COUNTY NEWS

PLUSH

CUTTING SCRAPE.
Monday our town was shocked, to hear of a serious cutting scrape. Dick Mahoney was stabbed three times by Dan Jones. The cutting was over some trouble about an ark. The cutting took place in Murphy's saloon. After the cutting Mahoney threw a rock and Jones fired two shots one of which came near hitting Phil Lynch. Dr. Smith came to attend the wounded man.

Mr. Smith one of the homesteaders north of here, has sold his house and pump to W. Z. Moss and abandoned his claim.

Mr. Millard is building a house in North Plush. Mr. Grised is hauling lumber to build in South Plush.

Plush will soon have a blacksmith shop. A stranger is here to engage in that kind of trade as soon as a building can be erected.

Mrs. C. W. Dent has recovered from a severe case of grippe.

J. J. Van Kenlen spent a few days here last week. J. A. Morris has gone to run the store while Van is away.

Wm. Harvey and wife spent one night in town last week. They were returning from Harney county where Mr. Harvey had bought some horses and mules. He drove them to Surprise where he will feed until the market is right.

SOME WILD HOGS
While much is said about the hog raising industry, but few places can equal Warner Swamp. Harry Riggs brought one from the swamp that weighed 541 pounds, and hundreds

have been brought from there weighing 200 to three hundred pounds. And for such hogs without ever having been fed any grain or given any attention is remarkable. They grow to large size and become fat, on the hulla of the tide and flags and require but little grain to finish and flavor them for good meat.

Warner valley is also one of the best places to hunt—Mosses, Handley, Beckwith and Messner spent two days hunting near Jones crossing, and came back with the back loaded—29 swan, 7 geese and 60 duck. The Indians were hired to pick swan and ducks and everybody was given a fowl.

T. H. Crump and boys are doing development work on their mining claims.

Phil Lynch is here looking after his property.

Dave Jones and wife have taken charge of the culinary department of the Messner hotel.

John Walker spent a few days in Windy Hollow. He was moving the Verling house to the Jumbo.

Walter Dent took Dr. Smith back to Lakeview.

BEDARVILLE NEWS

The Cedarville Record of the 17th inst. reports some one giving the editor a lot of vegetables including a 15 pound beet; that eggs, lard, and bacon, are scarce through fault of the farmers; that the grand jury left work laid out so that "something will be doing" in the liquor line at court; that the electric service is out most of the time; that one stranger shot another in the leg; that John Brown and Phillip Trendt have leased for five years, the Evening Star and White Quartz claims in the Hoag district; that a flock of wild duck swooped down on A. E. Pearson and nearly scared him to death.

CHILDREN RAISE POULTRY

The school children, of Portland from 12 to 18 are taking up the work of raising poultry, in an enthusiastic manner. The Agricultural College has donated \$200 in prizes to stimulate and encourage the young folks in the endeavor to make the supply of poultry and eggs adequate to the demand. There is a field for similar endeavor in Lakeview. It bears cigarette smoking, leading and such pursuits, boys. Just try it!

WE SHOULD SEND EXHIBITS

J. F. Mayfield, of the Goose Lake Meat Co. while on his eastern trip visited the Electric Park, at Kansas City. While there an exhibition of the fruit and farm products of the states of the Middle West was being held.

He took particular pains to inspect the vast exhibit and declares, that in the way of fruit, vegetables or grains, there was nothing displayed that could approach similar products of this section either for size or excellence.

In view of the above it strikes the Examiner that our Board of Trade should take steps next year to get a display of our products and place them on exhibition at the Electric Park in Kansas City at the Dryland Congress, at Council Bluffs and other places where there is a large concourse of farmers.

Such action cannot help attracting home-seekers and the more people we succeed in getting here the greater the prosperity for all.

Victor Maxwell, of the real estate firm, of Maxwell and Son went to Davis Creek last week and sold the Frank Austin farm 320 acres to W. M. Graham, of Fort Morgan, Colorado.

At Paisley 1.20 inches of rain had fallen the last storm up to the 22d.

Walter Sherlock, of Alturas, is in town.

LAKEVIEW'S NEW LAW FIRM

Lakeview's new law firm, CONN and JOHNS, is located in their new office and ready for business. The firm occupies the offices in the Daily Building, formerly used by attorney Pasell, of this city, together with one of the offices recently used by Mr. Conn before the forming of the partnership. This gives them a beautiful three room suite, with main office, library and consultation room. The library is one of the finest in this section of the country, and the other rooms are completely furnished in every respect.

L. F. Conn is one of the leading citizens of this county, and a well known practitioner, having been located at Lakeview for the past sixteen years. His new partner, Mr. Claude M. Johns, is a young man recently from Portland, where he has been for the past two years a member of the legal department of the Oregon Railroad Navigation Co., under W. W. Cotton its general attorney.

WALTER'S Second Addition

Several hard-headed, common-sense reasons why **WALTER'S ADDITION** is right now, and is bound to be in the immediate future the most desirable city property, from both residential and commercial standpoints:

- 1st. **Physically the soil is good. Will make good lawns and gardens. The land lies on a gradual slope, insuring drainage for all time to come.**
- 2nd. **This addition is in reality not an addition to the town, as it lays in the center of the most populous district, just three short (200-ft.) blocks from the principal business street and commercial center.**
- 3rd. **We believe it is the first and only tract that was subdivided in conformity with adjacent property, all streets and alleys join and have the same names.**
- 4th. **All lots blocks and streets are made to conform as nearly as possible to that of surrounding property. Lots 50 x 150, 60 ft. streets, 16 ft. alleys, 6 ft. sidewalks and 6 ft. parking.**
- 5th. **Every lot when sold will be subject to restrictions, both as to value and character of improvements. A 25 ft. building line is likewise stipulated. Building restrictions are value insurance to the buyer, it guarantees the status of your property and assures you the better class of neighbors.**
- 6th. **A liberal discount is given for cash, and most lenient monthly payments can be arranged. The prices range from \$300 to \$100 each according to location. We will gladly show you the property, and furnish plats.**
