In addition to also holding services Sunday morning, mentioned elsewhere in this issue.

Halloween being a stormy night, and very dark, the youngsters stayed in doors. Their pranks were of a very mild nature, much to the relief of the business man and housewife.

Subscriptions are now being given in and about Lakeview for a new Catholic Church. With the influx of new people in the spring it is believed by Father O'Malley that substantial progress will result.

The Klamath Herald is jubilant because the S. P. has filed plans in Lakeview U. S. Land office of its final surveying of the proposed Alturas and Natron line. That does not necessarily mean immediate construction, as the plats for the Goose Lake South-ern were filed two years ago.

The Albany Nursery Co. have just shipped in three wagon loads of choice fruit trees, which arrived Monday, for the Lakeside orchard tract. There will be a big acreage put out there next year to the most approved varieties of fruit.

It is reported that a good many beef cattle on a fat pasture in Honey Lake valley have died recently and stockmen are hunting other pasture for their cattle.

A new kind of crop rotation is reported by the Prineville Review in the case of Allen Kutzman, who has a forty of dry land near Bend. Mr. Kutzman last year sowed the forty to oats and they did not come up at all.

This spring he sowed it to wheat and this summer he has a crop of oats. He expects next year to have a crop of wheat.

J. C. Oliver took out a load of brick Monday to build a chimney on his house. He says West Side roads, since the Ambrose fire, are all going to build chimneys, so that they can carry insurance.

An important case for next term of court has been docketed, in which S. A. D. Porter and J. C. Porter have sued Geo. H. Small for malicious prosecution, alleging \$25,000 damage. It is a rebuke of the old Silver Lake case. Both parties are said to be wealthy stockmen, and it is likely the case will be fought to a finish, until all parties to it are dead.

The fruit evaporator at Colville is now reported to be running full time. The Examiner is credibly informed that an evaporator is to be erected at the new town of Lakeview next year, to take care of the fruit grown in this valley.

The Klamath Herald has a long article about Roy Butler, skipping out leaving many creditors. Roy has been in hard luck lately but if he gets on his feet he will "bake" fair.

Our first snow fell Friday, but it changed to rain on Saturday and continued until Monday. The rain seemed to be confined to this side of the valley. None fell at all in Warner Valley.

The news from the elections is to the effect that McCarthy was elected mayor of San Francisco, and Henry was defeated. That means the graft era is not yet ended there, and will not be unless the old time vigilantes resume sway something very likely to occur. In New York Gaynor was elected the following for the benefit of those who doubt the power of the press: "Owing to the overcrowded condition of our columns, a number of births and deaths were unavoidably postponed this week."

elect, another man whose record is unsavory. Such elections do not speak well for the intelligence or honesty of the average American voter, who seem to aid and encourage graft and extortion everywhere.

The mining men over from Gold Hill are inclined to think the surveyors in Warner Valley represent the Hill interests.

Two new game wardens have been appointed and the game is getting pretty thick. So do not get caught and into the woods without a license or you may get "Catched" yourself. The lowest fine in such cases is \$25 and the highest \$200 based probably on the fact whether you use a .22 or a Remington automatic rifle.

Court adjourned last Friday. A number of civil cases were continued, and several divorce granted.

The latest outside papers assert that Hill acknowledges his intention to enter San Francisco over the Western Pacific tracks, the latter road now being completed, the last section driven the 3d inst, but regular through trains will not be put on till Jan. 1st.

E. F. Swenson, a late arrival from Lindburg, Kansas, has opened a restaurant in the I. O. O. F. building. He only opened yesterday, but already has a good patronage.

Redding, Calif., Coos Bay and Rogue river section west of here had an earthquake last Friday night. Some damage was done to chimneys and walls, but no one was hurt though they all were frightened.

clipped the following for the benefit of those who doubt the power of the press: "Owing to the overcrowded condition of our columns, a number of births and deaths were unavoidably postponed this week."

J. H. Oliver, the mining man from Spokane, is in town. He is in credit in the Goldberg mines, and after inspecting the Butte, reports it to be in almost promising condition.

R. D. Joussemme in Wednesday from Mulkey Corral. He is now moving his sheep to winter range at Plush. The sheep have done well this year.

The County Court is in session.

L. C. B. Smith, supt of the Butte and Juniper mines at Goldberg was in town Tuesday.

Fred P. Cronmiller, wife and son Fred have returned from their outing at Klamath County.

YOUNG MEN'S S. S. CLASS

A young men's class has been organized in the Methodist Sunday School and is in charge of Prof. Burgess, a competent and up-to-date teacher.

It has been launched with a membership of eight promising youths of our little city and we are desirous of doubling that number.

Can we not enroll you as one of its members?

We will try to help and interest you. With this aim in view we extend a most cordial invitation to all young men of fourteen or over who are not affiliated with another church, to meet with us every Sunday morning at 10 o'clock.

Mrs. Geo. E. Morrill Supt.

CREAMERY MAN INVESTIGATES

A gentleman in Kansas is about to investigate the field for a first class creamery here, with a capacity to start of 500 pounds per day if that much cream can be secured. His representative has talked with the Board of Trade members who advise the gentleman to come out, as there is a good and growing field here for such an enterprise.

LADIES TAKE NOTICE

Owing to the fact that we are too much crowded for space to display our line of Ladies, Misses and Children's Coats, we have decided to discontinue that line of goods. We are offering for sale Biebers every one of the coats purchased by us this season. Coats from \$2 to \$10.

GIVE US YOUR PRINTING

This office has had in \$2,000 worth of the latest type and machinery and carries a full stock of printers' stock, so that there is no need of a dollar's worth of printing being sent for to outside points. We can do any work as good as you can get anywhere. Be particular and send your money at home. Don't send away for anything you can get here. That is the way to build up a town.

CITY ELECTION

The city election came off Tuesday. It was first believed that there would be no opposition to present incumbents but an election morning the friends of J. B. Auten brought him out against J. N. Watson for councilman, in which contest Mr. Auten came out two ahead. The ticket as elected is as follows: Mayor, Harry Bailey; Councilmen, V. L. Snelling, Dick J. Witcox, J. S. Lane, and J. B. Auten; Recorder W. B. Snider; Treasurer, A. Dieber.

As we go to press Watson is having a recount.

ONE LUCKY HUNTER

J. C. Oliver, his brother A. V. and his son Orson went hunting last week. J. C. staid in camp to wash up the dishes, and get ready to break camp, as they had met with no success. The other two took the big gun, and left J. C. with only a 25 calibre Stenese, rifle. While in camp a big blue buck came along, and J. C. got him. J. C. then broke camp, and drove to the appointed rendezvous. He had his deer dressed and hung up when the other two returned empty handed. They were much chagrined to observe his luck.

Bert Amphib, was over Monday from Astoria.

VEGETABLE MAN COMING

GOOD MORNING NEIGHBOR! I hope you have prospered this summer. I have had the experience of 25 years raising vegetables and fruit. Our onions are from the seed and they are keeper, sweet and large; also potatoes early and late, which are well raised and ready. Bug ground, such as you would wish when you get them in the field, and the barrel method. Times has never been a greater. So please give us an order and a trial.

A. Stephenson, Colville. I am respectfully, will be ready by the 1st of November, about on the W. H. Mayfield Ranch.

DIED

The remains of Miss Mary Higby, the young lady whose death is reported in the Plush items was brought here Monday for burial. The funeral took place Tuesday morning from the M. E. Church. The services were conducted by the Rev. G. J. Wentzell.

The pall bearers were: Bert Snyder, Kelton Gauthier, Walter Dyke, John Harvey, Fredrick, Elton Curry and Clay Pauland.

The remains were accompanied from Plush by her father and mother, Mr. and Mrs. O. W. Higby, Mrs. Mildard and daughter, August Hayden and John McAdillie.

Miss Higby was born in Troy, Kansas. She was reared in Lakeview, and leaves many friends to mourn her untimely death. It seems sad to see a young life thus cut short, but that is the way and the end of it.

CAPT. DICK DEAD

"Captain Dick" the chief of the Klamath Indians in this vicinity, who has been about town most of the time since the Fourth, died early Friday morning, at the Indian Camp on Walters addition. A subscription was taken up by the Indians, and he was given a decent burial, by interment in the Lakeview Cemetery. The Indians followed the remains to the grave with teams the same as white people. The coffin was covered with flowers. We did not learn what the services were at the cemetery. He was a good Indian, and used good English. He was probably about 50 years of age.

WILD CAT VS. DOCTOR

Dr. Boyd, Thos. Cloud and John Clark went hunting deer, Cloud was lucky enough to get one the first thing. The doctor didn't get anything. The doctor was hot-foot on the trail of a deer when he ran onto a bobcat that was as full of fight as a porcupine is of quills. He hit out for the doctor with the same hurry that the dentist does when he gets on an aching molar of a patient. That out meant business, and evidently thought that a new fat doctor would be as good a thing as that deer he was stalking when the doctor interfered with his plans for a delicious feast. The doctor thought differently and after some exciting dodging he let his gun in play and put a quill in that cat. Its hide will be tanned and will be seen on the floor of Dr. Boyd's office next ring.

AN EDUCATED INDIAN

Fort Bidwell sold Nuggett. Last Thursday a demonstration of educational attainment was made by the Indian who was fully educated when a young Indian came in the Nuggett office and asked to purchase a paper. Being press day we did not stop to question the young native but presented him with a paper and later hunted him up and found him to be well educated and a fine conversationalist being well posted, and more interested in the Government affairs than the average white man of his age.
